# SPRAYBERRY IS . . .

Is Sprayberry High School really the place to be? Most of the 2353 students enrolled would agree that Sprayberry possesses many highlights which are not found elsewhere. Sprayberry, compared to other schools in the county, state, and nation, rates favorably in many areas.

The "new" Sprayberry opened in 1973, and since then SHS students have participated in, and often won, region literary meets, state math tournaments, county academic bowls, and even local chess tournaments.

Since 1976, about thirty Governor's Honors Program students have been selected from Sprayberry, about eight of them this year. These figures rank SHS in the top ten schools in the state.

Nineteen eighty-one faculty consists of 111 teachers, many aides, and numerous personnel such as custodians and lunch staff. Administration, headed by Roger Russell with the aid of assistant principals Hal Cochran, Jay Dye, Jim Harrison, Charles Lee, and Judy Patterson, directed the school through the many crisis which are bound to beset a high school as large as Sprayberry.

Math, social studies, science, English, and home economics departments all attempt to increase learning enjoyment by teaching out-of-the-ordinary curriculum such as Bible in Literature, Marriage and Family Life, Meteorology, and Advanced Math Concepts.

Jackie Brumbelow's work with deaf students has been highly praised, and most hearing impaired students in the county (cont. on p. 5)

Facing Page: OUT-OF-THE-ORDINARY curriculum includes anatomy. Theresa Frassrand contemplates the human skeletal system.

Right: THE BAND OF GOLD took third national ranking in the Marching Bands Over American competition in Jacksonville, Florida. Senior Scott Darch was a contributing factor to the "Top Banana Band."

attend SHS to benefit from her teaching abilities.

Dedicated actors under Mike Moss' direction produced two major productions, the comedy *Harvey* and the drama *All My Sons*, and a few minor productions, such as "Feiffer's People," and participated in a mime troupe, the "Mossketeers," an item no other school in the state possesses.

Sprayberry's Student Government Association, sponsored by Diane Paty and Debbie Overstreet, is recognized nationally in *Student Advocate* as a superior SGA. This year's SGA collected more blood for the annual Red Cross Blood Drive than any other school in the state, and still organized the expected Winter Wingding and other events such as Homecoming Festival.

Sports is a dominating force at SHS. Sprayberry's wrestlers again astounded the state by taking first in Region and sixth in State.

Other sports such as football, soccer, baseball, volleyball, golf, track, and tennis captivated the fans' attention. The new SHS swim team had an impressive first year.

And the 1980 girls varsity basketball team was awesome. Dribbling all the way to Macon and shooting for the stars, this spirited bunch of girls finished third in the state.

Cobb County is growing almost as fast as any city in the nation, and is certainly an ideal place to be for having a good time. Almost every recreation imaginable is found in Cobb.

Whatever the activity students participate in, the 627 freshmen, 611 sophomores, 583 juniors, and 571 graduating seniors are each proof that Sprayberry IS the Place to Be.

FACING PAGE: SPRING FEVER and Sprayberry "senioritis" hit Tim Downey and Mike Watts on the football field. This year's graduating class contained about 571 members.

ABOVE: UNDERSTANDING comes to senior Lea Youngblood after long pondering of her lesson. Academically, Sprayberry is ranked one of the top schools in the county.

LEFT: CARE AND CONCERN are two qualities which make a friend a friend at SHS. Debbie Stephens shows these feelings on Homecoming evening.

TOP: WATCHING INTENTLY from the sidelines, Jeff Jedrzejak, Sid Townsend, and Jimmy Terrette focus on the Varsity Jacket footballers, who finished the season with a 5-5 record.

*SCHOOL LIFE at Sprayberry High gives all 2353 students the chance to be themselves. Unique events take place throughout the 1980-81 school year, from Homecoming Music Festival to Spring Fling, all giving students the chance to let loose and enjoy the high school years, whether it be the first or last.*

*This is the place for Sprayberrians to recognize events around them, from Election '80 to the vast growing community, which started directly across*

*Sandy Plains Road in Sprayberry Crossings. The students here at Sprayberry show a certain pride and style in how they spend their time and the way they present themselves. Some examples are the large number of students working at Richway, Food Giant, and McDonald's along with the various fashions worn by girls and boys, freshmen and seniors, clearly offering all ranges of students a chance to be themselves. Sprayberry is . . . the place to be.*

# "I'M A CRUISER"

Below: PARTY HARDY! Greg Powell, Don Kile, and Brad Camp are seen cruising through the familiar McDonald's parking lot with familiar McDonald's cups. Bottom: NEON LIGHTS and wholesome entertainment set the stage for the ever popular Bumpers Junction, a new pinball arcade in Sprayberry Crossing.

Bottom center: ANOTHER FAMILIAR STOP on weekends is the pinball arcade, Bumpers Junction. Brent Betteridge and Paul Niedjaco try their hand at [unclear].

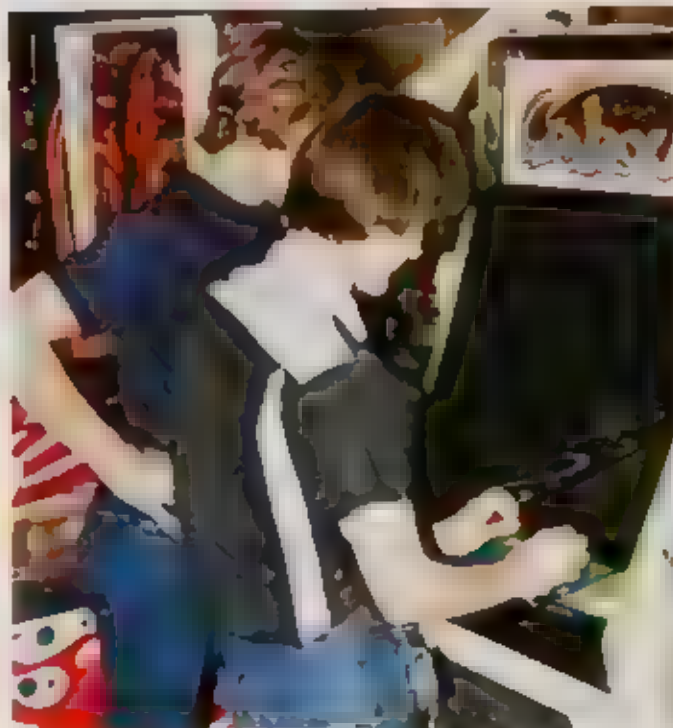

Bottom right: OFFICER ON DUTY helps out at rush at McDonald's, serving Missy O'Brian and Maria O'Brian. McDonald's seems the place to go for munchies.

Right: THE NEWEST HANGOUT on the Canton road strip is The Western Corral. Chuck Farni cruises through the corral parking lot looking for prospective chicks.

The ever popular song, "I'm a Cruiser" applies to so many Sprayberrians that it probably should be the school's theme song. When the seventh period bell rings on Friday afternoons, students jump from their seats ready for and looking ahead to a weekend behind Wheels. Whether they borrow the family wagon or drive their own set of wheels, students swarm up and down the two strips looking for fun.

Canton Road has always been a favorite of cruisers, offering more sights in one night than one can imagine. It has everything needed for cruising such as eating places, pizza parlors, movie houses, gas stations, a huge parking lot for parties and to hang out for a while, it even comes with its own set of neighborly policemen. Sandy Plains Road is coming to life as a cruising strip offering Bumpers Junction and Mauldine Pizza. It has policemen also.

Cruising is a favorite of all and will always be looked back on as the best part of Sprayberry's students' life. The various elements of night cruising such as running into friends, stopping for liquid refreshment, heading for parties, and keeping sharp eyes out for blue lights will always bring back thrills and chills behind the wheels of Sprayberry cruisers.

Top: THAT BRIGHT RED BUG is a common sight all over Cobb County. Junior Tim McGill is already a veteran cruiser. Julie Oudt pops in for a quick smile. Above: DESPITE RISING GAS PRICES, Sprayberrians continued to make cruising Canton Road the thing to do.

Far left: SNACKING AT MCDONALD'S is often the only thing to do if no one else is out, as Karen Meyers and Tim Anderson demonstrate.

Left: BEFORE CRUISING can begin, the vehicle must be filled with good ol' petrol. Jerry Givens gasses it up at Shallowford Superette before hitting the streets.

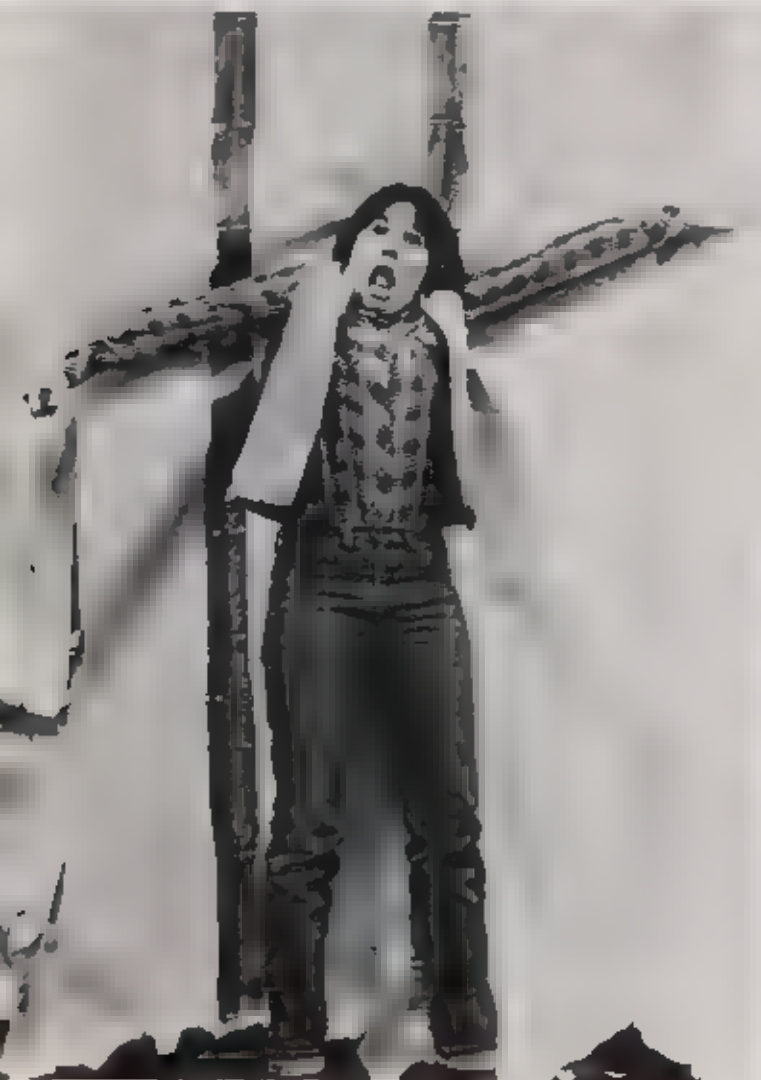

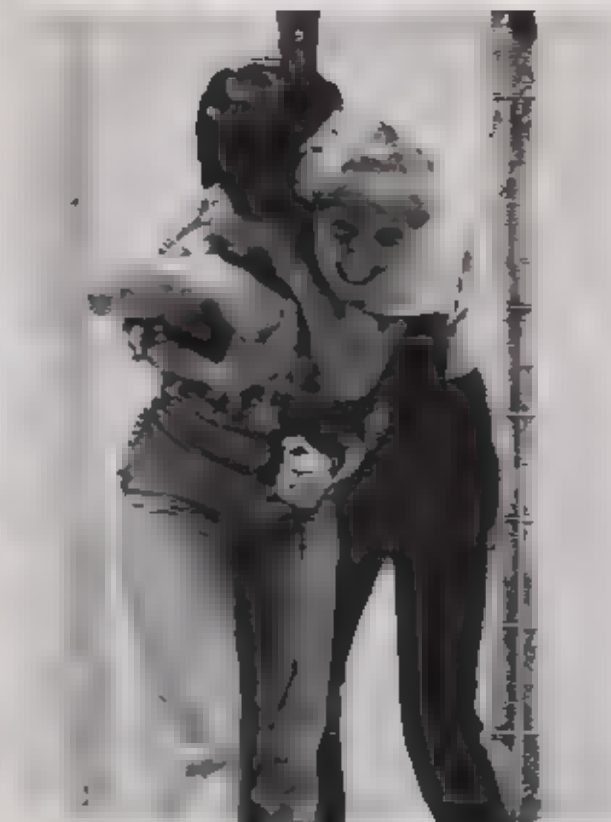

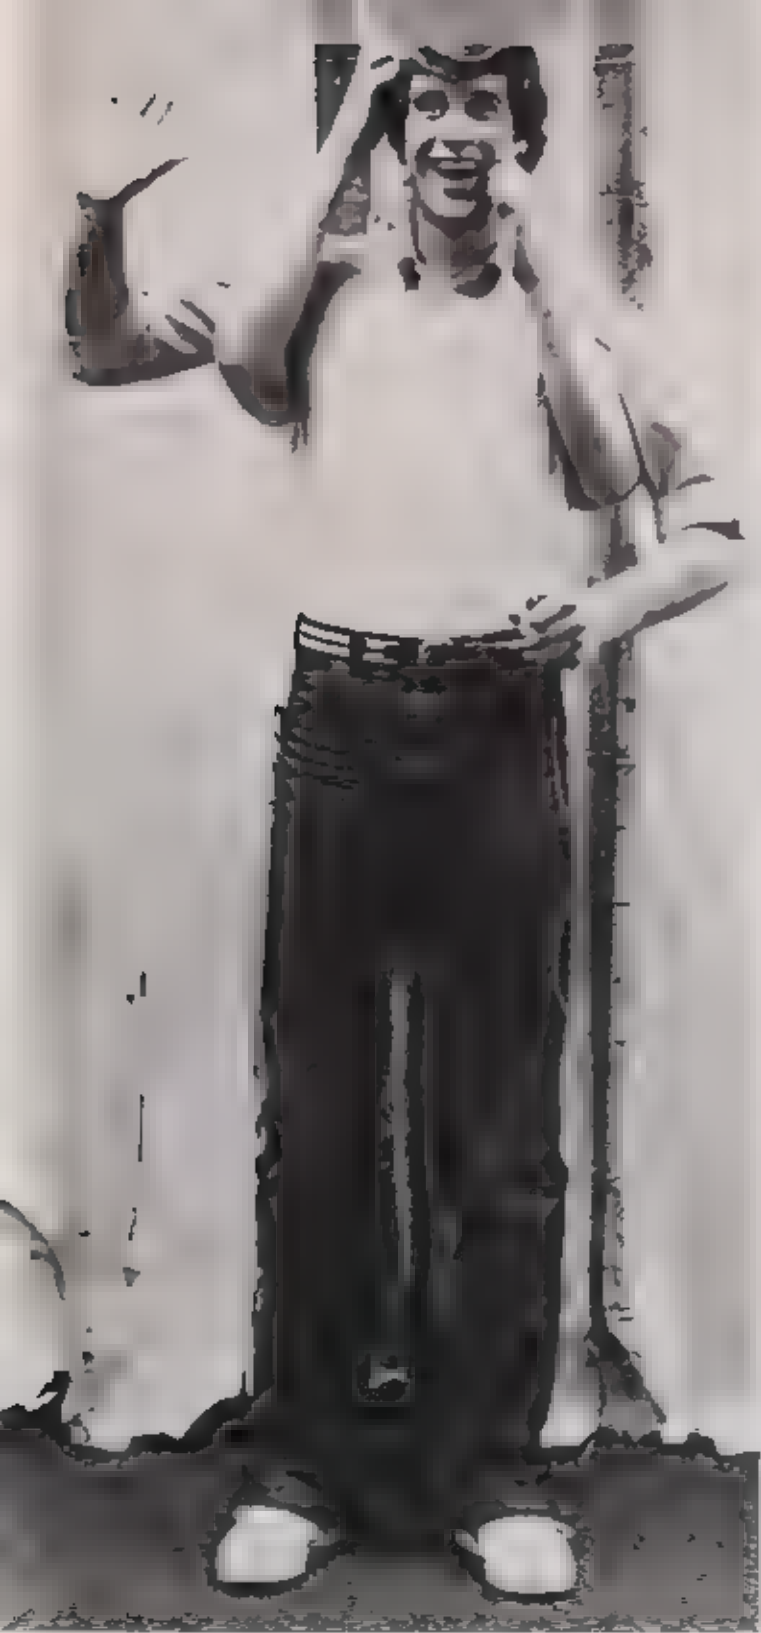

**YOURSELF SHOOT YOURSELF SHOOT YOURSELF SHOOT YOURSELF SHOOT YOURSELF SHOOT YOURSELF**

This year the students at Sprayberry were offered something they had never been offered before. On the twenty-seventh of February during the Winter Wingding, they were given the opportunity to take their picture themselves instead of an outside party shooting the picture. The purpose was to allow the subjects the freedom to really "show themselves." But this event was only the beginning. Again at Spring Fling, SHOOT YOURSELF was staged to give the students a chance to "wave good-bye" to the 1980-81 school year.

Not pictured are Lavonne Di Pietro and David Dickerson, Debbie Stephens and Daryl Mauldin, Donna Gober and Ronnie Myers.

Here at Sprayberry, the week before Homecoming every year is "Spirit Week", consisting of electing the Homecoming Court, an ice-cream social, and five different dress-up days, then ending with a bang at two Homecoming pep rallies Thursday night and Friday afternoon before the game. All of these activities are designed to boost spirit for the game Friday night.

The ice-cream social is planned by the student government for players, coaches, cheerleaders, and SGA members. This year all invited munched out Wednesday afternoon on an array of flavors and toppings provided by SGA members.

Another event planned by Sprayberry's top-ranked Student Government Association is the Thursday night Homecoming pep rally or Music Festival. Taking the place of the Homecoming Dance this year, the Festival consisted of performances by Sprayberry's number one Band of Gold and Jackettes, the Dixie Dolls cloggers starring Lisa Campbell, and of course, Chance Mountain Grass and Gary Harris singing for Father's Finest. A crowd of Sprayberrians turned out at the Festival in anticipation of the Varsity Homecoming game the next night.

Dress-up days were planned by SHS's Varsity Cheerleaders. Monday was "Little Kids Day" and Tuesday everyone dressed as tackily as possible. Wednesday was "Fifties Day" and on Thursday, the school's spirited showed up in overalls and straw hats for "Hillbilly Day".

Friday saw a majority of the student body clad in Jacket white, gold, and black for the afternoon pep rally, in which the Junior Varsity relieved the Varsity Cheerleaders of their duties. Also in the program were Doc Michel's dancing performance and cheers by a few of the elite Varsity footballers. The J.V. Cheerleaders inspired the crowd to a frenzied spirit as the big game loomed only a few hours away.

Lower right: A MAJOR FEATURE of Homecoming '80 was the rain, although sophomore Doris Olsen and escort Timmy Reinagle do not seem to mind a bit.

Homecoming festivities continued under the theme "This is It" at the game Friday night, despite the rainy weather, and although the fans in the stands had to make two or three charges for the shelter of the concession area. The Jackets on the field were losing to the Cherokee Warriors by a score of 10 to 7 at half-time.

Half-time saw the Homecoming representatives parading around the field and waving to the fans from their Corvettes. Then all the girls and their escorts were introduced and waited on the field as the announcer put forth, "The 1980 Homecoming Queen is Robyn Bennett."

The Jackets plodded through the mud to a surprise win, overcoming the Warriors by a score of 13 to 10 to perfect for the fans the Homecoming festivities.

## BREAD-WINNERS

A majority of the upperclassmen at Sprayberry have part-time jobs in addition to attending school. The type of job varies but most work for the same reason: Money. Students need money for cars, college, clothes, gas, and spending money. Most students put some money in the bank for future needs.

Many students are employed at fast food restaurants such as McDonald's and Wendy's, but others work at family style restaurants such as the Hungry Bull.

Another common employer is grocery stores and small shops. Grocery stores such as Food Giant and Kroger provide work for many students. Students at Sprayberry are also employed at drug stores and gift shops.

Another category of jobs that certainly deserves recognition is the type of job that may possibly lead to a future career. Many boys do construction work or work in stores owned by parents learning bookkeeping and other useful skills. Sprayberry girls have obtained jobs as typists which may lead to a future career in secretarial work.

Working is an important part of many students' lives and is a major opportunity to show responsibility and independence. It is a comfort to students to know that they have their own spending money and do not have to run to Mama everytime they need money. Though it is not always fun, most students will continue to work and enjoy the benefits.

# TO SANDY CASE IN

Since she arrived at Sprayberry in the fall of 1977, fresh off the campus of the University of Georgia, Sandy Case's dedication and teaching abilities have been an overwhelming asset to Sprayberry's English department and to the school as a whole. As sponsor of cheerleading, Student Government Association, and National Honor Society, and as English teacher extraordinaire, she has added sparkle to the learning of the students she contacts.

Somehow Miss Case is able to instill in her students a love and understanding of literature far above the ordinary. She does this by coming down to the students' level. For instance, she describes Robert Cohn in *The Sun Also Rises* by Ernest Hemingway (a god, to Miss Case) as a wimp; she allows her own passion for the works to shine through.

The senior class of 1981 has profited in various ways from her guidance and support. In a sense, Miss Case graduates with this class, as she was also a "freshman" in 1977.

The support lent by Miss Case in understanding the life seniors will meet in college has been a great help to many SHS students. She even wrote letters of recommendation for college and scholarship applications for some seniors.

By offering her dedication in many ways — spending more time correcting papers in order to insert helpful remarks, working after class with students on term paper topics, and just being there to answer questions — this remarkable lady has managed to enhance the lives of students she teaches by accepting the teacher's responsibility to influence.

So, in the undying words of Miss Case herself, "How 'Bout Them Dawgs!" And thanks, Miss Case, from the Class of '81.

Top: ALTHOUGH MISS CASE works a class almost to the breaking point, her students always admit when the quarter is over that they have learned a great deal. Tonya Duckett gets a little help on one of many composition assignments.

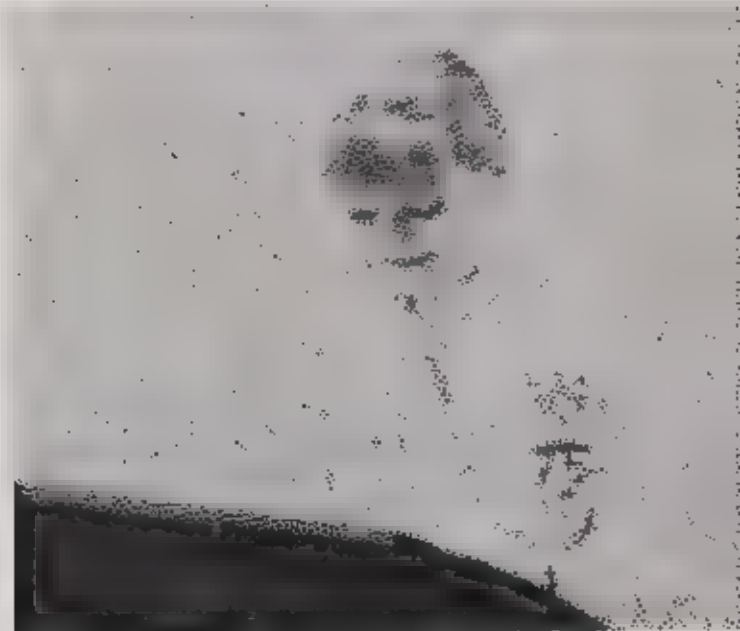

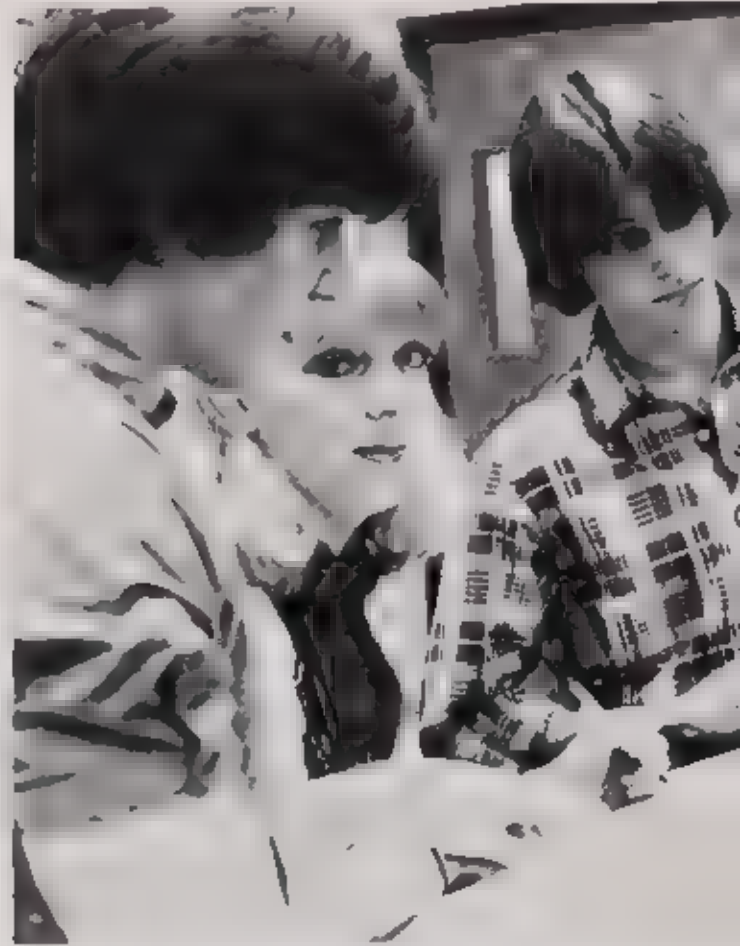

Right: DURING TEACHER WORKDAYS, Miss Case can be found plotting next quarter's lesson plans.

"They think they've got a lot to do, look at this. I have to grade them all!" she laments, indicating her overcrowded gradebook.

# TREND-SETTERS HIT THE FASHION SCENE

The 1980-81 fashion season was a trendy and widely varying one. There was an abundance of styles and colors exhibited. It was common to see the New York-Paris style around the school in the form of straight skirts and blazer-styled jackets. Another common sight around the Sprayberry campus was down-South redneck styled jeans, boots and cowboy hats. One of the newer fads was a rather short-lived one; that was Punk rock. For the short time that punk was around, styles such as purple pants, hair and shirts were worn with black slick pants.

Aside from the wide range of clothing styles, there was also a wide variance in hair styles. The classical French braid was probably the most unique hair-do to hit the scene. There were, of course the basic "wings" or "feathered" look. The curly looks were also roaming the halls of Sprayberry.

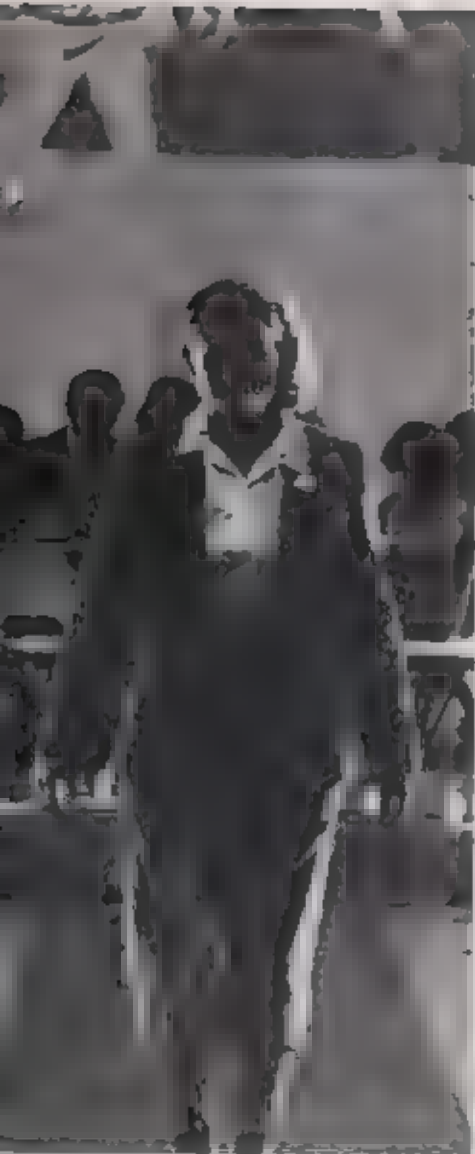

These were just a few of the many changes to hit the fashion-minded students at SHS. It seems that for the "New Styles", Sprayberry is certainly the place to be.

# QUEEN FOR A NIGHT

"The girl is queen for a night," says "Doc" Walt Michels of the winner of the Eleventh Annual Miss Echo Beauty Pageant held November 13; as for the eighty-four who did not win, "it gives them a chance to parade and to feel good about themselves."

That winner was sophomore Kellie Casey, one of eighty-five contestants who had to find sponsors, fill out information cards for their stroll down the walkway, and, hardest of all, select and buy two outfits before pageant time.

The beauties were rated by six judges on the basis of poise, originality of evening gowns and sportswear, charm, personality, and overall appearance.

# THE PLACE FOR EATING & LEAVING

Every day, students of Sprayberry hanging out with friends. As for the pass the school hours following their daily parking lot, not one person goes through routines without really taking notice of the day without coming or leaving two places on the campus that are through it. Being two of the largest and pertinent elements of their routines: the most active areas on campus, the parking lot and lunchroom are the place for advantage of the lunchroom, students everyday student habits. often use it for last minute cramming or

## NEW ADDITIONS

Cobb County is one of the most rapidly growing areas in the country. The changes now taking place will affect Sprayberry students and provide many opportunities for them.

One development was the completion of Richway. This store, located on the corner of Canton Road and Sandy Plains Road, provided many students with jobs and is also convenient as a discount store.

Another major addition is the construction of Lassiter High School, on Steinhauer and Shallowford Roads. Lassiter will help eliminate the over crowding at Sprayberry and Walton as students from these schools will comprise the new student body.

Lassiter's projected completion date is the fall of 1981. It will have a student capacity of 2,000 and will be the largest school in this area until the vocational wing addition at Sprayberry will put it ahead.

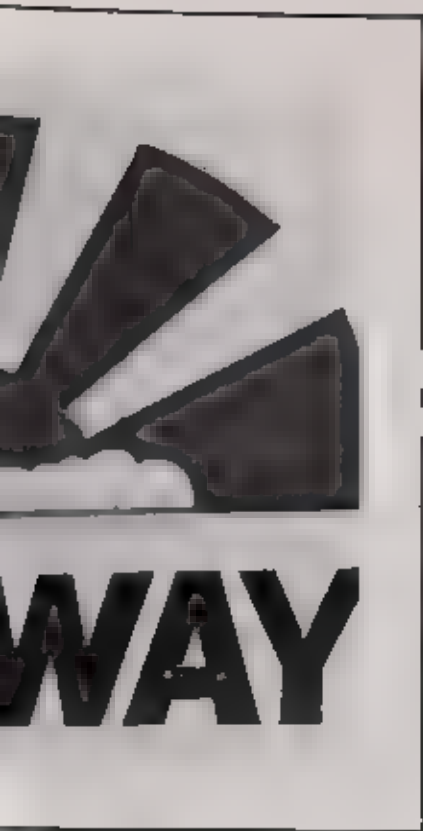

The vocational wing will have a great effect on Sprayberry. Much surveying and testing has been done and the administration is in high hopes of having the ground-breaking in the spring of 1981.

Although this new wing will not effect the juniors and seniors of this year, its tentative completion date will allow classes to begin in the 1982-1983 school year. These classes will play a big part in the futures of many students.

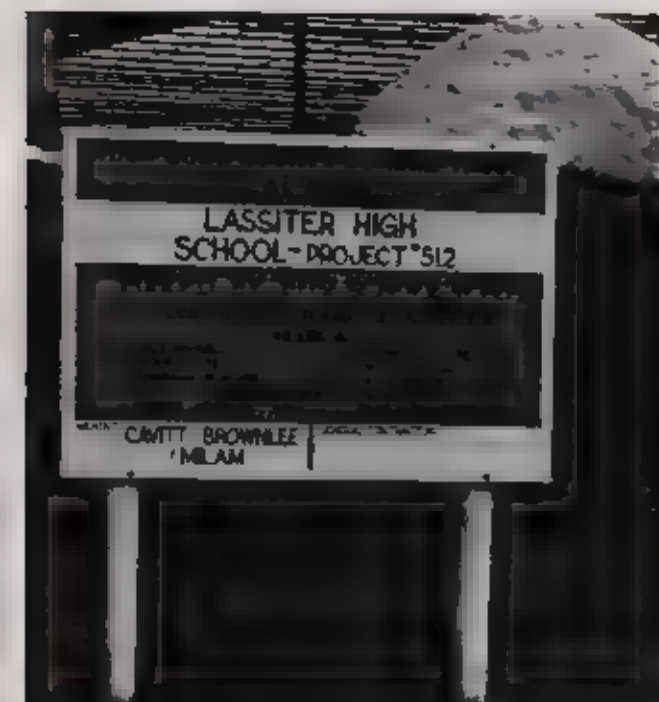

These changes in the community prove that Cobb County is preparing for the future and will provide many advantages that were not previously accessible.

REPORTSPECIALREPORTSPECIALREPORTSPECIALREPORTSPECIALREPORTSPECIALREPORTSPECIALREPORTSPECIALREPORTS

Top center: " RICHWAY DOESN'T LOOK like a discount store . . ." but when its doors first opened in August, the bargain prices were soon discovered by the many patrons in Sprayberry's community. As the largest of the new additions in the area, Richway employed many eager Sprayberrians.

They will be able to stay in their own pride-filled territory and take advantage of the new opportunities, illustrating just one more reason why Sprayberry is The Place To Be.

From the cheerleaders skits and the bands hair-raising drum cadences to Whitey Tucker's football poems and every detail in between, Sprayberry's pep rallies are each unique. One can feel the tension building from the moment he steps through the doors of school to hear that longed for phrase uttered: "We're on a pep rally schedule." It means each students class will be cut five minutes, and at 2:35 he will be able to join in and let loose at an intense Sprayberry pep rally.

Starting as a joint effort between the Varsity cheerleaders, the faculty and various other organizations, the pep rally's main goal is to fire-up the players and encourage jam-packed stadiums and gyms. This it does, as proved by the lingering, exhilarating spirit displayed by fans at the games . . .

The success of a pep rally depends upon a conglomeration of skits, cheers, chants and even an occasional surprise guest. Whatever the itinerary, the result is always the same - a gym full of vivacious spirit consisting of representatives from every class and organization.

## ELECTION 1980

The professional pollsters said it was going to be too close to call, but Sprayberry students picked the winners before the nation knew who was going to win.

Before the election, Sprayberry students picked George Lankford over George Bently for the County Commissioner seat, and for the House of Representatives Sprayberry chose Larry McDonald over Richard Castelluis by a landslide. Herman Talmadge was crushed by Mack Mattingly for U.S. Senate. Also in the Sprayberry poll, for presidential office, Independent candidate John Anderson and Libertarian Ed Clark tied with 5% of the vote. Sprayberry chose Ronald Reagan, over Jimmy Carter, with 49% of the vote.

Reagan won the national election coast to coast. After thousands of miles, millions of words, and millions of dollars, the campaign that newspapers across the country were still headlining "too close to call," turned out to be a landslide victory. Ronald Wilson Reagan had been elected the fortieth president of the United States of America.

# HONORS NIGHT

Honors night is designated to honor those students excelling in academics and school services at Sprayberry. Held on May 26 in the gym, all honored students and their parents were invited to attend. After the address by Bob Shaw, the program began. The honors are as follows:

**ACCELERATED LEARNING** - Beth Day, Jamie Hamilton

**SPECIAL PROGRAM** - Kenneth Reed, Randy Hewgley

**Below left** **FEEL MORE INDEPENDENT BECAUSE I SKATEBOARD** NOT MANY OTHER PEOPLE ARE INTO THIS SPORT remarks Keith Platt, an avid skateboarder often seen behind Sprayberry jumping home built ramps and practicing difficult stunts. When not spending up to three hours a day skateboarding in his neighborhood, Keith often heads down to the skateboard parks in South Atlanta where he admires all the really good professional guys. They give me something to reach for, says Keith, who hopes to someday to build a concrete bowl in his back yard just like the ones in the parks.

**Below middle** **THE MORE I DANCE THE MORE I SEE WHAT I HAVE TO ACCOMPLISH** states this devoted and awarded dancer of tango, jazz, and ballet. Gwyn Morgan has been into dance for more than a decade now ever since she was three and has been appropriately rewarded for all the time she put in. Gwyn has won four Regency Dance Titles, a 4-H State Contest, a Kiwanis Capers contest, and most recently she achieved the alternate position in dance for the Governor's Honors Program. She says ballet is fairly different compared to other activities and it is a lot of hard work. Stressing this fact she replies, If my

heart wasn't into it, I wouldn't devote so much of my time to dancing.

**Below right** **EVEN THOUGH I'M ACTIVE IN OTHER THINGS SINGING IS MOST IMPORTANT TO ME** remarks Bess Fenley, who spends about an hour and a half a day learning and practicing ways to better her talent. Besides taking chorus lessons here at Sprayberry, Bess trudges over to Kennesaw Junior College once every week to take lessons from Dr. Wayne Gibson, her teacher who also serves as a sort of influence to Bess, being her idol. All of her time and practice has paid off as she won first place in the South Eastern Champions Competition, second in the National Association of Teachers of Singing competition, second in the GMTA competition, and varied scholarships from several colleges. Bess sings classical music in five different languages and says she enjoys it. She concludes, My singing will help with my college tuition because of the scholarships and it also makes my Mom happy.

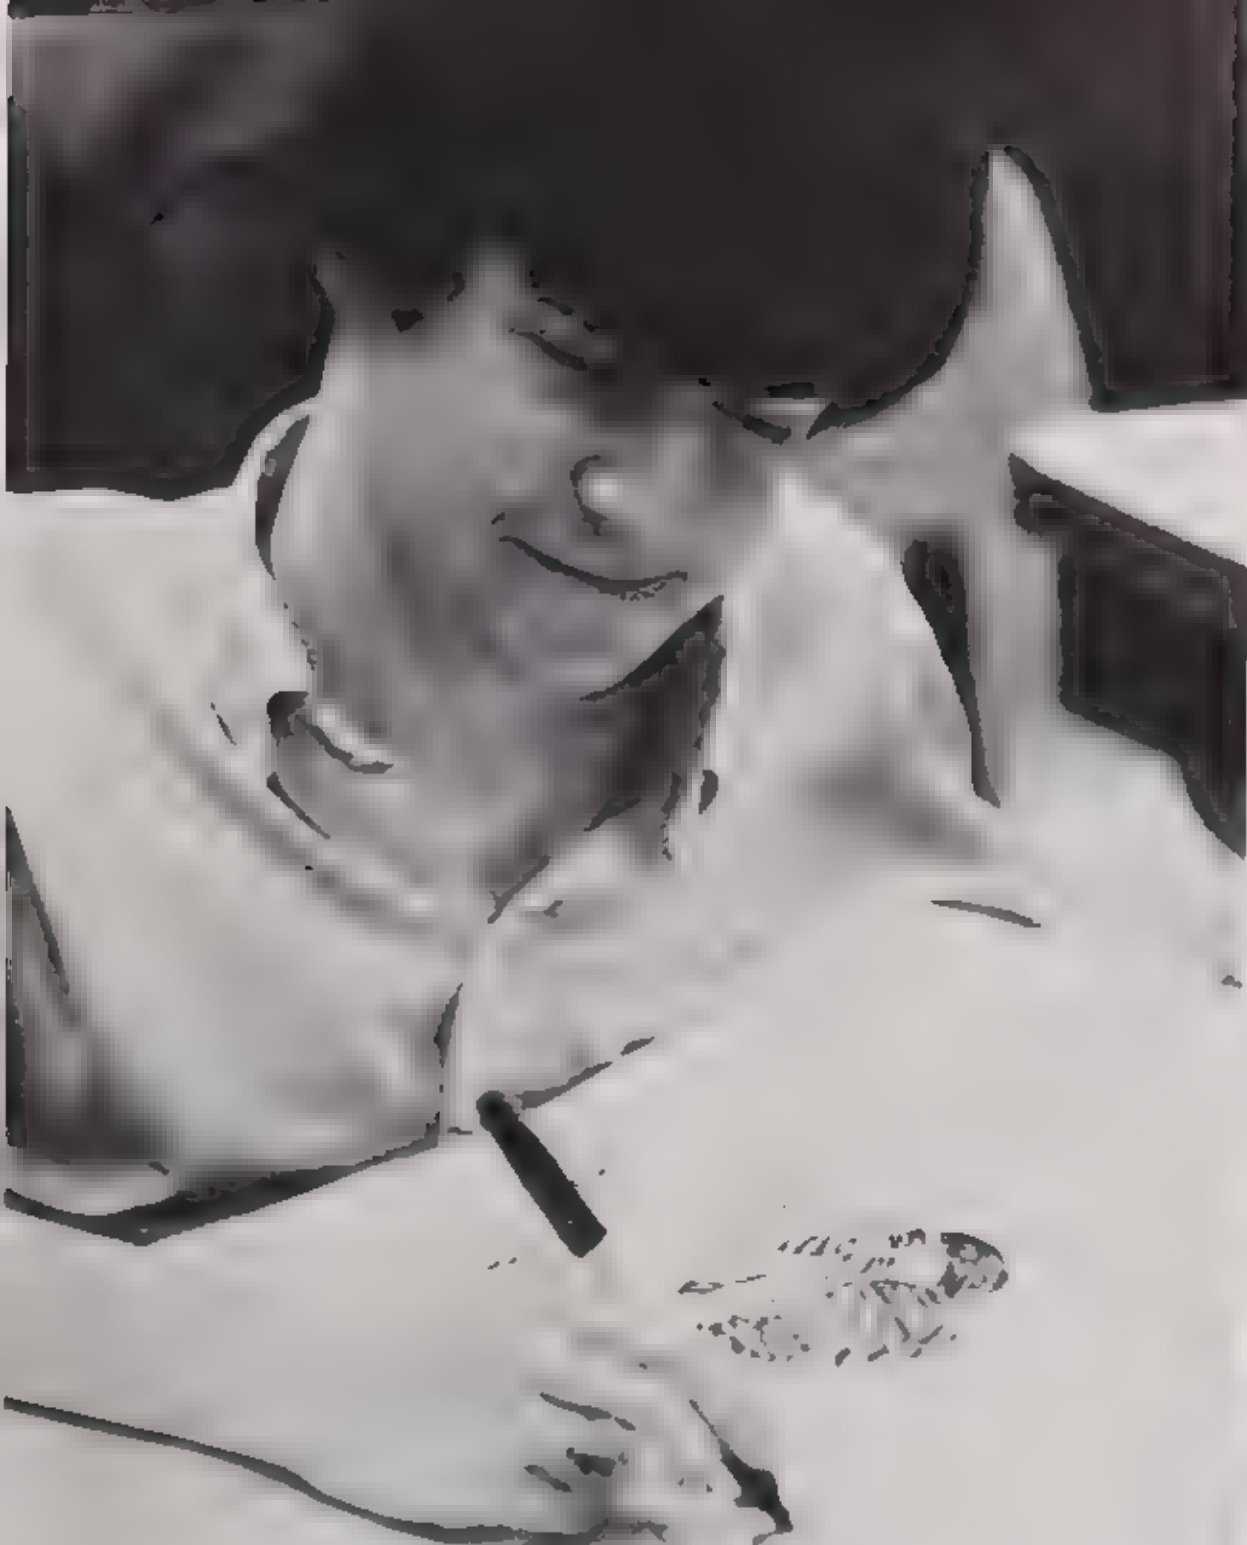

**Bottom left** **I COMPETE IN SPELLING MOSTLY FOR MY TEACHERS. I HOPE MY ABILITY TO SPELL WELL IS A REFLECTION OF THEM**, states the second best speller in the state of Georgia, Lyta Shadburn. Lyta has been competing in spelling bees since eighth grade when she won the school spelling bee at J.J. Daniell Middle School, and ever since then she has been racking up titles and awards from every competition she has been to. Last year Lyta placed third in state and confides that her ability mostly comes from reading and learning vocabulary.

Confirming her fondness of her teachers, Lyta states that her influences are Tom Dechman, Mardette Coleman, and Sandy Case. Lyta says that competing in spelling bees has helped her memory of how words are spelled and has also helped her in writing compositions. She really does not need to constantly turn pages of a dictionary. Lyta proudly states that she is glad to have such academic ability and feels it will reward her after graduation while studying in college.

**Bottom right** **BEING AN EAGLE SCOUT HELPS ME IN HAVING SELF-CONFIDENCE AND PRIDE IN MYSELF** replies Junior Jeff Moore, who has achieved the highest possible rank in scouting after six long years of skillful, tedious work. Jeff, like other fellow scouts, got started through his own personal ambition in wanting to become an Eagle Scout, they all put in long busy hours on projects and services needed to achieve this honored position. Brad Henson is another one of many Sprayberry boys who has earned the title Eagle Scout. Sitting with Jeff Moore, he attends their weekly scout meetings. Earning the title of Eagle Scout not only has brought both boys the recognition they deserve, but it will help them tremendously in the future when applying to colleges and seeking jobs, because most people realize and respect the self-discipline and determination it takes to achieve a high goal such as becoming an Eagle Scout.

Left. "I ENJOY DRAWING, MY WORK IS NOT DIFFERENT JUST BECAUSE I'M HANDICAPPED. IT'S CLOSE TO THE WORK OF OTHER STUDENTS," replies Paul Verpilot as he works on one of his sports illustrations, which is his specialty. Paul has been drawing since the fourth grade when his dad got him started, and now he hopes to become a commercial illustrator of sports as his profession, just like the famous sports artist Leroy Newman whom Paul sets his goals after because he likes the artist's style. The art teachers at Sprayberry speak of Paul as producing exceptional pen and watercolor illustrations of sports figures, and remark of the joy he brings to the art department.

Below left. "SWIMMING KEEPS ME IN GOOD SHAPE; I DO IT BECAUSE I LIKE TO COMPETE." This statement from sixteen year old Randy Marchman explains why he has won so many medals and set so many records during his nine year interest in swimming. Spending three and a half hours every day gracefully splashing through marked racing lanes, Randy compiles just what it takes for an athlete to win such honors as gold and silver medals in state competitions, three Cobb County records and one district record. Randy hopes and plans to receive a scholarship in the future: just one more trophy to put in his case.

Below. "MUSIC IS MY LIFE; I'M GOING TO GIVE IT THE BEST I CAN." This statement could be coming from any number of students belonging to the Band of Gold, but it was proudly stated by Sophomore Sheryl Exley. One of only two people chosen from Mr. Martin's band, Sheryl, along with Senior Bill Clarke, has been rewarded with a seat in the All State Band. Not only did Bill place first chair in the All State Band, but he also earned a position in the Cobb County Orchestra. These are not the only two exceptional members in the Band of Gold. Senior Bridgette Godwin (inset) received a position in the WSB Honor Band, rewarding her for all the hours of lessons and practice she put into mastering the sounds of the flute.

## Hostages Out Of Iran

 444 Days

## IN THE NEWS

"Who shot J.R.?" . . . "How 'bout them Dawgs!" . . . "Just like starting over" . . . "We have a lift-off" . . . All of these and more were headlines that were in the news this year.

The nation as well as many Sprayberry students were shocked when they heard the news of John Lennon's brutal murder. Once again, the radio stations played historic Beatles music to remember the former vocalist for the group.

A wave of euphoria swept through the state when the University of Georgia Bulldogs started to rise in the college football ratings. T-shirts, bumper stickers, and hats all proclaimed support for the number one team. The Bulldogs charged into the Sugar Bowl and emerged as the top team in the country.

Millions of Americans sighed a breath of relief and shed a tear of happiness when the fifty hostages were released. The hostages spent 444 days under the treats of Iranian militants following the religious revolution in Iran. Eight American servicemen gave their lives in attempt that failed to rescue the hostages. Also, the Canadian government risked their own people to secret six Americans out of Iran.

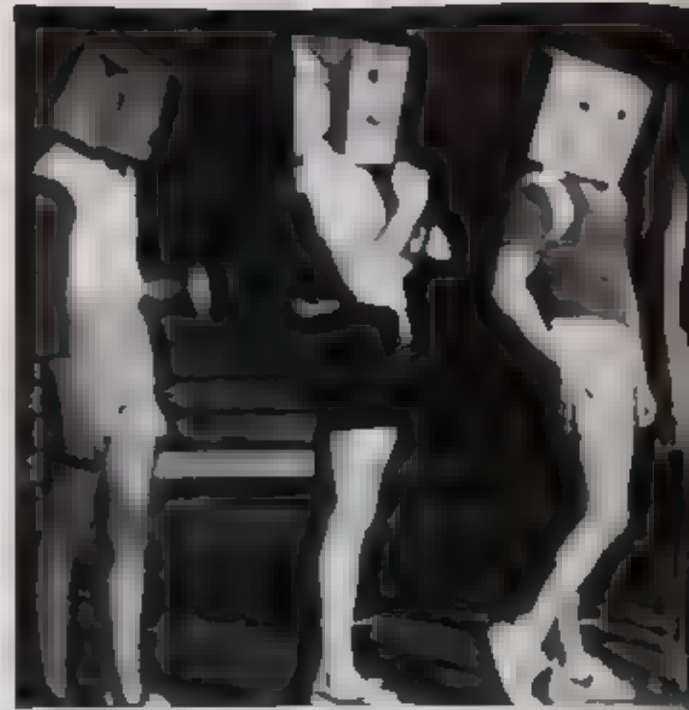

1981 saw two assassination attempts, one on newly-elected President Reagan and one on the Pope, and increased debate over handgun control. The nation witnessed the excitement of a soap opera mystery and watched with the world the launching of a new decade in space with the space shuttle "Columbia". The nation of Israel attacked an Iraqi nuclear facility for suspicion of nuclear weapons production. These were just a few of the headlines that topped the papers of this climactic year.

# TALENT SHOW & MR. LEGS

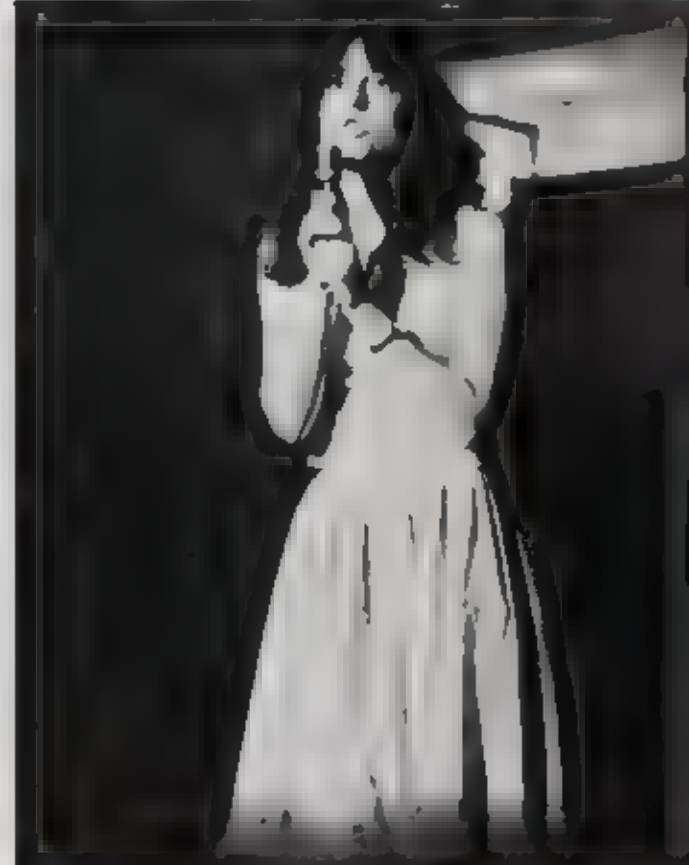

This year's talent show, sponsored by the sophomore class, was an enormous success. The Mr. Sprayberry Legs contest was combined with the entourage of acts to entertain the expectant audience. The students poured in to watch Phyllis DiPietro sing "Out Here On My Own" from the movie *Fame* and capture first place. A Christian routine sung by Nancy Gant won second place, and Steve Edison (with his following of screaming girls) took third as Elvis.

Mark Sarajain was named Mr. Sprayberry Legs, David Are took the prize for the ugliest legs, and of course, John Mercure won hairiest legs.

COMEDY ROUTINE for the evening was provided by Eddie Putz whose talent consisted of a newsroom monologue

Steve "Elvis" Edison captured third place by exciting his crowd to a frenzy. The screaming fans are led by Tamara Johansen

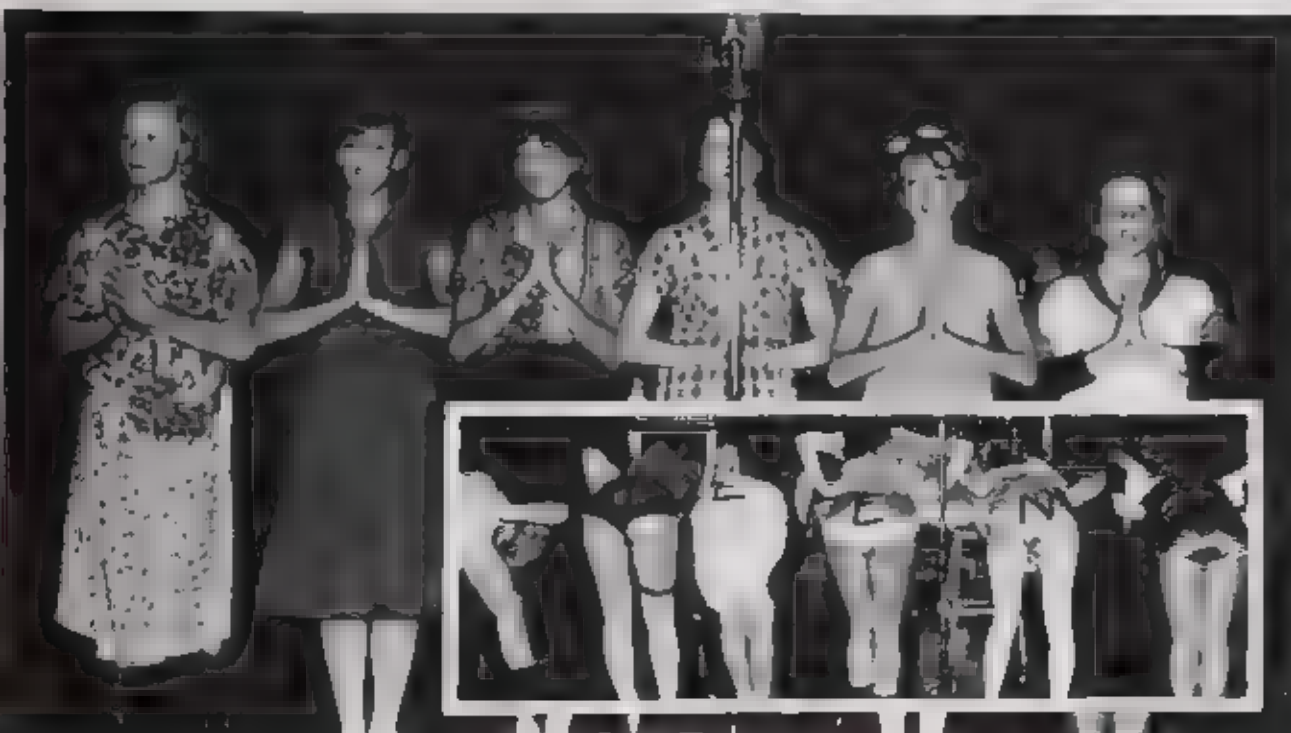

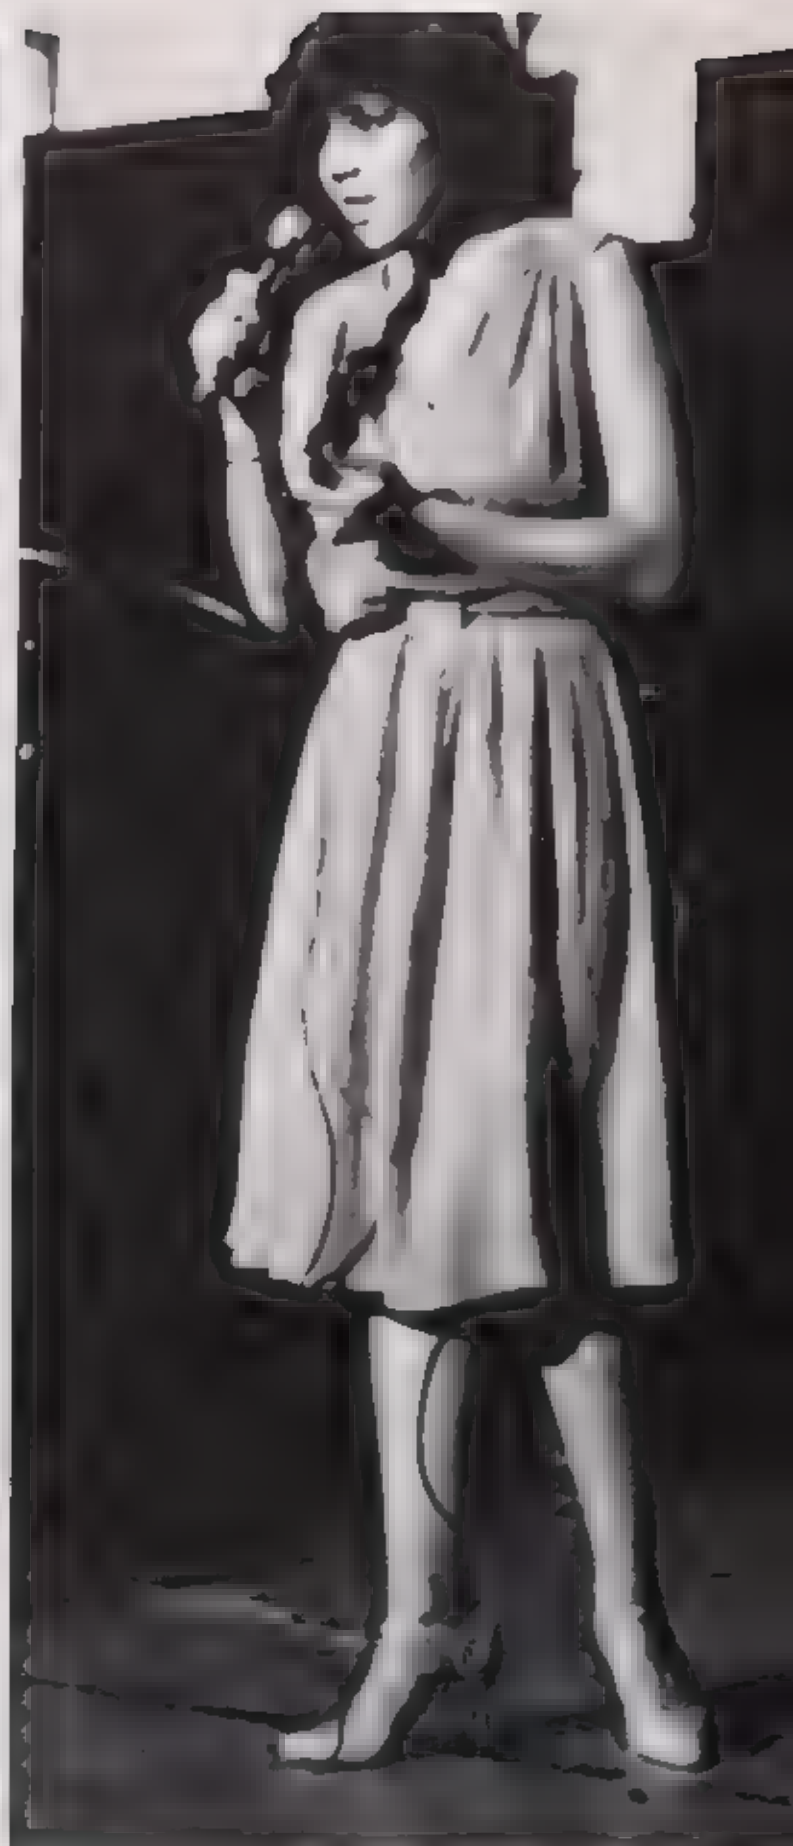

Above: BAREFOOTED Margot Lipp sang Billy Joel's "Vienna" for her Sprayberry singing debut. Right: "MAMA THINKS that I'm Living in a Convent," Alan Kollar, Tamara Johansen, Susan Bedgood, Margot Lipp, Terry West and Lisa Cooper provided hilarious comedy with their song and dance act

Above and right MR LEGS 1981 is Mark Sarajin owner of a five millions dollar pair of legs. Mark was chosen from a line of SHS legs which dazzled the women of the audience  
Far Right. WITH HER RENDITION of "Out Here On My Own" junior Phyllis DiPietro captured first place in the 1981 talent show

Right: CHRISTMAS consists of classroom parties, presents, cookies and candy, more presents, cards, bows stuck on hair, SGA's Christmas Assembly carols, elves, more presents, and of course, dear ol' Santa Claus. Tom Burnham is seen here not quite in full uniform as he was in this year's Christmas Assembly

Far right: VALENTINES DAY consists of cards, hearts full of candy, singing valentines, couples, vases of roses, students carrying carnations, red clothing, and naturally the Jr Civilians providing classmates with the sweet Valentine Spirit. This year's Civilians really played their part of singing Valentines as illustrated by these two "sandwiched sweethearts", Janet Jackson and Dee Lawson

Right: AUGUST 25, the first day of school consisted of newcomers, newly bought spirals, schedules, locker combinations, jammed lockers, painted walls, new clothes, summer tans, and, of course, the first day of school just wouldn't be right without those ever-popular confused freshman trying their best to look broken in. The first thing every ninth grader goes through is the annual freshman lecture-assembly held in the gym. These students are trudging off to their first homeroom of high school of which they will have four more long years. Far right: JUNE 5, the last day of school consisted of smiles, celebration, cameras, empty lockers, seventh period finals, early dismissal slips, classroom parties, roaming the halls, good-byes, sighs of relief, the last bell of the year, and one will never forget the paper flying through the air at 3:10. Katrina LeMore celebrates her last day just as other students do, a huge smile on her face and arms up in the air

Right: SPIRIT WEEK consisted of silent cheerleaders, decorated halls, electing homecoming court, anticipation of Homecoming night, SGA's Banana Split Party, and dressing up in different outfits every day of the week, the most popular event with the students. Senior couple Shan Nix and Terri Ochsenfeld typify the school spirit seen by all the students at SHS during Spirit Week by dressing up on 50's day

Far right: HALLOWEEN consisted of cool weather, lots of candy, black masks worn by students, plans for the night, invitations to parties, black clothing and the familiar sight of a handful of FHA girls roaming the halls in their diligently put together Halloween outfits. Tammy Hinkley is just one of many girls who volunteered to visit the children hospitalized at Kennestone, bringing them candy providing a little "spook" to their day

# TYPICAL SCHOOL DAYS?

All work and no play makes Sprayberry Jackals dull students. So when those few, unique days roll around each year, SHS students seize the opportunity to alter the dull-drum routines they follow daily by "letting loose", showing off, and mainly joining in on the festivities taking place that one special day. Anything can happen on these magical, mystical days, and as for the student body of Sprayberry High, they celebrate to the full extent, letting their individual personalities shine through. So when one is down and out and suffering from those boredom blues caused by the ever dreaded "typical day", just anticipate and be thankful for those few unstructured days offered every year by the one and only calendar of Sprayberry High.

Above: 50's DAY consisted of bobby sox, penny loafers, leather jackets, bright lipstick, greased hair, sunglasses, letter jackets, T-shirts and other typically styled clothing of the 50's worn by a large percentage of the students on that one particularly popular day. Portraying a common be-bop scene of the 50's are senior Lisa Naffel and junior Steve Edison

Left: STUDENT ELECTION DAY consists of campaign buttons, posters, more buttons, a lunchroom covered with campaign graffiti, more buttons, elections in home rooms, decisions, announcement of winners over the intercom, and cluttered walls of ingenious campaign gimmicks as illustrated by Nick Kavadellas. This senior quarterback used his football number "8" in displaying his vote signs

Below: HALLOWEEN NIGHT consists of chilly night air, wild spirited parties, costumes, and the big attraction this Halloween, the home football game played with Marietta. Karen Meyers, Debra Elliott, and Sally Walston were just a few of the many students who come to the game that night in costumes or with masks in the festive mystical spirit of Halloween.

Illustrating fine sportsmanship and strong determination, the varsity girls basketball team won the Cobb County and Region Championships, then went to the state playoffs and held a position in the top four. # A LONG EMBATTLED SEASON

Lightning pierced the sky with a brilliance that dimmed the night lamps. An army of white jerseyed Jackets crashed through the ominous banner threatening the Walton Raiders with defeat. The kick was up and the 1980 Varsity Yellow Jackets began their long embattled season.

That night saw the offensive line rushing for a total of 214 yards and the quarterbacks, Nick Kavadellas and Mark Haynes, passing for 198 yards. A combination of determination and excitement led the Jackets to a magnificent victory.

Later, Coach Whitay Tucker commented, "I think we looked the best that a Sprayberry team ever has on the opening night of the season against Walton. They had a lot of good material, but the way we played against Walton, I thought we were going to win the region."

Dalton and North Cobb, the next two forces to encounter the Varsity team, witnessed a team setting down for long fight for the top position. The defensive line of Sprayberry allowed 231 yards to be gained by Dalton which led to a defeat.

Both lines tightened up against North Cobb; a game viewed by Coach John Paty as one of the best games of the season. Scott Vinessa played very well as he downed six Warriors and assisted in two sacks.

The evening of September nineteenth was hot and both sides were preparing for their first sub-region game. The tension was high as penalty markers flew and fumbles rolled across the turf. By halftime both teams were eye-to-eye, the score: Sprayberry thirteen and Wills fourteen. Into the third quarter they went, each team pursuing the goals.

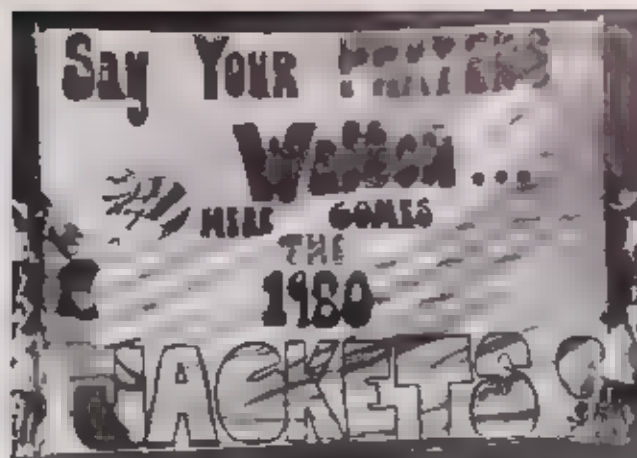

The Varsity Jackets pulled ahead when Mark Perry went for a twenty-five yard field goal, bringing the score to 16-14. Again, the teams clashed with a gain of seven points each in the fourth quarter. Mark Sarajian buzzed twelve Tigers in personal tackles and assisted in ten.

All was in readiness for another Sprayberry victory. The Wills quarterback pulled out a nine yard pass to stunningly defeat the mighty Jackets. The team was shocked.

Facing page bottom: **COMING UP** against brick wall defensive lines in a grueling schedule, the Varsity Jackets met their opponents with skill and determination. During the season, defensive back Robert Monroe returned kick-offs for a total of 157 yards.

Left: **HALFBACK** Troy Myers averaged four yards per carry in the bout against Wills. His overall seasonal rushing record was set at 344 yards in sixty-one carries.

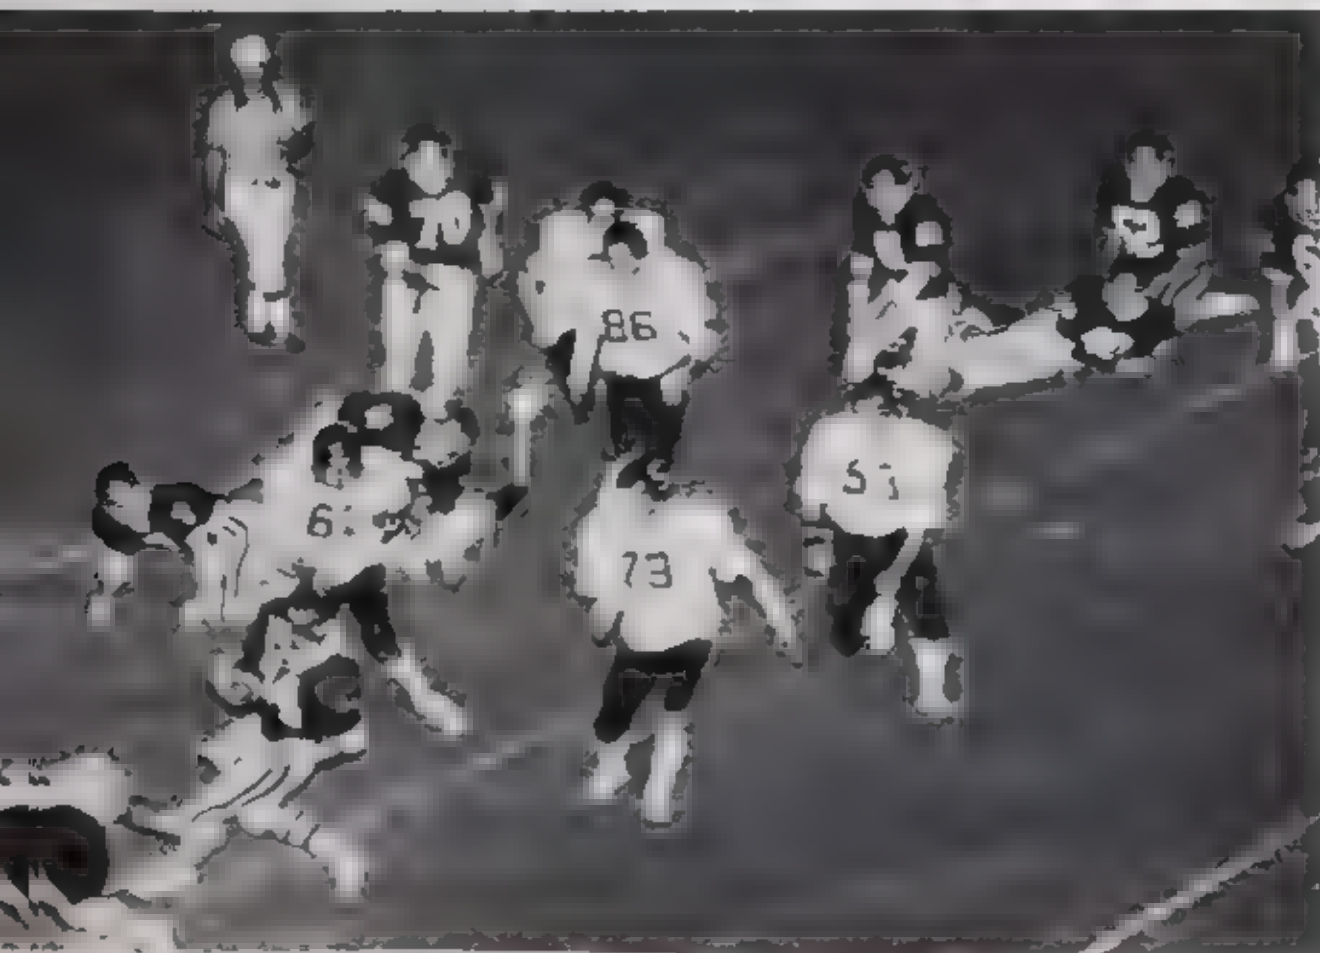

Right: **THE VARSITY'S** major kicker this year collected a total of 903 yards. Jeff Whitmire's high game for overall yardage was 271 yards.

Middle top: **BEFORE EVERY GAME**, the Varsity cheerleaders created a huge banner to bring the hopes and feelings of the crowd and team into view. Coach Tucker said that the banners were a great inspiration for the team.

Left: **STEVE BAGWELL**, this year's highest carrier runs a veer play against Wheeler. Steve carried the ball 703 yards in 126 plays. He also was named to the All County Football Team and received a scholarship to East Tennessee State University.

Below left: **THE TEAM** was still in shock when they took on the Wheeler Wildcats. The Wildcats outrushed the Yellow Jackets by seventy-one yards. However, the extra yardage was remedied by sensational sacks by SHS linemen including Bill Clark, Scott Viness, and Mark Sarajan.

Above: JAMES JACKSON another young man described by his coaches as hard hitting and as always performing to the best of his abilities, led the team with six sacks and one assist against Cherokee.

Above right: THE RAIN PELTED the outstanding Jackets in their opening game against Walton. The game was considered by Coach Paty to be one of the best games of the season. The rain and the fans poured into the stands to cheer their team to victory. During the pep rally before the game and throughout the week following it many supporters chanted the hit song "Another One Bites the Dust" to rally more spirit for the team.

Middle right: THE GAMES would not have seemed complete without the traditional run-through banners. To get the Jackets fired up, fans lined up on either side of the banner and cheered as the Yellow Jackets ripped through the threat of defeat to the other teams. Right: THE 1980 SEASON'S star quarterback, Nick Kavadeilas, was described by Coach Tucker as one of the finest passers in the region. Nick passed for a total of 865 yards with eighty-seven completions. He also carried the ball sixty-seven times in rushing. Below: ANOTHER FINE BALL PLAYER, Mark Sarajian, was named to the All County Football Team. He personally brought down fifty-one men and assisted in thirty-three.

Continued from page 48

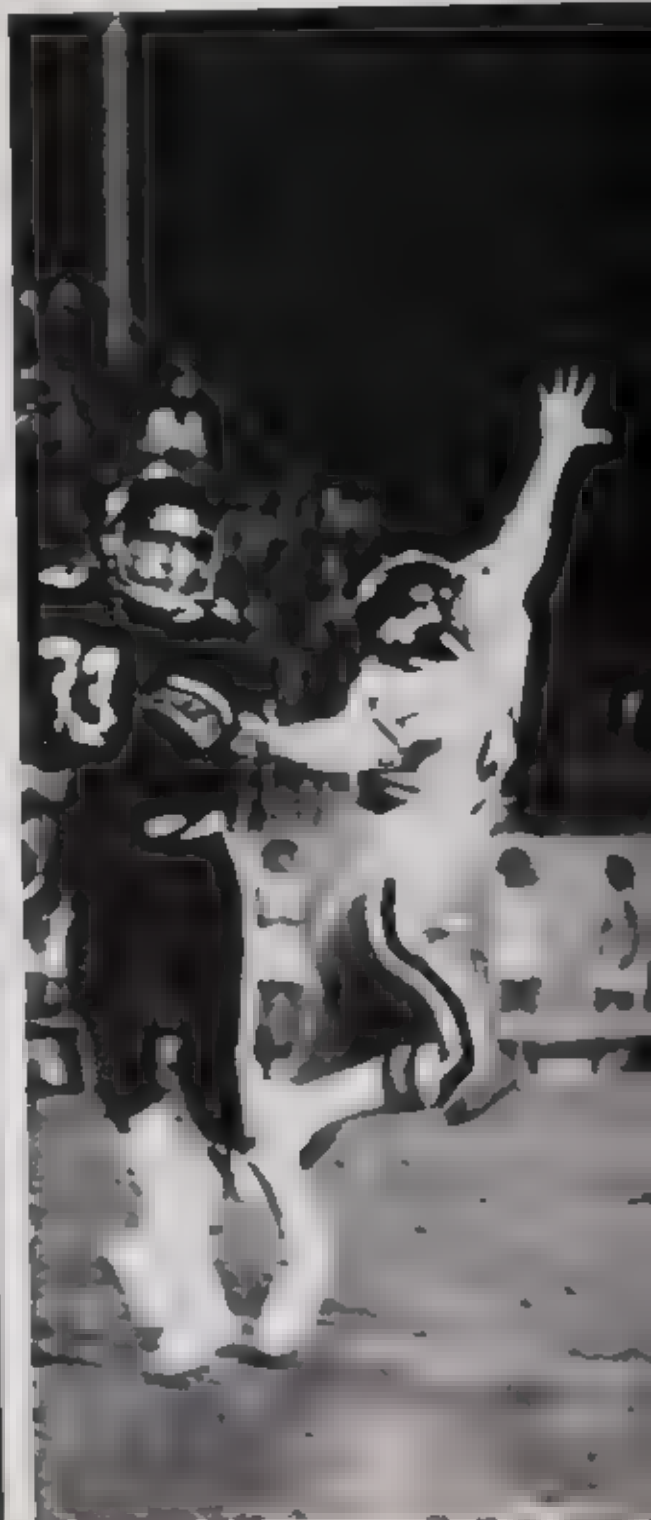

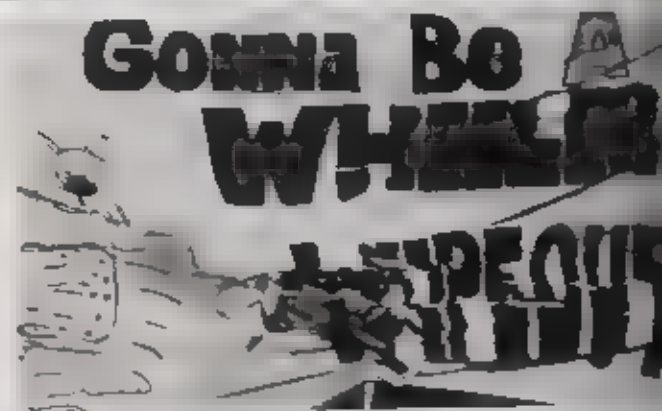

Coach John Paty recalled, "I feel that the last seconds in the Wills game were definitely the turning point of the season. If we had won, we probably would have . . . ended up in the playoffs."

The surprise experienced by the final second defeat by Wills had a lasting effect for the next two games against Wheeler and Douglass County. But with regained confidence and stamina the senior Jackets triumphed over Campbell and Cherokee. A strong defensive line kept the opposing yardage below 100 and tight end Frank Webb ran for 103 yards in pass plays.

The games against Marietta and McEachern finished the season for the Varsity squad with a 5-5 record.

"I have never seen a football team with as many dedicated athletes," complimented Coach Tucker in an interview.

The Varsity Yellow Jacket team was one that had some handicaps and a very tough schedule. However, they did not let these downfalls get the most of them and played great games with much determination. Sprayberry High and the Varsity coaches were proud to have such a fine and dedicated team playing for them.

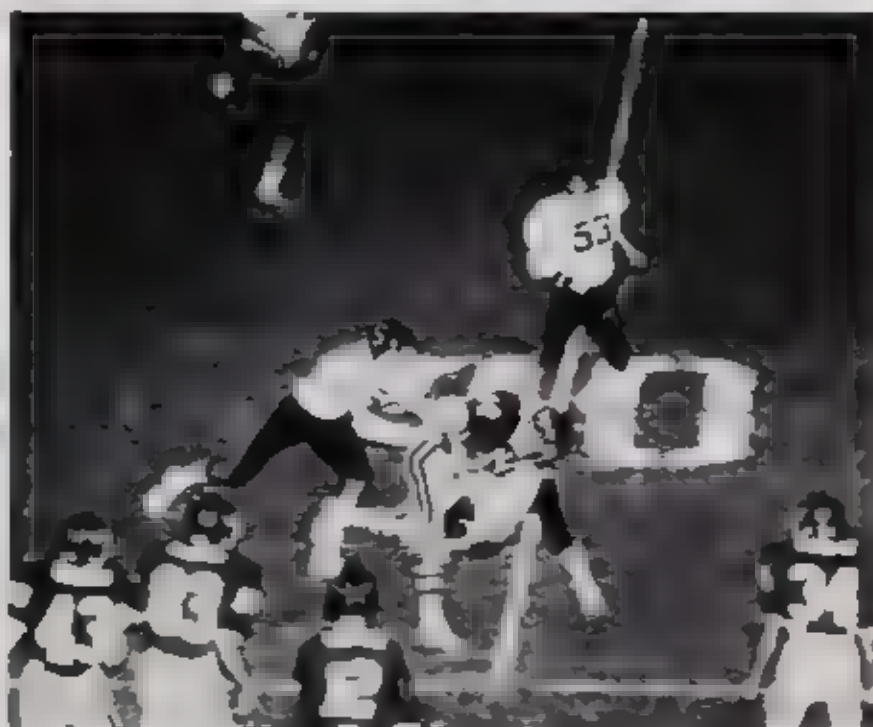

Above left: HALFBACK Gary Harris was a great source of inspiration and devotion to the team, school, and fans. Crooning Elvis Presley tunes such as "Love Me Tender" during the spirited pep rallies, Gary boosted the enthusiasm of his fellow teammates and the fans. Gary made three successful receptions throughout the season.

Above: JUNIOR Jeff Whitmire makes a forty-five yard punt against a tough Wilds' defense. He booted the ball for 241 yards in the team's attempt to triumph over the Tigers. Jeff averaged forty-five yards each time he punted. Only one was ever deflected.

"They were a fine group of young men and I'm looking forward to seeing them on the Varsity team next year," commented Coach Dave Reynolds. The 1980 Junior Varsity Jackets spent a good season battling many tough opponents. The season started off with a grueling victory over North Cobb. Taking on Walton and McEachern the junior Jackets swept the county with definite triumphs. Coach Frieser described the J.V. as one of the best teams Sprayberry has had in a long time. The end of the season saw three more defeats for the J.V. Jackets.

Top left FOOTBALL ISN'T JUST PLAYING the game. It's also exercising and getting in shape, as Darran Cochran demonstrates. Darran played free safety for the 1980 freshman football team.

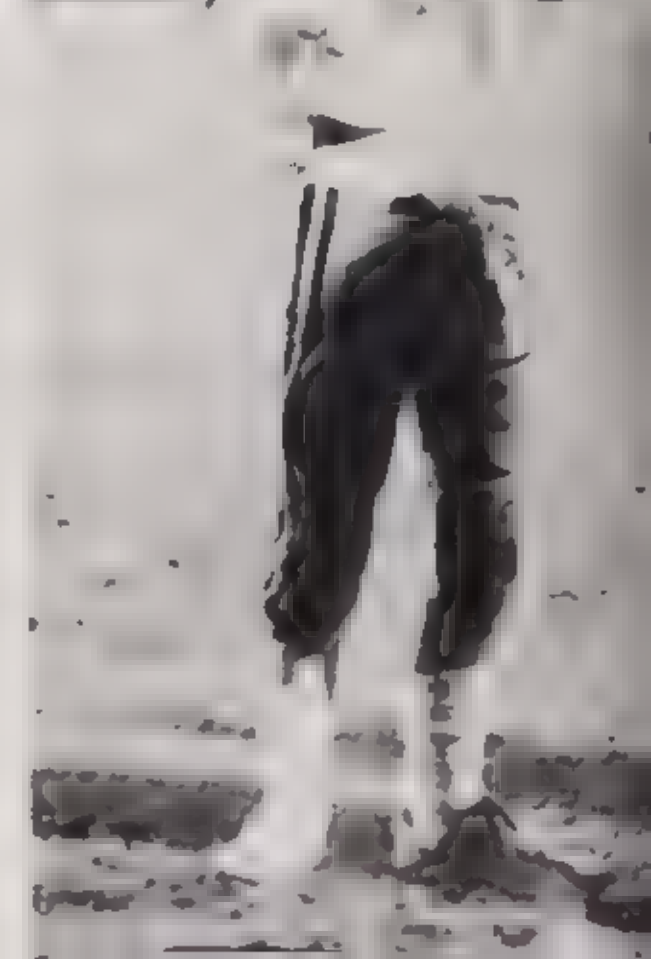

Top right WATCHING INTENTLY from the sidelines is Coach Edwin Hutcherson. Coach Hutcherson helped the baby Jackets through a number of tough games as freshman defensive coach.

Above QUARTERBACK DAVID CHILDRESS and center Steve Rogers get ready for offensive play. Steve Rogers also played Jacket guard.

Right WHEN DAVID CHILDRESS wasn't playing quarterback, he showed his versatility by playing defensive corner back.

The freshman football team ended their season this year with three wins and four losses. "The team started out weak hitters, but by the middle of the season they were really coming on," says coach Hutcherson. "The teams that we played knew that they had played their toughest game against us."

All of the defensive players were outstanding in their own way but Rick Odle was a stand-out. The coaches said that he was the most outstanding defensive player because he was a leader and a consistent player. The most outstanding offensive player, the coaches feel, was Darryl Holliday. Coach Hutcherson said, "He was the most talented runner we had and should be a good asset to the Varsity team in the future."

# OVER THE RIVER AND THROUGH THE WOODS

"When you've done all you can do, you have to do more." This is the way coach Joe Bradford describes cross country running. He also says, "Ninety percent of the racing is mental. If you don't have a good attitude toward the sport, it doesn't matter how good a shape you're in. You won't do well." Coach Bradford also feels that all of his runners had great attitudes and that is why they did so well.

Mike Archer was the teams most outstanding runner this year. He won the county in the 3.2 mile race with an excellent time of 16.34. Susan Rice also excelled on this year's cross country team. She was first in the region in the 2 mile race with a superb time of 13.01.

The boys' team concluded the season at third in the region and the girls at seventh. In the county meet, the boys were third and the girls sixth. Coach Bradford says he enjoyed his first season as a coach at Sprayberry.

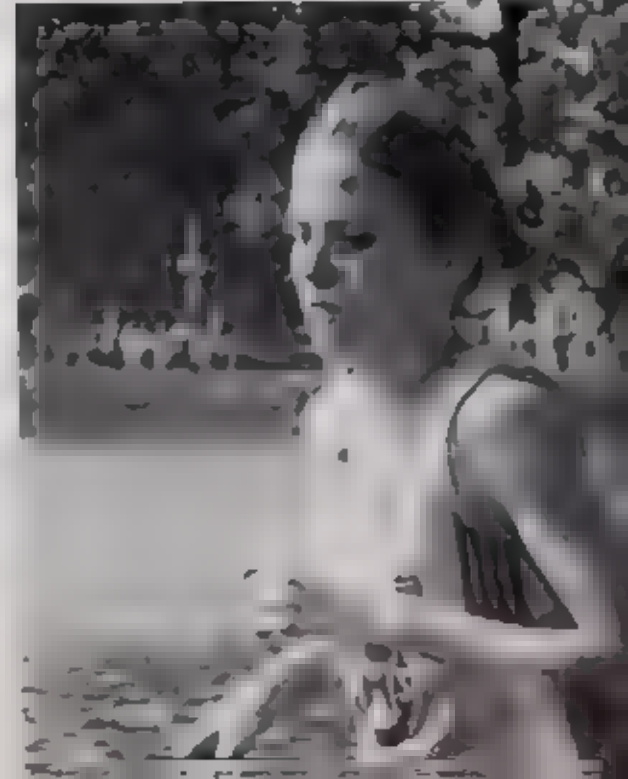

Top left A GOOD ATTITUDE really does make a difference. Mark Farmer came out late in the season with a winning attitude and a time of 21:34 and by his last meet had brought that time down to an 18:21.

Top right DETERMINATION AND CONCENTRATION are what Susan Raney needed to get forty-seventh in a region of over 100 thin-clads.

The 1980 Junior Varsity season was played by one of the youngest teams in Sprayberry's history. The members of the team were always "fired up" and were an inspiration to the other teams. They were a dedicated group who showed the true idea of sportsmanship in every sense. Varsity player Teena Pounds commented, "The J.V. team was really great. They obeyed Coach Chandler totally and were really enthusiastic about softball."

A memorable close game this year was the bout against North Cobb. Sprayberry's Robin Crump hammered out a homerun in the sixth inning to win the game. They ended the year with a 6-4 record.

## Varsity Stings County

The Varsity softball team finished the season with a tied record of seven wins seven losses. The seniors of this year's team, Sally Henson, Becky Srok, Lee Blaylock, Cary Morrison, Loreen O'Brian, Teena Pounds, and Lisa Chambers, did a fantastic job. Said Coach Joan Chandler, "The success the team had this season is due to the outstanding senior leadership."

Sprayberry stole the tournament with three perfect scores against Wheeler (9-0), Walton (6-0), and McEachern (9-0). Coach Chandler added, "Though our record wasn't the greatest, I feel that we did exceptionally well because we had three shut-outs." The Varsity Jackets placed third in the tournament.

# GRAPPLERS TAKE IT TO THE TOP . . . AGAIN AND AGAIN

## Sixth Straight Year In State Tourney

The 1980-81 wrestling season began another great year for the Sprayberry Varsity squad. Coach Keller started the season by rebuilding the squad but they improved beyond all expectations.

In the first dual meet of the season, Sprayberry took on AAA Champion Rockdale County. This bout proved to be the only dual defeat suffered by Sprayberry throughout the season. After that surprising first game defeat, the squad came back to win nine duals in a row.

Jonesboro, Douglas County, and Campbell were felled by crushing blows from the Varsity grapplers. Billy Hulsey captured a first place award, Chris Powell snagged third place and John Mercure took fourth place in the Southeastern Open Wrestling Tournament. Also, with undefeated records, Greg Powell and Billy Hulsey were named the North Metro Wrestlers of the week.

The Varsity squad took every top position at tournaments and dual meets. Coach Keller described the bout against Ringgold as one of the most exciting matches of the year.

Sprayberry arrived at Ringgold High School as the home school spirit filled the gym. The fate of the entire match came down to the last dual. In the end Sprayberry edged its opponent by three points. A Chattanooga newspaper covering the dual described it as the most exciting match of the year.

All was in readiness for the journey to the top as the Jackets pinned Lagrange to the mats. Sprayberry advanced to the regional tournament where the squad took first place with 215 points.

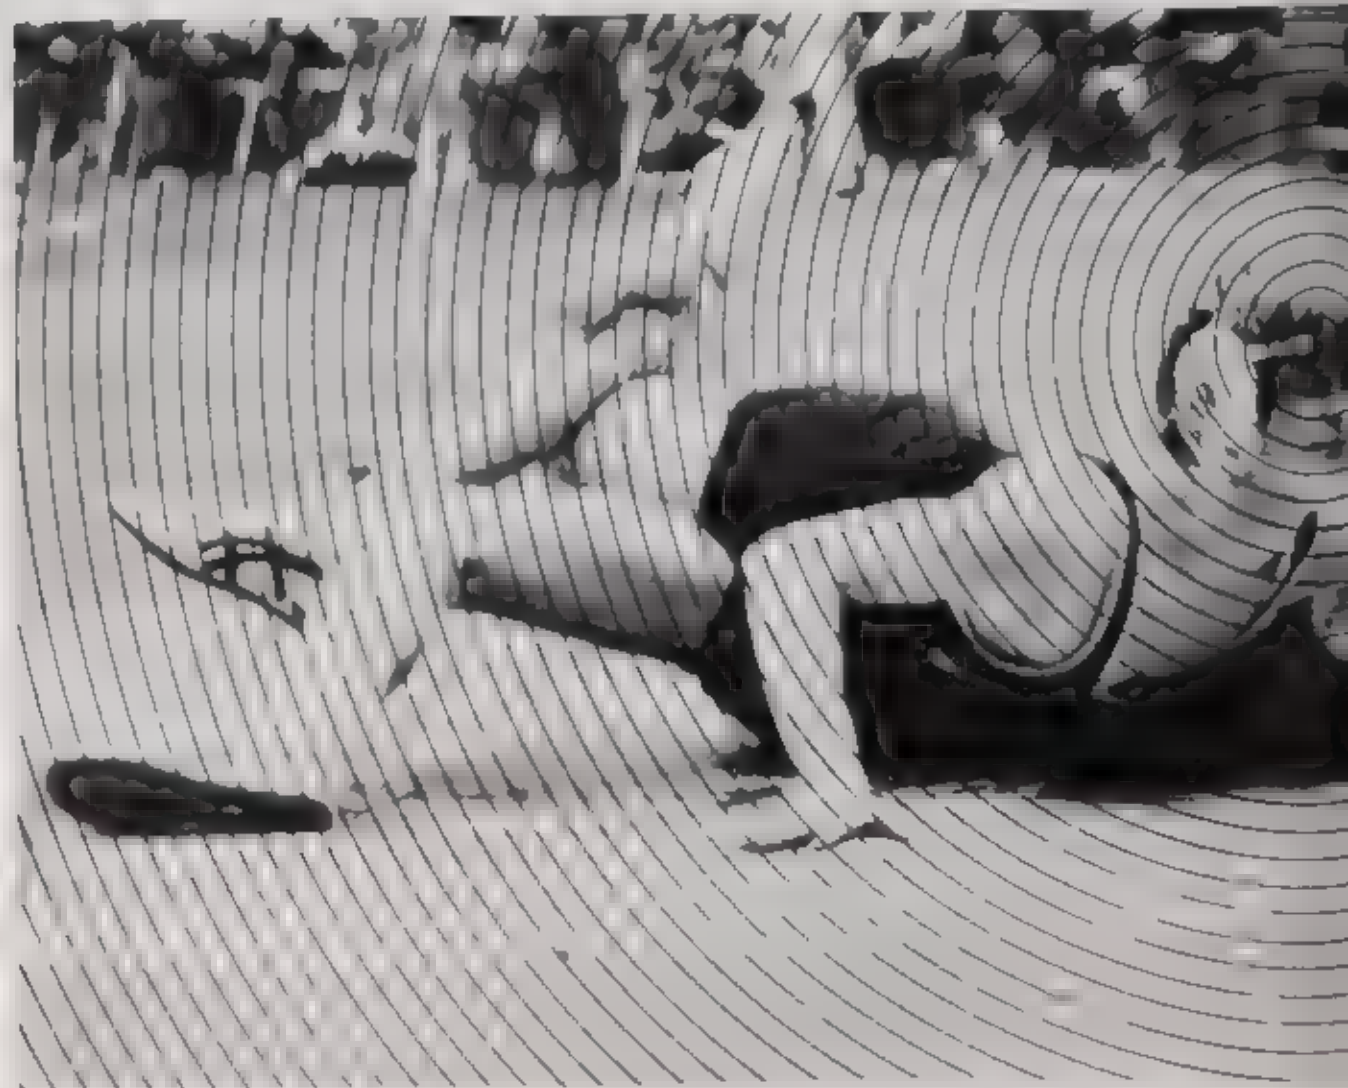

The Varsity Jackets were qualified for the state tournament. Said Coach Frank Keller, "This is the thing we've worked for all year. All other dual meets and tournaments were . . . stepping stones to the state. It's a brand new season when that starts."

When asked what the team's chances were in the big playoff, he replied, "We've improved steadily all year and I think at this point we've got a real good opportunity to go into the state tournament and make some noise."

## ... AND AGAIN

Continued from page 60

Nineteen Eighty-one was the sixth year in a row that Sprayberry has participated in the state championships. The Varsity squad was also defending the number one position from tough competitors like McEachern, Dunwoody, and Berkmar.

Although the squad placed sixth in the state, it still gained a good deal of experience for its college-bound seniors. The Varsity wrestling team at Sprayberry still has many strong years ahead.

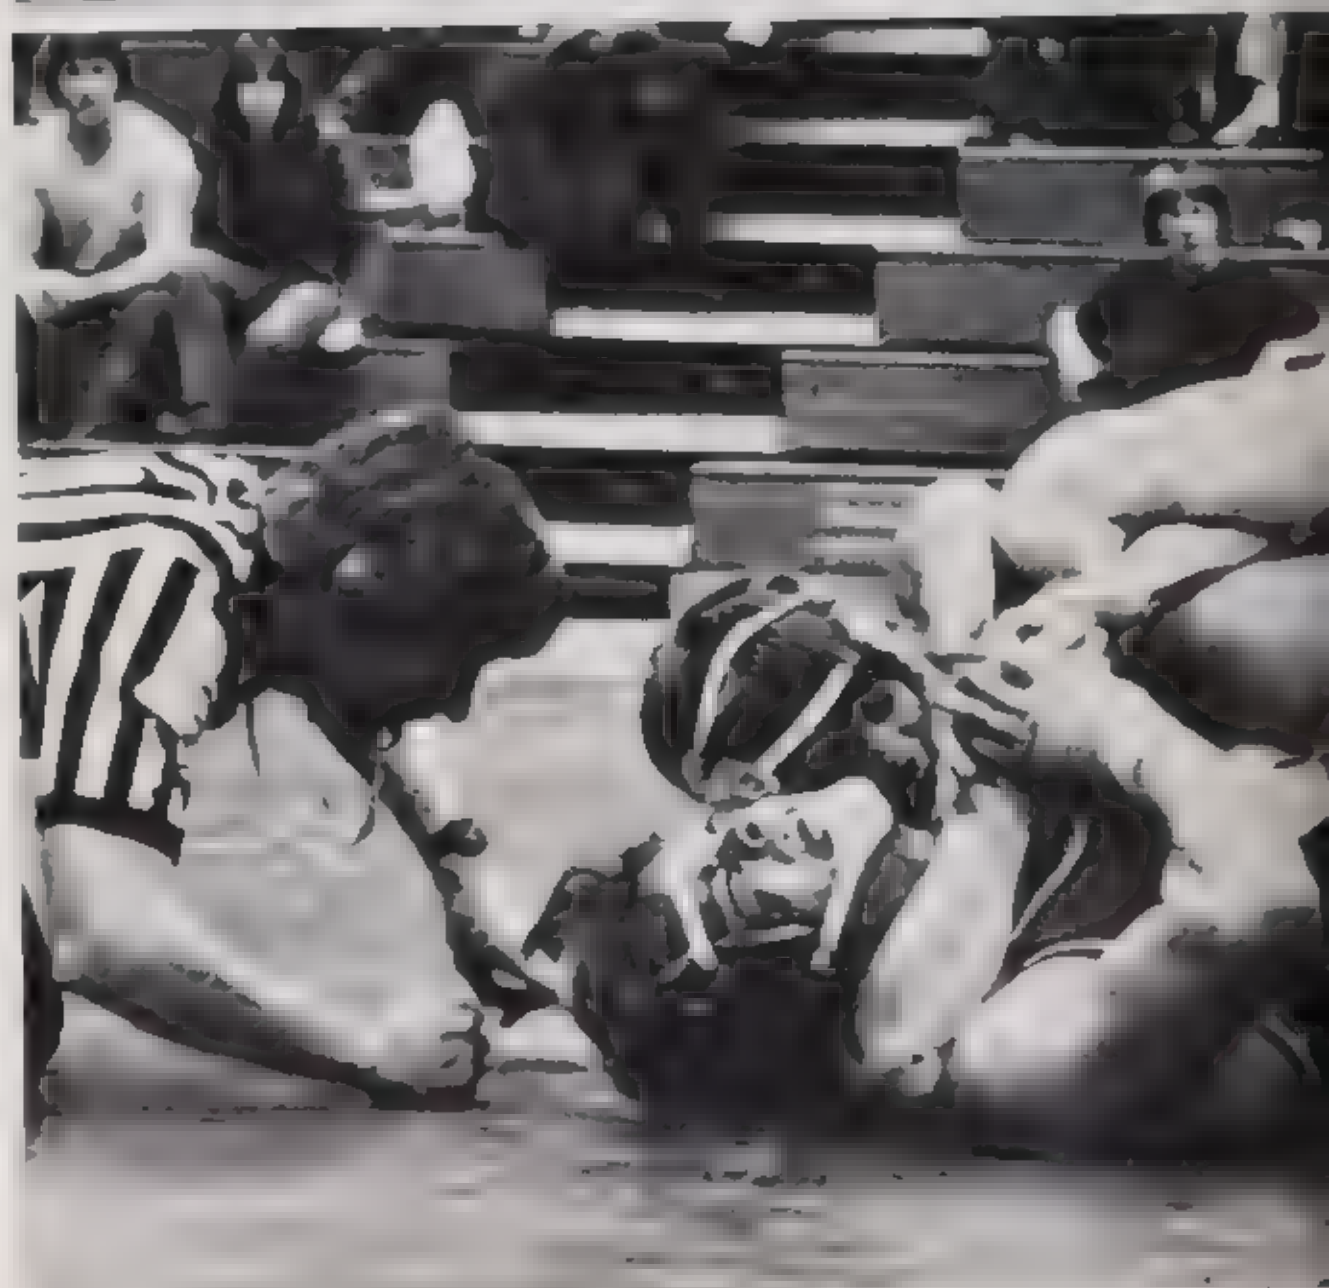

Right: A COLLEGE PROSPECT and one of this year's top wrestlers, Chris Powell helped defeat Walton High School with a 12-0 victory in his match. This was Chris' most outstanding dual. He also won two matches by falls.

Far middle top: MANY OF THIS YEAR'S J.V. SQUAD had an opportunity to compete in Varsity competition. Among these was Ron Jeske. Ron held a 3-3 record and finished fourth in the North Metro Tournament. Far top: RETURNING THIS YEAR AS A STATE CHAMP, David Wagner served another year on the number one wrestling squad. David spent a season winning the top positions in all tournaments except state; he placed second. David experienced his only defeat at the hands of McEachern when he dropped down a weight class in one day.

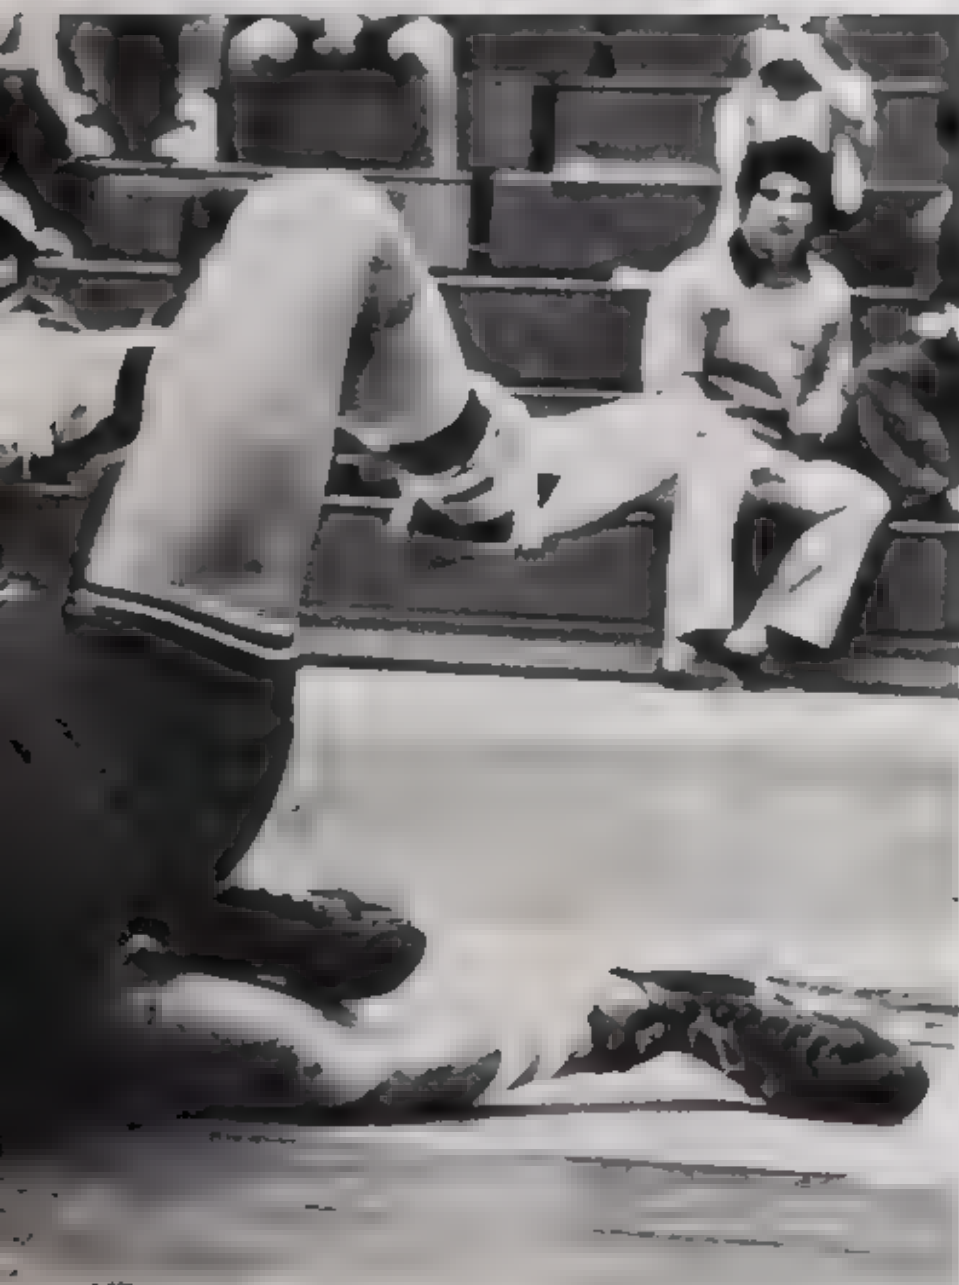

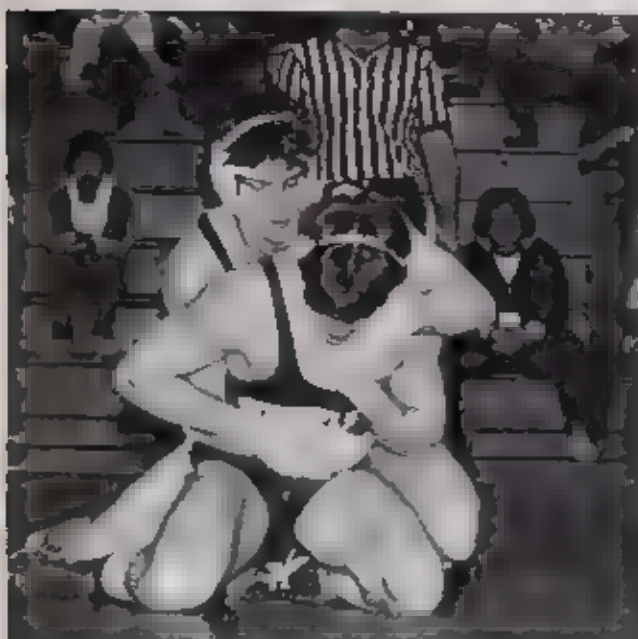

Far middle: BILLY HULSEY HAD AN UNDEFEATED SEASON as he won four matches by falls and properly ground his Campbell opponent into the mats with a 22-3 triumph.

Far below right: JUNIOR EARL HAMPTON spent his first year on the Varsity squad. Coach Frank Keller described him as a top wrestler who really came on strong in the region and state tournaments. Earl took second and fourth respectively.

Below right: PAT MEDVED TOPPED TWO OPPONENTS in falls. He also won first in the Cobb County Tournament and second in the region. He was another winner against Rockdale County with an 8-3 victory.

# JUNIOR JACKETS

Having a victorious undefeated season was the Junior Varsity squad. They knew what it took to wrestle tough competition. Some of the schools who could not compete with Sprayberry's Varsity squad dropped down to take on the J.V. squad.

The junior Jackets won their fifth Cobb County Championship under Coach Tucker's dedicated guidance. Some of the individual winners were Mitch Boling, Alan Kollar, and John Bagwell, all placing first, Kirk Batroff placing second and Wes Kitchens placing third. The J.V. squad doubled the scores of all other Cobb County schools in the tournament.

The junior grapplers went into the North Metro Tournament with the pride that every Sprayberry wrestler has. They pinned all competition to the mats until they met Berkmar High School. The struggle was long and disappointing. Sprayberry's J.V. came in a close second in the contest, with Scott Taylor placing third.

However, Coach Tucker commented, "Berkmar, the team that beat us in the North Metro Tournament, came back to 'wrassle' us the next week and we beat them by twenty points."

Some of the highlights of the season included downing Rockdale 66-9; pinning Jonesboro 43-24, and stomping Campbell 60-10.

Because of a well balanced J.V. squad, some moved up to compete on a Varsity level, and many freshmen got a chance to gain Junior Varsity experience.

Said Coach Whitey Tucker, "We always try to get our freshmen exhibition wrestlers a match before the duals . . . They wrestle for the experience and sometimes they get into the J.V. lineup."

The Cobb County Freshmen Wrestling Tournament held in January found Bob Almand, Billy Walker, and Rob Cowan capturing first place and Frankie Edwards taking second place.

This year's Junior Varsity and freshman exhibition teams will feed into the future Varsity squads a unique mixture of skill, talent, and determination that will keep Sprayberry a dominating force in Cobb County and Georgia wrestling.

Right: BECAUSE OF THE MANY JUNIOR VARSITY PLAYERS who moved up to Varsity, many freshmen wrestlers were allowed to take on Junior Varsity competition. Some who did not wrestle on the J.V. squad participated on the freshman exhibition team to gain the experience needed for Varsity competition.

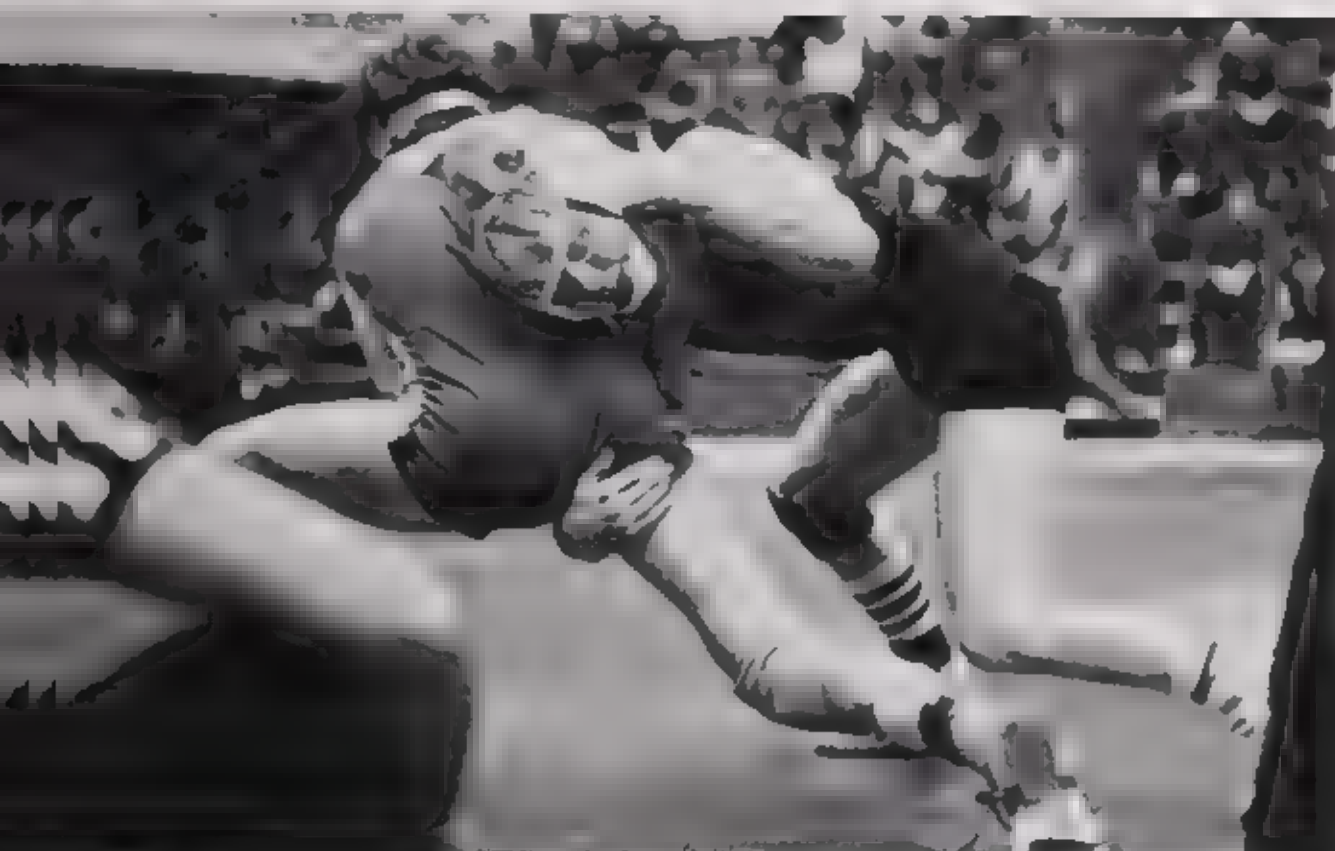

# KNOW WHAT IT TAKES

Left: WRESTLING FOR THE J.V. SQUAD is indeed a tremendous opportunity. "Coach Tucker does a super job . . . We are really fortunate to have someone of his caliber working with the kids. We have won the region tournament six years in a row and a lot of our success is due to Coach Tucker" commented Varsity Coach Keller. Rob Kooker was one of nine wrestlers who placed in the Cobb County Junior Varsity Wrestling Championship.

Middle left: MORE THAN SIXTY PEOPLE TRIED OUT for the J.V. squad and freshmen exhibition team and among those was Alan Kolar. The J.V. team ended the season with an undefeated dual match record. Below: WINNING SIX MATCHES BY FALLS was Tim Hewgley. He finished second in the North Metro Tournament and first in the region. Tim was also one of the Junior Varsity wrestlers to move up to Varsity competition.

## Varsity Boys Give It Their Best!

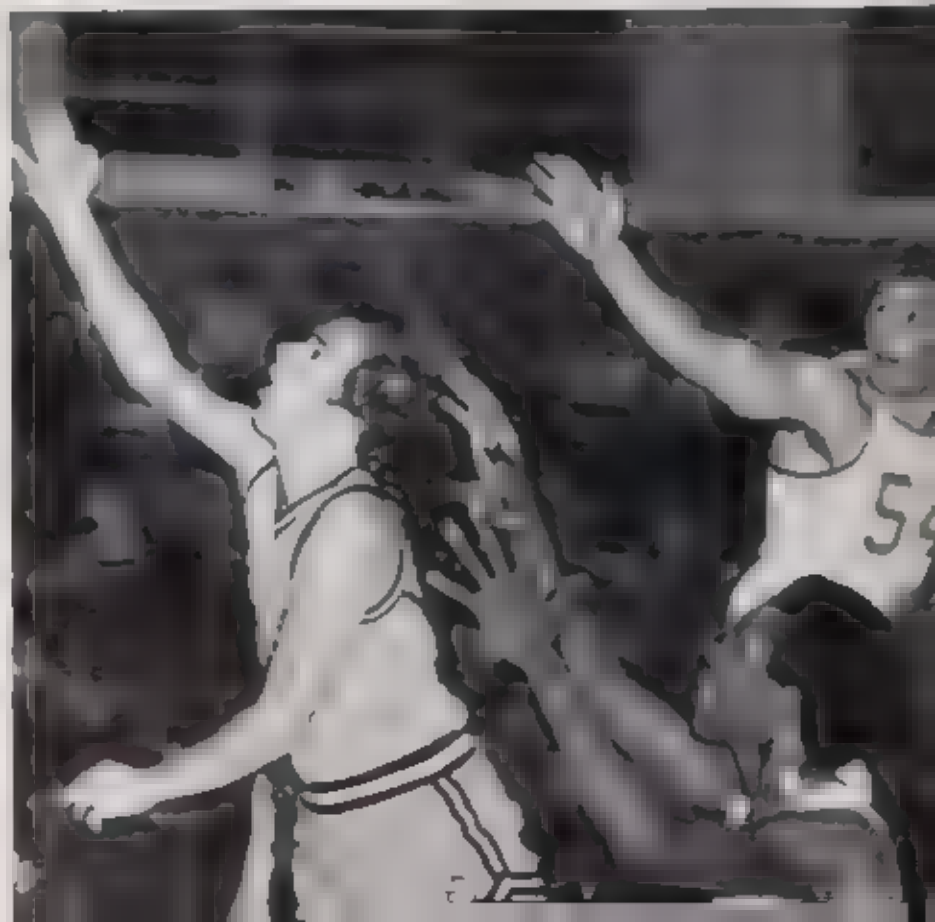

Sprayberry's Varsity boys basketball team finished their 1980-81 season with four wins and nineteen losses. "Although our season wasn't the greatest, we had a lot of team spirit which helped make up for some of the pain of losing," said Coach Ken Clouse, who had just completed his second season with the Jackets.

Some of the Jackets' top players this year were seniors Jimmy Sutton and Ronnie Myers and sophomore Eddie Curry. Ronnie led the Varsity Jackets in scoring with an outstanding 148 baskets. Jimmy Sutton was second with 142 and Eddie was third with 61 baskets.

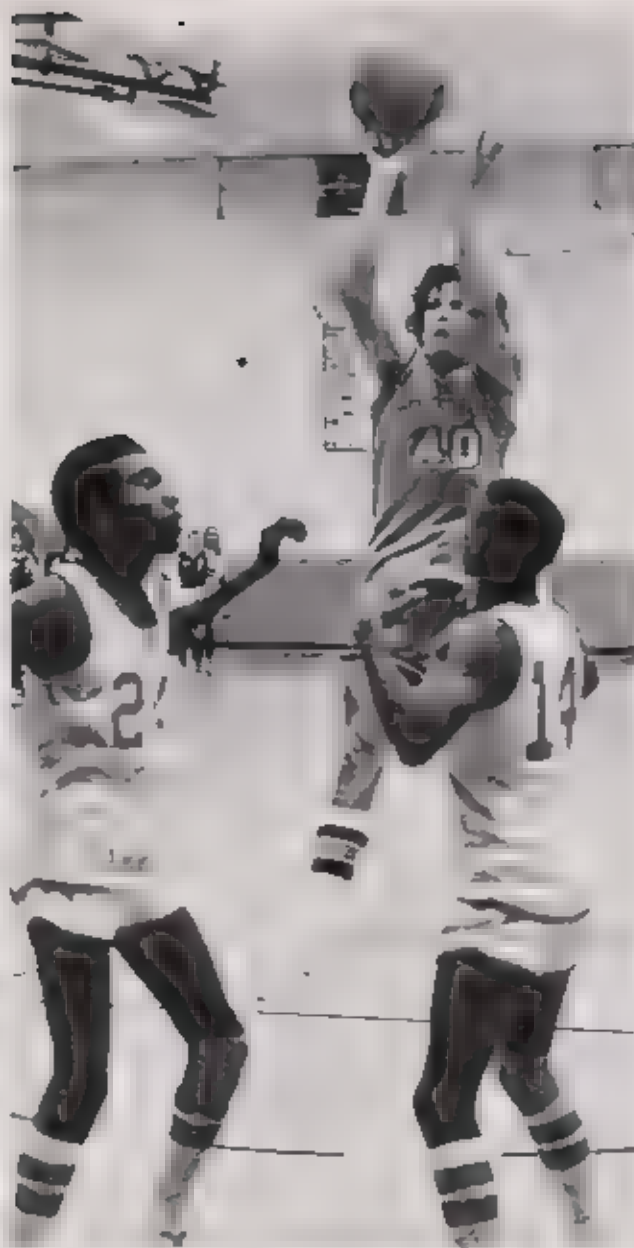

Eddie Curry led the team in foul shots with thirty-six points while Scott Wallsinger and Ronnie Myers tied each other at thirty-four points. David Dickerson came next with twenty-eight foul shots.

Ronnie Myers also led the team in rebounds with an excellent total of sixty-five. Jimmy Sutton jumped up for forty-three big rebounds and David Dickerson stretched out for thirty-two.

The Jackets look forward to next year's season with the return of Eddie Curry, Ed Bryant, and Scott Wallsinger whose excellence will hopefully make next year's season a success.

## VARSITY GIRLS HOT WITH STATE FEVER!

**STATE FEVER!** Last year the boys had it, this year the girls have it. State fever is contagious and spreading quickly. The girls have one of the best lineups to go under; Tonya Gober, Holly Bell, Pam Adams, and Lee Blaylock.

There were only a few games that kept them from going all the way. With the jackets ending the season with a 18-5 record, the best in their division, everyone felt state fever. First they had to get by Campbell to win a playoff spot. Cherokee was their way to a division championship. After Cherokee, they needed Osborne to advance to the state playoffs. They needed to down Marietta to go to state. The girls beat Marietta by six points. Quarterfinals, semi-finals, finals, and then state. The Jackets faced LaGrange in the quarterfinals. They came up with a 51-49 win as Tonya Gober sank one at the buzzer. At the semi-finals it was no contest as the jackets downed Townsend 51-50. Next stop, Macon to face North-East Macon. Macon drowned all the hopes as they beat the Jackets 52-45.

With four of the five starters graduating at the end of the year, we are going to miss the 1981 Girls Varsity Basketball Team. Jacksonville State has something to look forward to. Tonya Gober and Holly Bell have received scholarships from Jacksonville State. We all wish them the best of luck.

# JUNIOR VARSITY BOYS AND GIRLS

The Junior Varsity boys basketball team ended the season with an 8-6 record. The first eight games of the season led to an astonishing 7-1 record. It looked as if they were going to the state tournament. The movements of certain players to varsity dampened their hopes. From there the weight was pulled by Jimmy Coar, David Goldberg, and Ricky Franke.

Coach Johnny Caldwell led the team again this year. "This was one of the best J.V. squads I have ever coached," says Caldwell. "Our record was not as good as I hoped but we worked like a good strong team. I was real proud of the boys this year."

The uprising freshmen boys, under the usual reign of Terry Cadenhead, finished with one of the best seasons of any freshman team. The team ended with a 12-3 record under the leadership of Terrell Morris and George Seaman.

Coach Cadenhead remarked about the season, "It is the best talent I've seen since I have been here." Did they ever have talent! More than half the team ended with total points higher than forty. Terrell Morris was the leading scorer with a total of 148 points. George Seaman was the second leading scorer with 103 points. The third leading scorer was Tom White with 72 points.

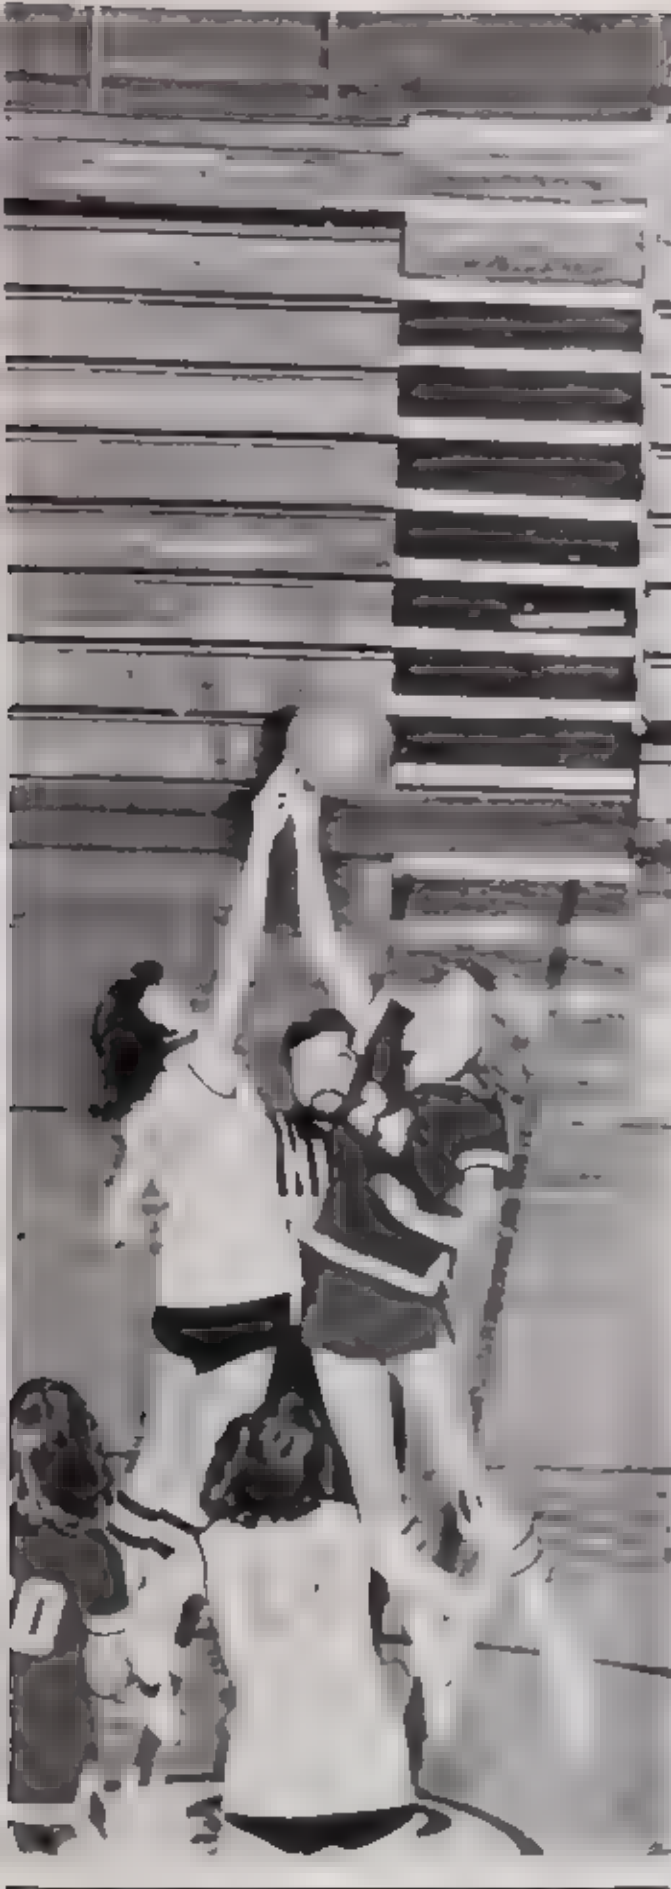

It is very difficult to replace such a good team as last years freshmen girls. The freshmen girls this year had a very difficult time.

Despite winning their first game by only one point, the freshmen girls were fairly good. Coach Sue Camp, said "I think the girls showed a lot of improvement over the season. They started working together and really looked like a team."

The freshmen girls team had a number of leaders. Mona Reece and Allison Reece were the two standouts.

Mona, over the season, scored a total of 95 points. Allison was the second leading scorer with a total of 44 points.

# VARSITY CLUBBERS FINISH THIRD IN REGION

The Varsity golf team, under the usual reign of Coach Ken Harris, had another fantastic season this year. Their record was 65-26-1. With such an impressive record the team must have talent.

Junior John Draper was the number one golfer in the county and tied with Harvey Barker for fourth in the region. In addition to the individual accomplishments, the team as a whole did very well. They finished second in Cobb County and third in the region. They placed fifth in twenty-one teams at the Columbus Invitational. The Sprayberry High School swim team, a new addition to the many sports activities that go on at Sprayberry, is the first team that has existed to represent Sprayberry.

On March 8, members of the swim team who qualified went to the state meet. The qualifying members were Lynn Meistu, Julie Oudt, Merri Oudt, and Jennifer Reynolds, Jeff Burnham, Bob Jones, Randy Marchman, and Steve Reynolds qualified for the boys. Steve placed fifth in the 50 yard freestyle and sixth in the 100 yard freestyle. Bob Jones placed tenth in the 200 yard freestyle and ninth in the 500 yard freestyle. Jennifer Reynolds placed eleventh in the 100 yard breaststroke. The boys relay team placed ninth in the 400 yard freestyle.

For a team's first year, the S.H.S. swim team proved they are definitely a strong force in Cobb County swimming.

# VARSITY BOYS END UP EVEN

The Varsity boys baseball team finished .500 this year, with an 11-11 record. They wrapped up the season by shutting out Marietta and defeating Wills. Although their record was due to team work, two players, David Webb and Wes LeCroy, were Sprayberry's All Stars of the North Sub-region Atlanta Dug Out Club. David was selected as High School All-American. Only ten percent of all the high school baseball players are even nominated. Wes had a batting average of .275. David's .641 batting average was the second best in the region. David only had one strike out, sixteen runs batted in, and twenty-three stolen bases.

Most of their defeats came from an excellent pitching staff led by Nick Kavaddellas and Don Johnson. Nick had twenty-seven strike outs in the year. Don had forty-six and the lowest earned run average of 1.52. The whole pitching staff chalked up over 100 strike outs for the season. Besides great defense, the team as a whole had great offense.

The team's batting average was .303, and the strike out percentage was .128 for a 5th place in the region.

# JV BOYS HAVE DISAPPOINTING SEASON

The junior varsity baseball team ended the season with a 5-8 record. At the end of the season they pulled out two much needed wins by defeating Campbell and South Cobb.

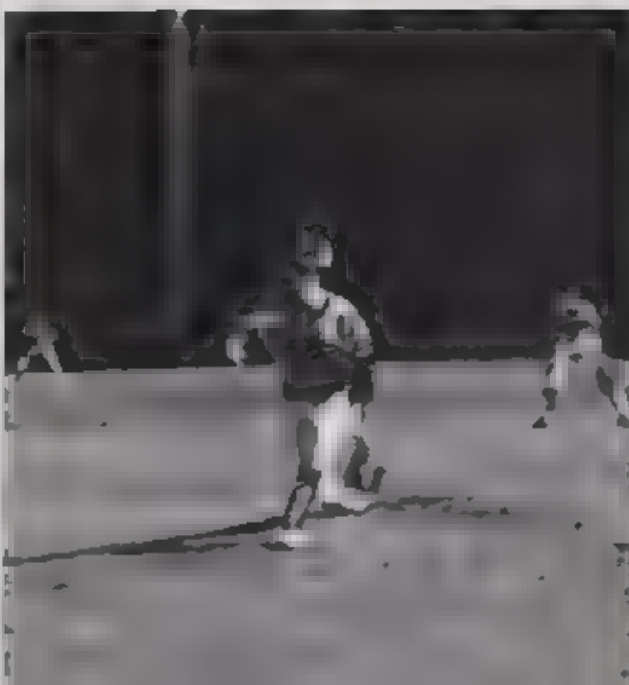

The team was led by the strong bat of Tim Reinagle who was batting over .600 midway through the season. Tim ended the season with a .473 batting average. Skip Johnston had the second highest average at .392. John Jennings who was the best defensive player was moved up to varsity because of his hitting and fielding.

# TAKING IT TO THE TOP

Losing only to the top three teams in the county, the Varsity soccer team eyed a position in the tournament. Coach Rhyne said that their chances were pretty good if they did not slack off against their opponents in the final games. The spring break held the team in expectation.

The position of the team surprised the members. Said Coach Rhyne, "I feel we played pretty good ball and we didn't expect to go that far."

Some of the highlights of the season include outstanding performances by high scoring Winn Pennington and Robbie Davis who played offensive and defensive in the midfield. The team had a good, consistent goalie, David Are, and let few get by but the errors never cost the team the game.

The aggressiveness of the team pushed them into a position that saw the tournament and possible championship on the horizon. Although the season was not the best, Coach Rhyne said of the season, "It was up and down but we seemed to play better against the good teams."

# A SALUTE TO SOCCER

The soccer program has been extraordinary. The Varsity team made the finals to compete against Wheeler. The J.V. team had a high win count and the Freshmen shut out all competitors for the second year in a row.

Under the direction of Coach Rhyne, the Varsity Jackets went all the way to the playoffs for the first time in five years. Although Sprayberry lost by five points it did not give up without a fight. Rob Cutts scored the only Jacket goal.

After vowing to spend a carefree season, the junior Jackets showed how "wild and crazy" they really can be. They topped many of their competitors.

Called by Doc Michels as the team with the "winning way", the baby Jackets were jubilant as they downed Milton High 4-0 in the last game of the season. With careful mid-field playing, Stuart Michels scored one and Todd Maddox scored three.

This fine display of soccer skills on the part of all three teams shows how well Sprayberry can do and the school salutes them for their fantastic year.

Right: THE FRESHMEN TEAM proved for the second straight year that they are undefeatable. Called the team with "the winning way" by Doc Michels, they topped seven teams, most of which were out of the region. Jeff Feathers boots another to help lead the team.

# THE TEAM WITH A HEART

A surprising season was the way Coach Mike Moss described the year in J.V. soccer. This year the team resolved to play the season in a fun way, not worrying about their wins and losses. Surprise filled the team when the team went in to the last stretch with three wins and two losses and two more possible wins to follow.

The team also spent the year as a team growing closer in working together. Coach Moss commented, "We may not be the best skilled players but we know how to play like a team."

The team had fun during the games as one could tell by watching. Although they lost one game that they should not have, as Coach Moss put it, they developed into an experienced team that brought forth natural leaders and the endurance to play. In the words of the coach, "The J.V. team was one that played with a lot of heart."

# THE TEAM WITH THE WINNING WAY

After ending the season with an undefeated record, the freshman soccer team surely knows the winning way. Said Coach Doc Michels, "We're training a winning team with a winning way."

Beginning this year with a new team of eager players Doc Michels put the baby Jackets up against an out of county school, Milton High. A feeling of first game nervousness started the game but by the end, Sprayberry had the upper hand of the victory and a new feeling of excitement which was to last the rest of the season.

Averaging twenty-five goal shots a game and only two or three goalie saves, the excited Jackets overpowered county rivals North Cobb, Marietta, and Wills. Three of the seven season games were out of the usual playing region because the team needed to experience teams with records. This allowed Sprayberry's freshman soccer team to take on a higher level of performance and increase their reputation even further.

A few close games almost witnessed the end of a perfect season for the freshman team. With Sprayberry leading 2-1, Marietta took the ball down to the goal. In a daring save one of the three unprecedented goalies leaped upon the ball right in front of the goal as the buzzer sounded. In another game against Heritage High School, the team drove the ball in for the point with only seconds to spare. Sprayberry edged Heritage 2-1.

When asked how he felt about the perfect season, Doc Michels replied, "It's a great feeling to help young people be successful." The undefeated record of the freshman Jackets was accomplished by a combined effort of team spirit and cooperation along with the backing of the parents and other individuals. The freshman Jackets really showed what they're made of in a winning way.

Right: OFTEN CONTROLLING THE MID-FIELD and helping to set up goals from his position was Randall Hill. Randall scored two of the twenty-nine goals this season.

Top row: Darryl Miller, David Morson, Craig Bailey, Stuart Michels, Jeff Feathers, Randall Hill, Peter Saleas, Todd Maddox, Paul Bowman, Tony Farmer, William Griffin, Coach Doc Michels.

Bottom right: ADDING DEPTH AND STRENGTH to the team was a job undertaken by Craig Bailey and Paul Bowman. Their very aggressive playing as forwards supported the team in many victories.

Bottom left: WORKING THE HALF-BACK POSITIONS were Todd Maddox and Peter Saleas. Both players scored as forwards and half-backs. Todd was the high scorer of the season with eleven goals as forward. Peter scored three goals and half-back.

# SWINGING ACTION

A very successful season was enjoyed by the Boys Tennis Team this year. Three members competed in the Cobb County Tournament. David Towery placed third in the singles semifinals. Tracy and Scott Cook placed second in doubles.

Much new talent was tried this year. Gary Klein moved up to take the number one singles position and did very well. Two freshmen, Mike Knipfer and Blake Frye, had no competitive experience but won four straight before losing to Cherokee. They became the second place number three doubles in the county after beating Walton.

Overall, the Sprayberry team was rated third in the county. Coach Bradford commented that because of the coaching problems in the past the team had a hard time learning the philosophy of the game. Despite this, Sprayberry came out on top.

# VARSITY NETTERS GO TO REGION

The varsity girls tennis team had one of their best seasons this year with a 7-3 record. Most of their strength came from number two doubles, Kathy Hathcoat and Becky Srok who were undefeated, and freshman Kristen Metcalf.

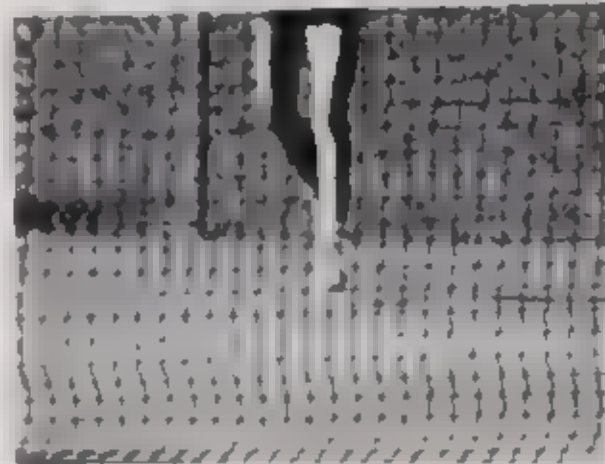

The girls beat Cherokee 6 to 3 to capture the North sub-region championship. To go to the region championship doubles Stephanie Busby and Loreen OBrien defeated Wheeler; Kathy Hathcoat and Becky Srok defeated McEarchern, and Pam Adams and Julie Srok defeated Wills in three sets. The team lost to Walton in the region championship to place second. All three sets of doubles went to the county tournament along with Kristen Metcalf.

The junior Jackets swept the region as they topped four out of five schools. However, Coach Hutcherson commented, "I don't like dual meets . . . the best are the multi-school meets." Thus, the J.V. squad viewed the dual meets as practice sessions for the big tournaments.

The junior Jackets started the season against the Region's toughest team, as the team took on Walton and lost by only thirty-six points. Coach Hutcherson said, "When you go over and compete against Walton, while the other schools are getting trampled on, and come away like we did, I was very pleased." The rest of the season saw the Jackets sprinting past their competition and leaving them in the dust.

They did a great job at the multi-school meets, too. The team finished ninth of fifteen competing schools at Carrollton, Georgia. Of the nine high schools challenging each other at the Cobb County Invitational, Sprayberry came in second.

"The biggest challenge in a sport like track is motivation not big trophies and awards," said the coach, "The discipline is so much different than other sports."

This season's team seemed to be composed of different groups that had their own level of motivation and dedication. The distance runners were definitely a hard working group. Because of the team's success, Sprayberry gained a reputation that could break the tape at any tournament.

Below: A CONSISTENT point scorer for the J.V. team was Terrell Morris. As a freshman, he competed and had a long jump of eighteen feet, ten and three-quarter inches.

# NOBODY DOES IT BETTER

The crack of the starting gun, the click of the stop watches, the snap of the tape, and the last burst of speed are feelings that a runner on a track team hears and feels. The Varsity track team members can reflect those thoughts as they eye their medals and trophies of the 1981 season. They captured countless records and sprinted down the roads of victory at every tournament. With these remembrances they can surely say that nobody does it better.

"Nearly every senior on our team and several juniors and sophomores hold at least one school record at Sprayberry," remarked Coach Randy Jenkins. This statement seems to best explain the type of season the Varsity track team had. Practically every day the announcements sang out the victory of the team. By the end of the season the team had compiled a win/loss record of 86%.

Some of the records held by the Varsity Jackets include topping Osborne 74-61, and downing North Cobb in 12 of 15 events. The Jackets also placed in the various tournaments throughout the region. They took first place in the North Cobb Relays, second place in the Rome News Relays, and third place in the Cobb County Invitational.

Coach Jenkins commented, "... these young men were so tough physically and mentally that they won over 100 medals and six trophies in major meets. Some of the meets had over fifty schools competing in them."

The team broke almost every school record. Brad Harmon set a new high jump record of six feet four inches. Ed Bryant leaped twenty-two feet nine and a half inches to set a new region record for the long jump. Greg Taylor added another region record of one minute fifty-six seconds in the 880 run.

The Varsity team was a team that took the gold. At the North Cobb Relay they championed five trophies and eighteen gold medals. Coach Jenkins said about the season, "Winning is a by-product of doing things right. That applies to the type of boys we have on this team. They do things right."

Top: RECORD SETTING ED BRYANT leaped into the sands of success as he continually broke school and region records. Ed placed third in the state with a jump of twenty-one feet and ten and a half inches. Middle: SOPHOMORE BRAD HARMON set a new school record of six feet, three and a half inches in the high jump. Greg competed on the four mile relay squad, as well, with Chris Yandow, Tom Elsey, and Mike Archer. Their best time was nineteen minutes, twenty-eight seconds.

Left WITH A TIME OF 10.1 seconds, Randy Hewgley set a 1981 season record in the 100 yard run. Randy helped lead the team against Osborne High School Middle. JUNIOR DANIEL HOLLIDAY competed this season in the high and intermediate hurdles. His endurance was typical of all of the members on the team. Below KEN CARNEY AND ROBERT MONROE ran in the 400 meter relay. Both of them are four year lettermen in track. Their squad had the third fastest time in Sprayberry history with 43.7 seconds.

She placed second in the high jump at the Walton Invitational and first in hurdles and high jump in Rome. Her best record for the high jump was 5'4". Rhonda is also one of five that will serve as the nucleus of the track team next year. Coach Reynolds said to watch for her in the future.

With the spirit running high, the girls Varsity track team sprinted into the season against the usual tough competition. From the team emerged some girls who became the natural leaders in competition. Certain members of the team formed a cluster of winners that dominated the season. Although the team did not break any region records, it did set a few new ones for Sprayberry.

The girls ended the season with a three to two win-loss record in dual meet competition. One of the closest meets was against Campbell. The fate of Sprayberry's victory came down to the last race of the day, the mile relay. Sprayberry was first to break the tape and thus gained another win. The high placers for that meet included Rhonda Swanson in the jumps and hurdles; Laurie Ackerly with the shot put; and Laura Favero in the 440 and the 880 yard run.

In their first tournament, the team placed Laurie Ackerly in the gold with a new record of thirty-five feet, ten inches in the shot put. The record beat her 1980 school record of thirty-five feet, six and a half inches. Laurie was also the only girl on the team to qualify for the state meet.

Other new records to be set included Laura Favero's 2:27.7 time in the 880 yard dash at the Walton Invitational. Susan Rice claimed a time of 12:57.7 in the two mile run. The final record set was by the 880 relay team of Tonya Gober, Gina Boughton, Holly Bell, and Rhonda Swanson with a time of 1:50.2 at the Rome News Relays.

At least half of the year consisted of tournaments or relay meets. The team defended its title at the Rome News Relays and brought home another first place trophy. At that meet Rhonda Swanson received the Maxwell Trophy which named her the top female athlete of the relays. The team also captured third place in the North Cobb Relays and sixth in the 5-AAAA tournament.

Overall, the season was very good. Said Coach Dave Reynolds, "This season was highly successful even though there were a lot of injuries to some key performers."

## Cheerleaders

ENERGY FILLED Kim Doetch shows her approval of the football play. Kim was captain of the J.V football cheerleaders this year

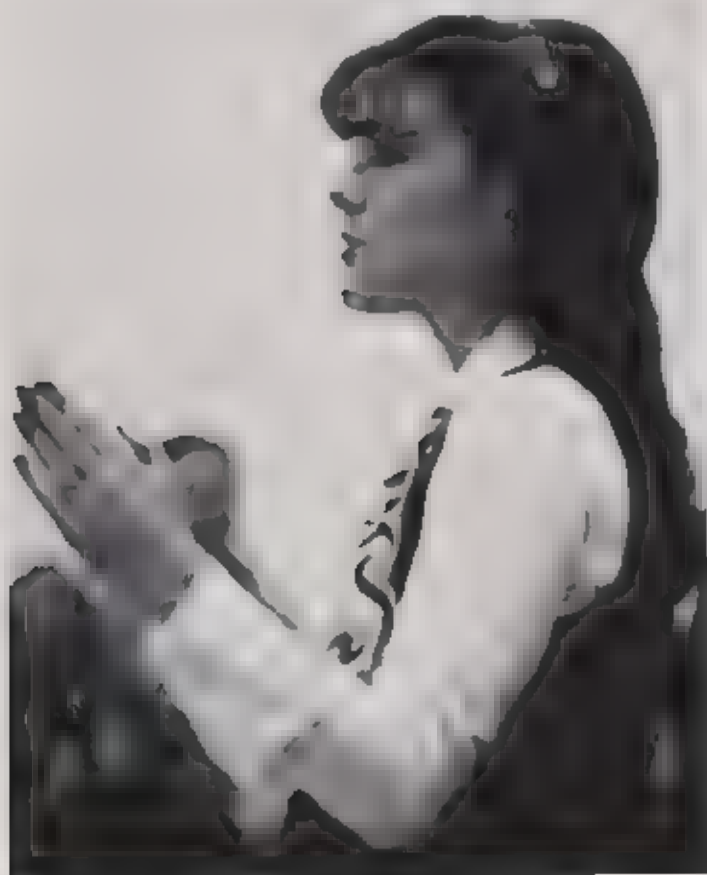

The Sprayberry junior varsity cheerleading squad was just a step on many talented girls ladders to their goal of becoming varsity cheerleaders. The squads compatability and love of cheerleading was reflected in positive crowd response.

The squads' efforts did not go unrewarded. At the National Collegiate Association Camp attended in the summer of '80 they ranked among the highest on a varsity level. They also captured the Golden Eagle region championship at the University of Georgia, qualifying them for a national Golden Eagle competition. Sponsor Kim Martin has obvious reason to be proud of her hard working squad.

EXPERIENCE ACCENTUATED a fine performing junior varsity squad this year. Captain Gwyn Morgan's leadership talents were a factor in this success.

EXPRESSION and voice projection are cheerleading elements which sophomore Terri Allen has well mastered.

# MAT MAIDS

## BEHIND THE WRESTLING SCENE

Another year of dedication and school spirit was exemplified in this year's Mat Maids. These girls went out of their way to take care of the seemingly trivial details, that, in the end, turn-out to be of such vital importance. Some of their responsibilities were taking state, taking juice to the wrestlers after their matches, and keeping the morale up in general. They were the "cheerleaders" in the wrestling arena. Without their constant support, the team may not have been what it was.

1980-81 MAT MAIDS Front: Christine Piik, Jeannie Voipe, Debbie Stephens, Mychelle Henson, Roberta Botni, Terri Oschenfeld, Amy Roland, Julie Farcieth, Jane Orr, Karie Spurgeon, Lisa Pope, Susan Easter, Pam Hileman, Jennifer Ramsey, Donna Parks, Kerri Todd, Karen Bowman, Susan Neal, Libby Robbins, below: Senior Mat Maid Debbie Stephens assists one of the officials during a match

## JACKETTES "Strut Their Stuff!"

This year's 1981 Jackettes continued their tradition of "uniqueness" this year as they performed various entertaining routines, including the annual Christmas pep rally. Although these girls are also considered to be part of the band, they venture off on their own during

basketball season, when the marching band concentrates on the symphonic season. This year's sponsors were Betty Wade and Ellen Whitehead. Both attended practices to oversee the girls. Overall, it was a very successful season for the Jackettes this year.

*CLUBS AND ORGANIZATIONS at Sprayberry High are so numerous and varied that they give each and every student the opportunity to do their own things. All twenty-three clubs, ranging from ecology to student government, hold meetings, have parties, and work on projects. The clubs of Sprayberry are growing, improving, and outranking others, exemplified by the SGA ranking top among other schools in bringing in 221 pints of blood in the*

# THE STUDENT GOVERNMENT ASSOCIATION: A PROUD TRADITION

THE STUDENT GOVERNMENT ASSOCIATION OF SPRAYBERRY HIGH SCHOOL is an honored tradition. The club is the bridge to overcome the communication gap between students and faculty, trying hard to please both. Run entirely by responsible students representing each homeroom, the club sponsors many yearly festivities. In the fall, the S.G.A. sponsors an ice cream social for all members, football players, coaches, faculty and cheerleaders. Early in the frost-bite season, they sponsor a blood drive and winter wing-ding. They wrap-up the year with the Spring-fling, which involves the entire student body. The dedicated sponsors for this year were Diane Paty and Debbie Overstreet. Though the club is student oriented, these sponsors played a vital role in the club's success. This year, Sprayberry's Student Government continued it's tradition of excellence with the aid of dedicated sponsors, officers and members.

GUEST SPEAKER DEE-DEE Arnold chaired the Mike Davis fund-raising campaign.

The underlying secret to the S.G.A.'s national recognition can be defined by one word: Involvement. Not only does it involve the members and faculty, but the entire student body as well. This year, Sprayberry's student government continued its tradition of excellence by concentrating even harder on their purpose as a liaison between students, faculty and the community. With the aid of dedicated sponsors, officers, and members, this was a goal well accomplished.

THE S.G.A. ICE-CREAM SOCIAL brought out the animal in many a student, including Tessie Dittman.

PONDERING THE POSSIBILITY of an invisible rabbit, Richie Greenfield contemplates thoughtfully his next move

## Drama Excels Once Again

Once again, Mike Moss' "Mossketers" produced an excellent crop of actors and actresses. Their productions continued to show a definite air of professionalism. Through much dedication and hard work, the club succeeded in accomplishing many goals for the year.

Among those goals was the successful fall season comedy *Harvey*. Playing a convincing lead as Elwood P. Dowd, Roy Johanson had everyone, namely the audience, convinced that he was keeping company with a six foot white rabbit named Harvey. Other effective scenes were portrayed by an excellent group of novice actors. *Harvey's* conglomeration of wit and drama will be long remembered by its audiences.

**TRUE LOVE** Chris (Joey Novis) finally builds enough confidence to show Ann (Margot Lipp) the love he has for her. Joey and Margot have both appeared in other Moss productions: Joey in *HARVEY* and Margot in *THE GOOD DOCTOR*.

**KALIEDESCOPE** entertainer Mark Dobbs amuses a young onlooker at the Civic Center. *Sprayberry* was invited this year to take a special part in the festival. **TOP 1980-81 DRAMA CLUB** **BOTTOM** Laura McEntire, Dawn Jamison, Beverly Wilkams, Marca Shrum, Waymon Post, Melissa Wood, Michael Moss, Matt McCoy, Nancy Gant, Jeff Poteat, Scott Barland, Laura, third, Connie Moss, Elana Velazquez, Angie Taylor, Marl Sulpen, Mark Robertson, Lyn Verner, Roxi Reed, Terri West, Susan Cooper, Mark Dobbs, Joey Novis, Margot Lipp, Tammy Brauner, Michelle Davis, Angie Pack, Tessie Dittman, Lyta Shadburn, Angela Canaday, Deidra Parker, second, Debra Jane Luney, David Klang, Richy Greenfield, Tammra Painter, Jouone White, Keith Patt, Steve Edison, Mike Chrznowski, Scott Smith, Michael Kirkpatrick, Rhonda Blackwell, Alan Kollar, Susan Bedgood, Laura Attley, Anders Ivarson, Sheila Ledford, back, Eddie Manner, Jennifer Baumann, Jeff Pharr, Marlene Viera, Roy Johansen, Eddie Putz, Steven Cruz, Sally Rice, Butler Day, Bill Fuller, Tamara Johansen, top, Susan Rice.

## A GLANCE AT "ALL MY SONS"

Tonight's play focuses on the Keller family during the Post World War II period. The question posed by Mr. Miller is a basic one: Which is more important, family ties or humanity towards all and where should we draw the line? # Math Team: the Place to Figure it Out!

The Math team consists of many scholastically minded students who excel in Math. They compete in tournaments all over Cobb County. Many of the students receive special honors for their Academic talent such as certificates, trophies, and chances at college scholarships. The two teachers who make this group such a success are Ed Brown and Ed McCleod. The Math team has done an excellent job this year and should be commended for their hard work.

For those students who elect to take a foreign language, the Foreign Language Club is the place to get involved. Aside from their sponsorship of the annual foreign language week, the club is also very active in other ways, such as taking numerous field trips to various restaurants specializing in foreign cuisine which familiarizes the students with different types of food. At their frequent meetings, ideas are brought up as to how to get students interested in taking a foreign language, which is the main reason for the foreign language week. The F.L.C. provides a bridge to fill the gap from the foreign language teachers to their students. The activities that this club is involved in lets the students be with their teachers as friends and sponsors, instead of just teachers.

## FOREIGN LANGUAGE CLUB SPEAKS FROM ABROAD

## CIVITANS HELP OUT

Of the numerous community service organizations, one of the most active is the Junior Civitans. This civic minded club provides many services throughout the community, but also throughout the halls of Sprayberry. Among their many projects, one of their biggest and most successful is the annual singing Valentine. Another project that is very popular is the performing of a Christmas skit during the Christmas pep rally. The Junior Civitans help their community and their school to be a better place to be.

Left - ANOTHER IMPORTANT POSITION which is required for any club to be a success is that of Vice-President. This year's acting Vice-President was Junior Janet Jackson.

Bottom right: PUTTING HIS ARTISTIC ABILITY TO WORK, Greg Wiggins makes signs to advertise the Key Club car wash which was held to raise money for Mike Davis' operation fund.

"A cut above" can be best used to describe the Sprayberry Key Club. Trying to maintain the theme, "Dare To Influence," the club spent the year building their name and getting it in the spotlight of the student body.

Promoting leadership was one of the clubs objectives. This was met by attending many leadership conferences. A representative from Southern Bell and Richard Castillucus talked to the club members, giving vocational guidance.

Major projects highlighting the year include a Bowl-A-Thon for the American Cancer Society, breakfast on the Square with the Marietta Kiwanis, and a car wash held for junior Mike Davis' operation fund.

The most inspirational part of the year was the state convention held in Macon, in which a moving and thought provoking speech was given by Guy Sharp. Members came home with a determined pledge to continue their program to "Dare To Influence" the student body of Sprayberry High School.

# FHA SERVES THE COMMUNITY

In working to improve personal, family, and community life, the members of the Future Homemakers of America develop responsibility and leadership qualities. This goal is achieved through participation in community and social activities sponsored by the club.

The major fund raising event for the FHA is selling cookbooks, which was a big success this year. With the money earned, the club bought a new sewing machine and equipment for the food labs.

Dressing up on Halloween and visiting the children in Kennestone hospital has become an annual project for the FHA. Other projects for the year included giving money to the Secret Santa fund at Christmas and bringing treats at Easter to the children at Kindercare Child Care Center.

Social activities included the club's annual Chinese dinner held at the China Garden, and the club's End of the Year picnic, where new members meet and learn more about the club.

If nature is your thing, then the Ecology club is the place to be. This year's club was a strong and active one. Aside from their usual packing trips, this year the group went "rapelling" at Mount Yonah. An experience which was new to many was that of hanging off the side of a cliff with nothing but safety gear and a rope to keep them from the rocks below. This year's sponsor was Frank Godfrey and, as usual, he did an outstanding job. Mr. Hutcherson was also very active in the club by helping to chaperone the trips. With the strong leadership of these two men, Ecology Club students learned safety tips and necessary information for staying "in the wild." Overall, this year's Ecology Club continued the tradition of excellence that it has consistently maintained.

# BUSINESS CLUBS OFFER OPPORTUNITIES

Students interested in preparing themselves for a future business career are given the opportunity to join any of the four business clubs at Sprayberry. These clubs are: Distributive Educational Clubs of America (DECA), Future Business Leaders of America (FBLA), Vocational Industrial Clubs of America (VICA), and Vocational Opportunities Club of

America (VOCA). Through educational activities and skills competitions dealing in areas from marketing to industrial trade, students are given the chance to learn more about the field of interest to them.

"We're here more than the janitors are!" commented Sergeant James Rushton concerning the numerous extra practices required to have made this group what they were.

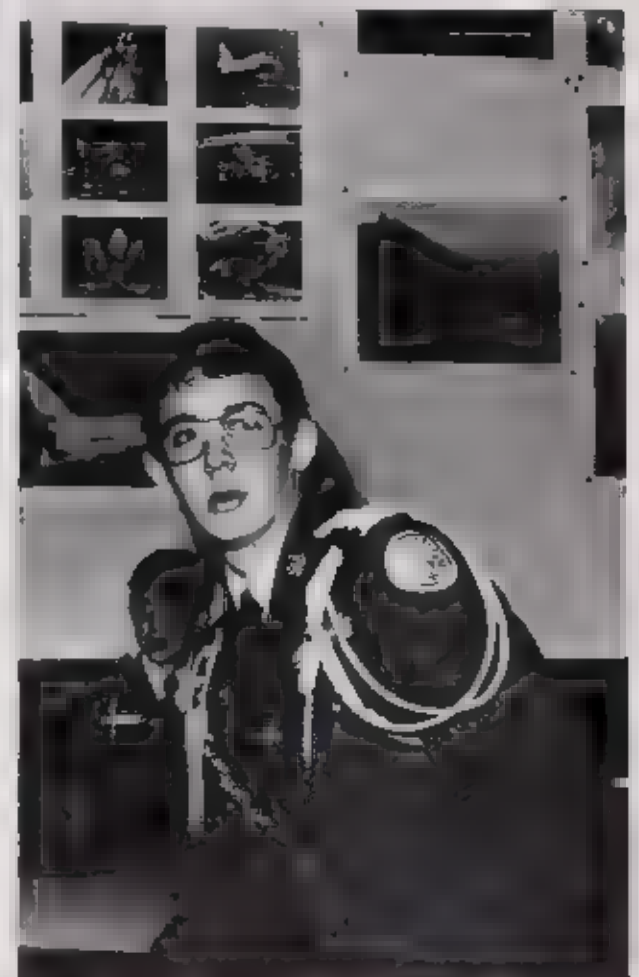

Many a student witnessed their precise drilling out in the student parking area before and after school. This constant practice built a close-knit, disciplined unit.

# TESTING KNOWLEDGE

In Academic Bowl, which is sometimes called "Quiz Bowl" or "Brain Brawlers," different schools compete in a game show type event where the members of each team are asked general knowledge questions. The accelerated learning classes sponsor the

teams and it is necessary for students to have superior academic knowledge and much self confidence.

Sprayberry's team this year successfully put their knowledge to the test to become one of the top teams in the country.

Above: DISCUSSING POSSIBLE ANSWERS to an Academic Bowl question are team members Angela Canady, Joe Fox, and Joey Helmick.

# CHESS TEAM HAS SUCCESSFUL FIRST YEAR

Sprayberry's Chess team joined the Georgia Scholastic Chess Federation this year and began their first year of competition. The team had a very successful year, much of which was due to the efforts of Jamie Hamilton. Jamie placed third in the Georgia High School tournament and was one of Sprayberry's outstanding Chess team members.

The team finished the season with a

4-2-1 record with wins over McEachern, Douglas County, and Crestwood. The teams only losses were to Osborne and Buford, and they tied with Pebblebrook. The team won the county tournament by defeating Osborne.

With the help of Mr. Dechman, Sprayberry's first year Chess team had an excellent season and they have a bright outlook for the coming years.

## DEBATE TEAM PLACES THIRD IN THE REGION

During the past year, the Sprayberry Debate team became an affiliate chapter of the National Forensic League, an organization devoted to the promotion of public speaking.

The team attended a tournament at Rabun County High School in the fall and debated this year's topic concerning product safety and whether the U.S. government should guarantee product safety. During the winter the team placed third in the Region 5AAAA debates held at West Georgia College.

# FELLOWSHIP OF CHRISTIAN ATHLETES

Right - THIS YEAR'S VICE-PRESIDENT Craig Cook was also chosen as chaplain for next year's Student Government. Below - COACH CLOUSE was a dedicated, hard-working sponsor this year for F.C.A. His input into the meetings gave that time a special meaning that all present could feel.

The Fellowship of Christian Athletes has always been a strong organization at Sprayberry, and, as always, they continued that proud tradition. The consistency of the members was portrayed in their weekly meetings in the commons area. With the assistance of sponsor Ken Clouse, the club had a meaningful time of fellowship and discussion every Thursday night throughout the entire year. Sprayberry has a proud reputation of active and productive clubs and the F.C.A. group has continued this reputation of past years.

Left - AS A SENIOR this year, Tracy Ray was consistent with his loyalty to the Fellowship of Christian Athletes. He continually supported the club, and added to its success.

Below - THE MIKE DAVIS FUND was this year's biggest project. The group raised quite a bit of money to de-fringe the huge costs of his lengthy hospital stay

The Prayer Group is a newly found organization this year at Sprayberry. Brenda Stewart and Jamie Cordell are two of the students who helped form the prayer group in the fall of 1980. Many other students joined at that time and decided to meet daily in the early hours before school. Mrs. Lockhart was asked to be a sponsor and she met with these students each morning. After her leave began Mrs. Motter graciously picked up the sponsorship. The purpose of the Sprayberry Morning Prayer Group is to pray, have fellowship, sing, and complete projects that will assist the school and community. Some smaller projects such as donations of food, clothing and money to needy families at Christmas were also completed successfully this year. Even though the club was brand new this year, they were of great consequence, and even greater things are expected for next years' group.

Below: MUCH INSPIRATION AND ENCOURAGEMENT CAME FROM ONE MAJOR SOURCE for the students involved in Art Honor Society, that was in the form of this year's sponsor, Dorothy Boyd.

The halls of Sprayberry have been literally infiltrated with a wide variety of vastly gifted students. Some of the more recognized ones are, of course, the athletes and band students. But what about all of those individuals who stay secluded back in the art hall? This is one of the main reasons for the Art Honor Society. Persons who have, or are hoping to excel in whatever art they choose, whether it is in pencil, paints or three-dimensional design, are encouraged to show their art in a competitive manner. This club also helps to publicize the work of promising artists which in turn encourages them to pursue their work further.

# S.A.F.E. COUNCIL: THE DEDICATION CONTINUES.

Have you ever wondered who painted the lines in the parking lot? What about the fire extinguishers in the hall; who makes sure that they are in working order after one of the wittier students has sprayed it until it won't spray anymore? Well, to answer these and many other questions, one has only to look as far as the SHS Safety council. These safety-conscious students do many other vital tasks that often go unnoticed such as planning fire drills and take-cover drills. This organization is an important "behind the scenes" club which does not often get the credit it deserves.

# THE PLACE TO

# learn it

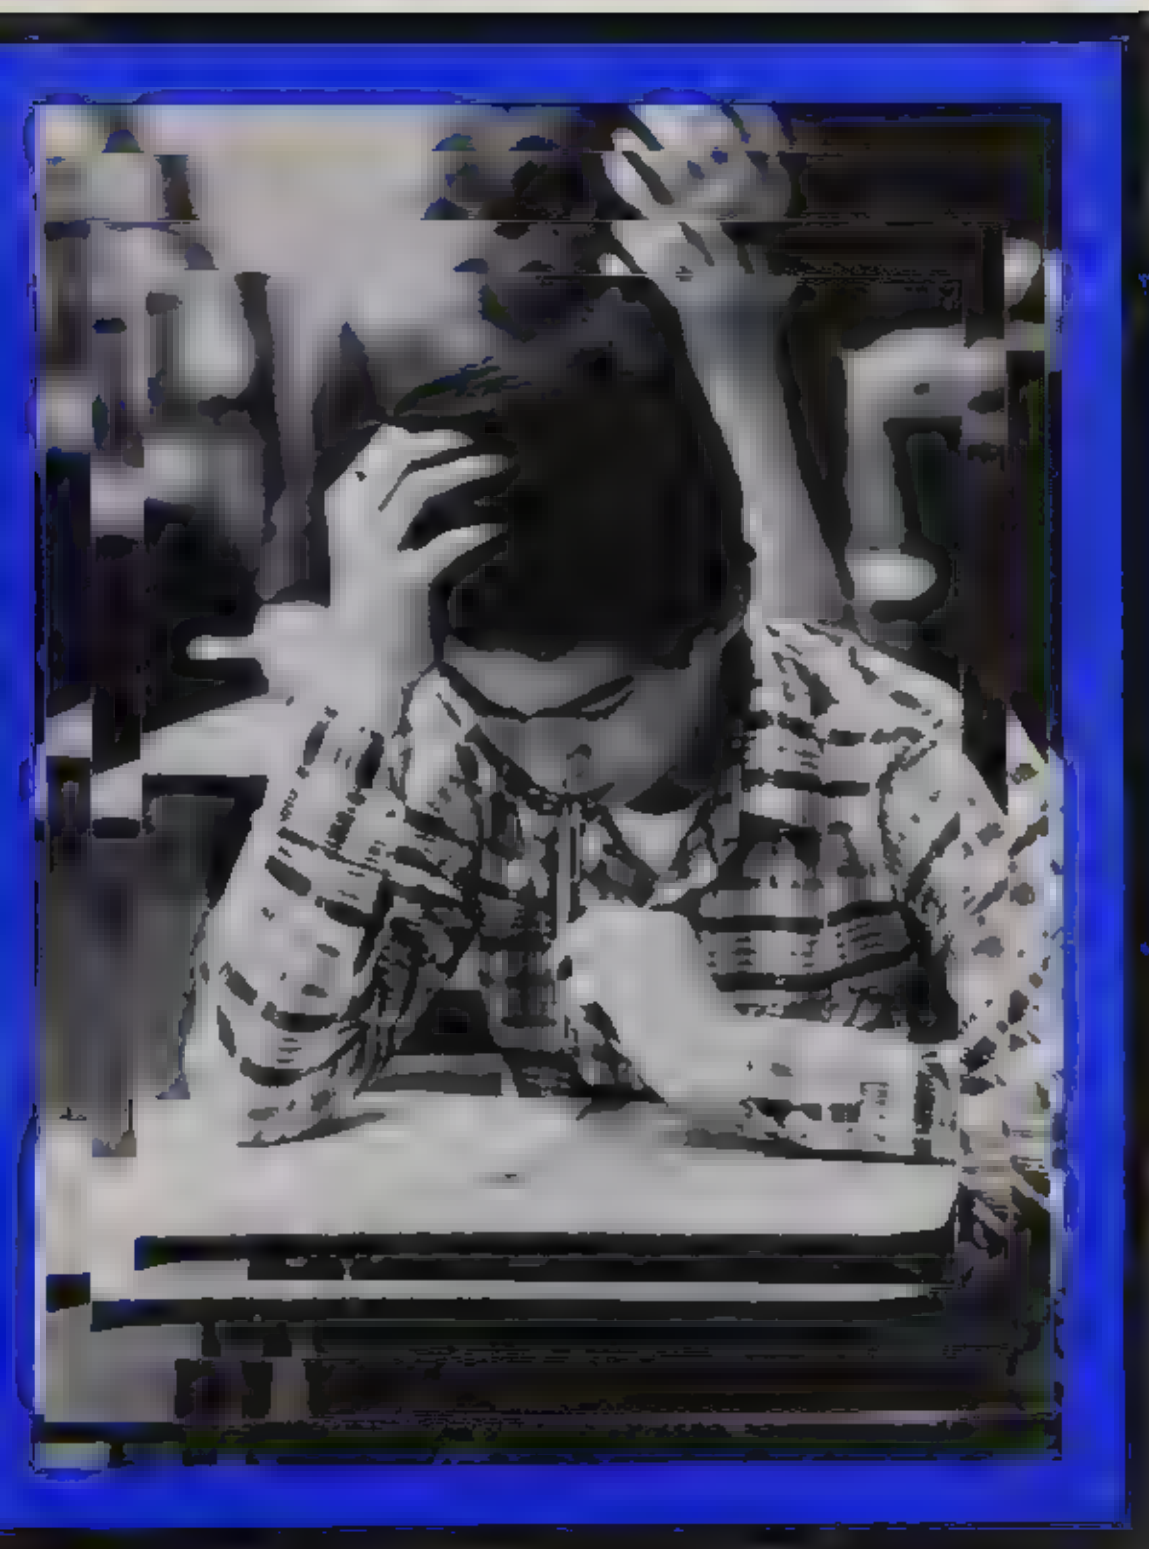

*ACADEMIC COURSES offered by Sprayberry each quarter give the student body a wide variety of classes with quality subject matter in order for the students to learn it all.*

*Classes such as chemistry, algebra, and world history are split into two or more levels so the student can take the level where he or she is most likely to succeed. Another strong point showing the efficiency of Sprayberry's academic courses is the*

*opportunity for certain freshmen to get a head start and take higher level classes other freshmen are not able to handle. This gives them the chance to fit in more advanced classes their senior year, usually helping out most if they plan on going to college. The special courses offered and the methods of teaching make up a strong academic department, being just one more reason why Sprayberry is . . . the place to be.*

# ROGER RUSSELL

Leads 1029 Years  
Combined Teaching  
Experience

Sprayberry would not be the place it is today without administrators like Roger Russell, Jay Dye, Jim Harrison, Hal Cochran, and Judy Patterson. This superior group works seven days a week, and nine to ten hours a day by attending Friday night games, concerts, and any other functions students may have in addition to the regular school day.

Roger Russell and his assistants guide one thousand and twenty-nine years of combined teaching experience. Mr. Russell feels that his staff, comprised of teachers, coaches, counselors, and secretaries, is one of the things that makes Sprayberry the place to be because students can come to any teacher or administrator with a problem, and receive help.

PRINCIPAL Roger Russell makes several appearances throughout the year at pep rallies, and luncheons. Nineteen Eighty Eighty-one was Mr. Russell's sixth year at Sprayberry.

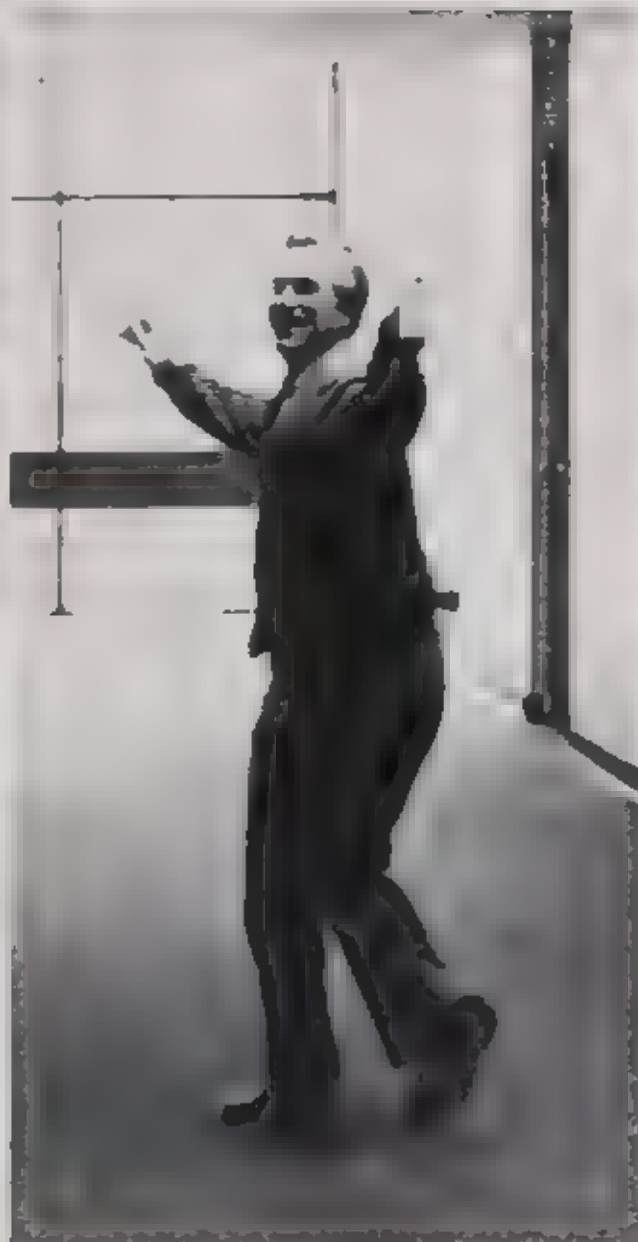

**A PRINCIPAL OR TEACHER?** Jay Dye shows his valuable shell collection to students in zoology. Mr. Dye is responsible for lockers and for disciplining the freshman and junior boys.

**RESPONSIBLE FOR SCHEDULES** each quarter, Charles Lee ponders the proposed schedule for winter quarter. Student discipline and pre-registration are some of the main responsibilities for Mr. Lee.

**HARDWORKING** Judy Patterson works quietly in On Campus Isolation (OCI) during first period. Along with being an assistant principal, Judy Patterson is also a science teacher.

**ON HIS WAY** to room 409, Mr. Harrison seems undismayed by the prospect of holding still another detention hall, one of his many duties. **DISCUSSING** a vehicle problem with a student. Mr. Cochran takes care of the parking lot, one of his chief responsibilities.

# SPRAYBERRY . . .

From the guidance office to the front office, Sprayberry is in good hands. When students have a problem or conflict they have a friendly and patient crew in the guidance office to help solve problems or conflicts. Counselors Lanell Sims, Miriam Hipsher, Ben Jones, Millie Grondo, Farris Foresman are always helping students with a school or career guidance.

Late to school? There are three patient ladies students know they can trust; Ellie Hall, Carol Granon, and Irma Garner are responsible for checking students in and out of school. These ladies can always be found in the attendance office working hard to make sure Sprayberry gets its money from the state. Pat Goldie, pupil personnel clerk, is a well respected administrator by students because she is always there to help.

Sprayberry has a fine group of secretaries, and department para-professionals. Carol Smith, school secretary, is a helping hand to students and teachers. She is also the friendly voice students hear in homeroom and in the afternoon. Department para-professionals and aides are very important to teachers because they are responsible for typing worksheets and test.

Bookkeeper Betty Grove can always be seen in the main office working with money and balancing the schools checking accounts. Officer Ray Owens can be seen in his blue car or in the main office making Sprayberry secure.

These people and others help make Sprayberry the place to be.

Right: CAROL SMITH, the reliable voice of the mornings and afternoon announcements, has been a faithful employee of Sprayberry High School since the doors opened in nineteen seventy-three. Mrs. Smith is a very organized secretary.

# CUSTODIANS KEEP IT CLEAN

Working at Sprayberry isn't an easy job. The custodians begin their work day around 7:00 in the morning and work continuously until 3:30 in the afternoon. The custodians must constantly clean the halls, locker stalls, and stairways to insure the cleanliness of the school.

The maintenance crew plays a big part in our schools daily operations. They go from changing light bulbs to fixing generators, from painting walls to repairing clocks, and from sweeping floors to replacing ceiling tiles.

We express a special vote of thanks to our custodians whose work behind the scenes made Sprayberry a better place to learn.

## LIBRARIANS KEEP IT STRAIGHT

The Media Center provides students with the information they need. Students can check out books and research many different subjects.

The library provides a wide variety of sources for research. These sources are video machines, films, card catalog and periodicals as well as books. If students need extra help in finding their materials, the librarians are willing and ready to give their assistance.

The Media Center also has a copy machine to allow students to make copies of articles and other information quickly.

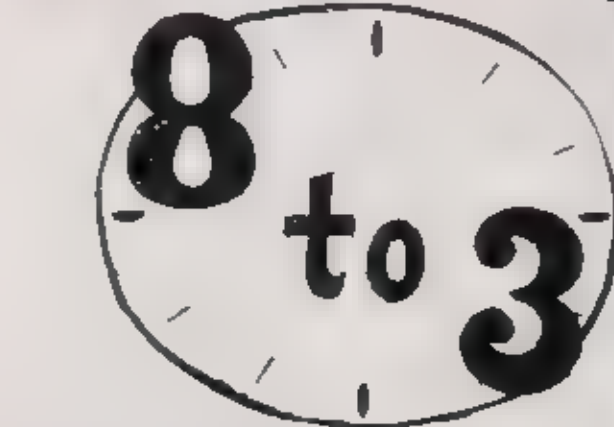

Above Sprayberry's Media Staff consists of four very patient ladies. They are: L-R. Beverly Adkins, Louise McCord, Ruth Strother, and Jean Tribble. Left: Taking a much needed break after the lunch period rush are Jean Tribble, Beverly Adkins, Louise McCord and Ruth Strother

# THE PLACE TO BE FROM . . .

From August to June millions of students across the country attend school from eight to three, but only a few have a chance to attend Sprayberry between these hours.

At the crack of dawn the custodians arrive to start preparing Sprayberry for the day's activities. About 7:45 students begin to arrive and mingle in the commons area and gym. Soon Mr. Cochran is heard over the intercom: "Students, let's start clearing the halls; you have five minutes 'til homeroom."

After homeroom, students attend classes first through seventh periods and at 3:10 rush to the parking lot to catch a bus or a ride with a friend. Some students stay after for various activities such as club meetings or

practices for particular sports.

Whether it be from 8:00 to 3:10 or 8:00 to 12:25, Sprayberrians crowd the halls and grounds until time to leave for home, work, or the lake. All make Sprayberry the place to be from eight to three.

**MORNING DUTY** is one of the most dreaded duties teachers fulfil. Dana Pate makes sure no food fights breakout.

**HOMEROOM** IS A time to finish homework, complete school forms, study for a test, and sometimes even catch a few winks of sleep.

**AFTER THE MORNING** announcements, Student Government Officers give the Pledge of Allegiance. SGA president Daryl Mauldin informs students about the upcoming blood drive after the pledge.

**RICK ZIEGLER** seems to be a little late to school.

Sprayberry's Math Department provides many levels of mathematics, from Foundations to Calculus. The downstairs hall is filled with algebra, geometry, and business math courses where Sprayberry's teachers such as Ed Brown, Regina Overstreet, and department head Kathrine Keller instill basic facts into math students' brains. Sprayberry's math department also sponsors a math team, which competes in county and region tournaments.

# SCIENCE BRINGS STUDENTS DOWN TO EARTH

The science department at Sprayberry is one of the largest in the county. Students have a variety of interesting science courses they may choose from. Although Sprayberry students only need thirty hours to graduate in science, students often take more than required.

Science is a continuing learning experience as students learn something each day that applies to what they learned the day before. Science encourages students to be aware of and understand their surroundings.

The department offers General Science for freshman students where they learn the foundations and basics of science. For sophomores the department offers a more complex course, biology, where students experience the more interesting aspects of science. Upon becoming juniors and seniors students can take courses in zoology, social biology, physics, and outdoor education.

The department offers something for every one to help answer questions students may have about earth or man. The department answers these questions by working with various things like plants and frogs. These are a few reasons that Sprayberry Science department is making this the place to learn and do it all.

**Left: COLD?** Betty Wade, Social Studies teacher, and Lisa McFarland, English teacher, help to promote school spirit by attending a home football game against Marietta.

The Language Arts department offers something for every student at Sprayberry. About forty hours are required for graduation in Language Arts. A freshman will usually take Grammar and Composition One. From there students have a larger variety of courses they can take ranging from Modern American Literature, English Literature, Mythology, and Rec. Literature, where students are required to read a certain amount of books to pass the course. The department also offers Advanced Grammar and Composition IV for the college bound students.

The Language Arts department also has several fine Drama classes, although a Speech course is required before someone may take a Drama Class. Introduction to Theatre Arts and Advanced Acting are just a few offered.

The Language Arts department is a very important part of Sprayberry. English courses also help students in their other classes. Therefore, it could be said that English speaks for itself.

When Sprayberry students enroll in a social studies class they learn a little bit about what goes on around the world. Geography takes freshmen anywhere from Africa to England. Sophomores learn about ancient and modern civilizations. When students become juniors the social studies department brings them back to America in U.S. History. Seniors are faced with the challenge of the Federal Government, required for graduation.

The department also offers such courses as Citizen and the Law, Sociology, and Psychology where students learn about themselves and others. A new course, Contemporary Affairs, allows students to study and talk about current events in the world.

The department also sponsors a Close-Up trip to Washington D.C. where students study politics and federal government for a week. Close-Up participants meet with various Senators and Congressmen for question and answer periods, along with seeing the sights in Washington.

Social Studies teachers help sponsor a variety of school functions. Department Paraprofessional, Dianne Paty helps sponsor SGA, along with Debbie Overstreet. Sharon Lynn helps to produce the ECHO yearbook. Varsity Cheerleader sponsor Karen Lockhart works long hours to help promote school spirit.

Through these classes and other extracurricular activities the social studies department helps to make Sprayberry High School the place to be and learn it all.

CONGRESSMAN LARRY McDONALD makes a rare appearance at Sprayberry in Karen Lockhart's federal government class.

Sprayberry has one of the best Physical Education Departments in the county. The department is very well organized by department head Jimmy Dorsey, other P.E. teachers include Joan Chandler, Whitey Tucker, Jim Frasier, Johnny Caldwell, John Paty, and Frank Keller.

# SPECIAL EDUCATION

The Special Education program at Sprayberry High School is broken down into three basic parts: deaf education, accelerated learning, and learning disabilities. The special ed program consists of thirteen teachers, four aides and two hundred to two hundred thirty students. Throughout Cobb County the special ed program is steadily climbing to become even better in upcoming years.

The deaf ed program includes a

variety of means of communications including sign language and lip reading. Sprayberry is the only school in Cobb County which teaches interpretation.

During the deaf ed learning process, the teachers and students undergo many frustrations. Mrs. Brumbelow says, "the students have many inner stresses. Sometimes they become exhausted watching my hands six to seven hours a day." Mrs. Brumbelow gets to know her students more closely because she devotes many hours of her everyday life to teaching them responsibilities. She learns their traits and frustrations at school and at home and helps her students cope with them.

Another asset to the special ed department is the accelerated learning program, taught by Tom Dechman. This program provides an outlet for gifted students to excel in areas which are not taught in other classrooms at Sprayberry.

Students may qualify for this program in a number of ways. First, a 3.5 grade point average and teacher or counselor recommendation will qualify a student. Other means of getting into the program are a 95% score on the standardized test or an I.Q. of one and three fourths standard deviations above the mean.

Some of the courses taught by Mr. Dechman include Ascent of Man, Roles and Relations, Concepts of Evil in Literature, and Social Dialects, for which students can receive English, Social studies or elective credit hours. The special aspect of these classes is that the students are taught the hows and whys and the science of the subjects to render them more interesting and profitable.

Learning disabilities and behavior disorders are also a part of the special ed program. Learning disabilities consists of students who have an "average intelligence, but have trouble understanding academic material because of a unique learning style," according to Mrs. Sloan.

Sprayberry High School is very proud of the Special Ed program. Sprayberry has one of the best programs in Cobb County due to the dedicated Special Ed faculty.

# FOREIGN LANGUAGE

## STUDENTS WORK WITH WORDS

Sprayberry's Foreign Language Department could be called the little department that offers a lot. When a student enrolls in a foreign language class they learn more than another language. They learn the customs, traditions, and the foods of other countries.

The department offers students three different languages: Spanish, French, and Latin. Students can take as many as four years in one language class.

The department, along with the foreign language club, sponsors Foreign Language Week, when students make posters one day, and have a food day another. On the last day students in all foreign language classes gather into the Large Group Instruction Area for music, skits and interviews with other students.

Sprayberry has three very unique departments. Home Economics, Business, and Vocational Education all prepare students for the future.

The Business Department helps students with certain skills and trades. With courses like Typing, Shorthand, Accounting, and Personal Financing.

The Home Economics department helps prepare students for when they venture out on their own with courses like Family Foods and Meal Management, where students learn how to

make different kinds of food dishes. The department also offers courses in Dating Years and Marriage and Family Planning.

Vocational Education allows students to learn about various jobs in the working world. Vocational Classes like DCT, DE, and VOT allow students to receive ten hours credit, five for class work and five hours for their jobs. Distributive Education and Vocational Office Training classes are open to all Juniors and Seniors.

WHOOPS! Accidents will happen! Inset. Gene McDuffie explains some important facts about driving. Mr. McDuffie and Milton Gissendonner

try to explain everything about being a good defensive driver

# ART AND DRIVING TAKE TALENT

Sprayberry's art department offers a variety of classes such as fibers, photography, BASO, drawing, painting, ceramics, and print making. These classes give students a chance to find out how talented they are. Mrs. Boyd comments, "Art is very important because it affects the whole student, not just his mind and intellect. Art can make a student feel good about himself and his environment in a relaxed atmosphere. Art also involves feelings and perceptions in addition to

just thinking." In order for a student to take art, he should be willing to give a little of his time and patience to his talents.

Peering over the dashboard and through the spokes of the steering wheel, many students get the chance to sharpen their driving skills behind the wheel in Drivers Education. Dodging those trucks on highways #41 and #75 is just one of the skills learned by eager students. Students

learn the proper procedures in driving and even though a few students take Drivers Ed just to knock the price of their insurance down, they end up filling their minds with the correct way to drive an automobile. Mr. Gissendonner and Mr. McDuffie are the two teachers who have made it possible for a student to know all the facts of driving. Mr. Gissendonner & Mr. McDuffie have made Sprayberry's driving program a great success in Cobb County.

DEPARTMENT HEAD, Lt. Col. Murphy assigns homework  
for the evening

# JAF ROTC FLYING HIGH

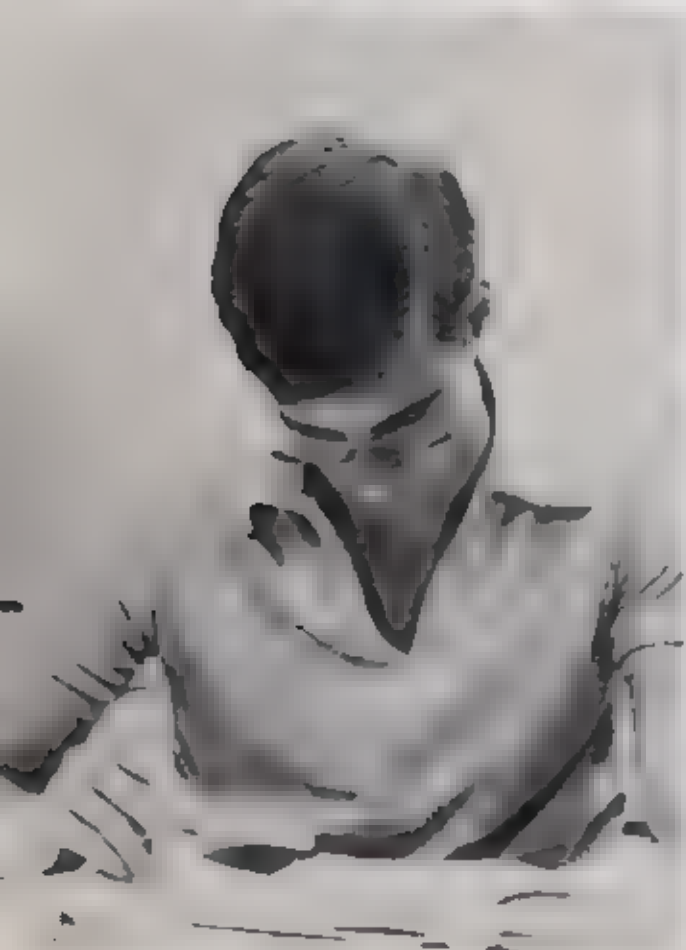

The Junior Air Force ROTC at Sprayberry is designed to introduce students to aerospace studies and military leadership while giving each cadet a first hand look at military life. Sprayberry's Jr. AFROTC has traveled to different places such as Fort Benson, Tallahassee, Florida, and Dobbins Air Force Base. The teachers who help make the ROTC program a success are Department head Col. Paramoure and his assistant Sgt. Rushton. Lt. Col. Murphy is a new addition to the staff this year also. Sprayberry's JAF ROTC provides experience for many students who wish to pursue a military career.

**STANDING AT ATTENTION** with a determined look about her, Mylinda England shows that she has pride in her band.

**RIFLE CORPS MEMBERS** Tracy Br and Jennifer Martin take time to pose before the half-time performance.

# BANANA BAND . . .

SENIOR, Scott Darch waits with anticipation for his turn to perform in concert

ADDING AN EXTRA FLAIR to the band's performance were the 1981 Jackettes

"WHO NEEDS the rest of the band?!"

DETERMINATION is one main ingredient required for a perfect performance, as Lori Clark clearly exemplifies

"Sprayberry High school Band of Gold, you may now enter the field for national competition." Closely following this announcement, the loud, familiar cheer chanted by the band parents and faithful fans can be clearly heard, even by those standing nervously at attention on the field; "GO BANANAS!!" The band's "glow-in-the-dark" yellow jackets prove to make the band distinctly different from the many other bands all over the state. This marked visual difference is one of the reasons that this group has been pegged as the "Banana band."

# ... DOES IT WITH STYLE

**MULTI-TALENTED** was definitely the correct word to use when describing this year's guard. Right - Senior Kathy Carlisle juggled a job and practice, as her attire clearly shows. Below - Playing instruments during concert season were just another of guard members Amy Colwell and Jennifer Martin's varied talents.

**INSTRUMENTALIST** Cary Brague proved that practice payed off during his half-time performances. Left - Countless hours of rigorous practice went into this year's performance as rifle corps member Cindy Jett demonstrates.

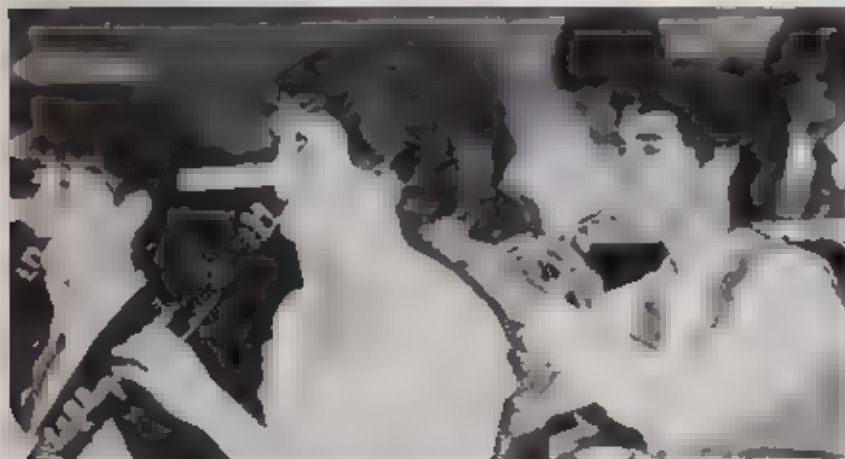

**BAND DIRECTOR** Dan Martin leads the band through another extremely successful season. With his eight years of influence in the band the program at Sprayberry has been greatly enriched.

The Band of Gold certainly proved that they "Did it with style" this past year as they captured a national ranking of third place at the Grand Championship Marching Bands Over America, held at the Gator Bowl in Jacksonville, Florida. Seemingly eternal days of practice were the norm for those dedicated band members. At the break of dawn every school day, the faithful instrumentalists and guard members could be seen marching on the practice field through the morning mist.

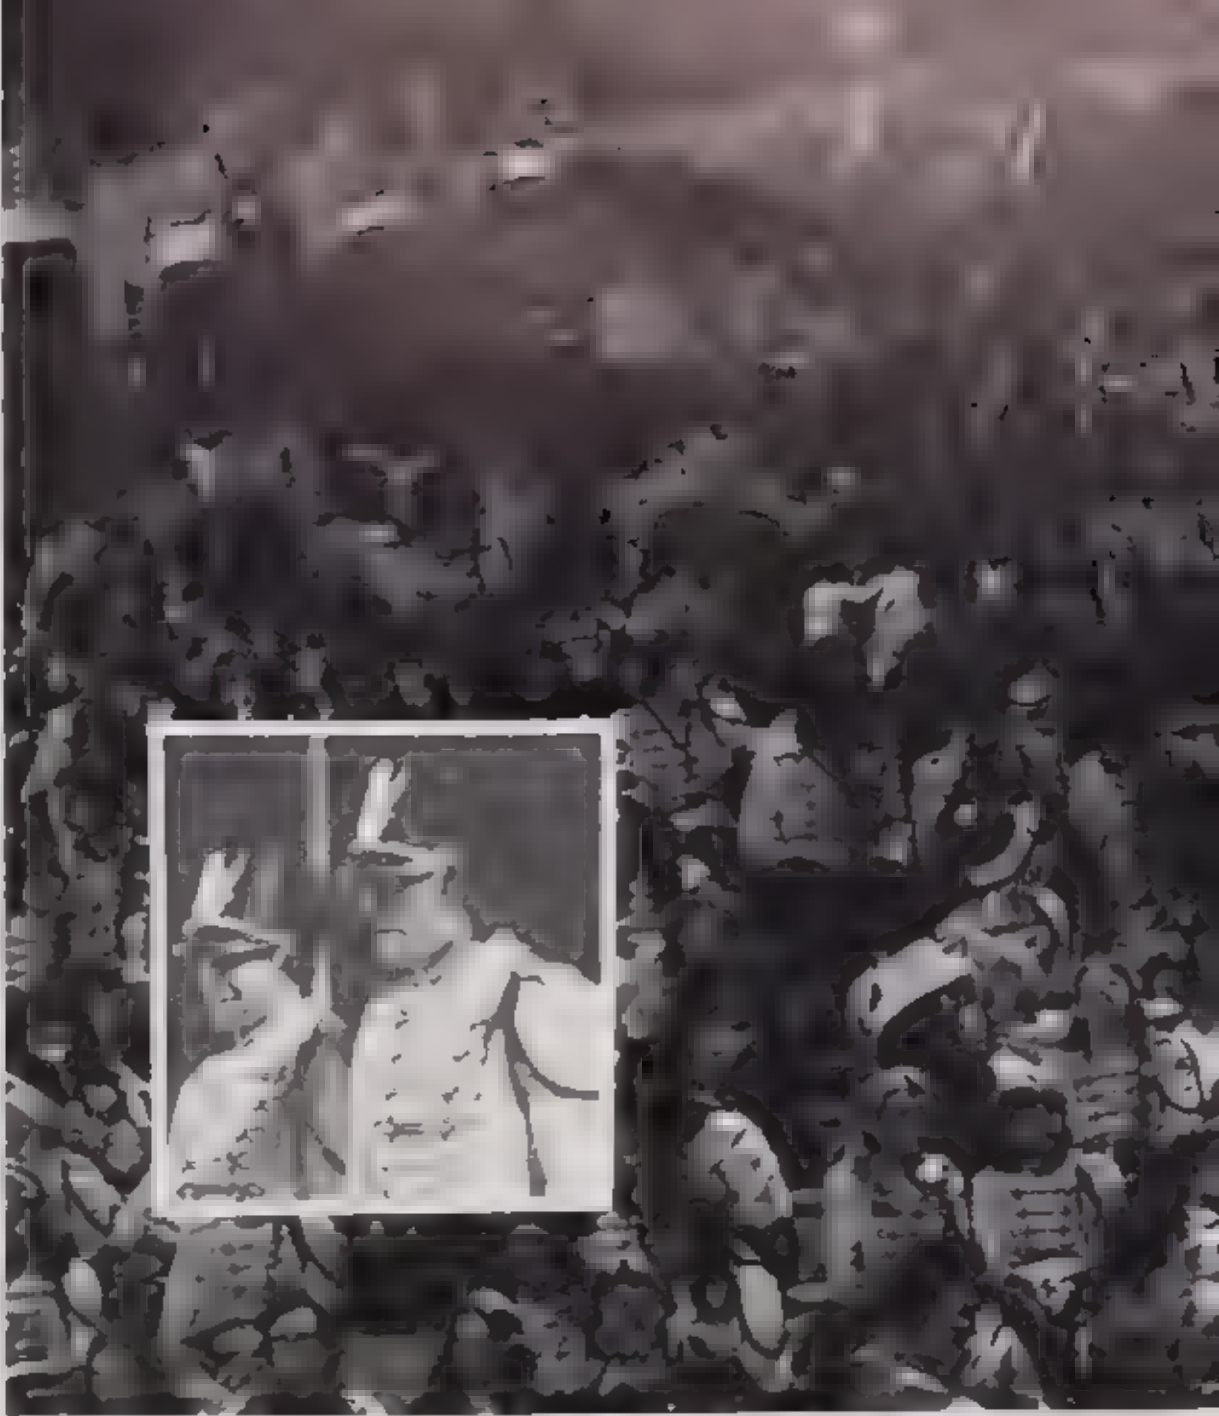

DRUM MAJOR David Luney and Field Conductor Gerri Hurst added to the much needed leadership factor in this year's Band of Gold Below: THIS YEAR'S DRUM CORPS was one of the best in the state, although it was a novice one.

CONCERT BAND MEMBERS Cindy Inzer and Wade Hutton confidently execute their musical skills.

PRACTICE RAINED OUT? No way, as junior guard member Tracy Morrison proves at a morning commons area practice. Left DETERMINATION was not an uncommon look on faces of Sprayberry band members. Julia Kemp was no exception

# CHORUSES PROVIDE BASICS AND REFINE TALENTS

"Choral music includes all academic disciplines: math in sight reading, history in styles, English in poetry, science in sound, and physical education in a strong athletic body." This is the way Doc Walt Michels describes the importance of music in high school students' education.

Sprayberry's choral department provides many levels of music education from Intermediate Mixed to Advanced Mixed to Ensemble. These groups perform at many concerts throughout the year after putting in long hours of practice in class.

Doc Michels sees that his choruses maintain high standards such as sight reading and four part sight singing. These standards make SHS the place to be for chorus.

# GOLDEN VOICES ENSEMBLE DANCE AND SING THEIR WAY INTO SPRAYBERRY'S HEART

Below: ENSEMBLE MEMBERS are selected for dancing and vocal abilities along with stage presence  
Vida Merrill shows these qualities at the Spring Concert

Sprayberry's Golden Voices Ensemble consists of choral members who possess both dancing and vocal abilities. About thirty boys and girls are chosen on the basis of singing, dancing, and stage presentation.

Led by "Doc" Walt Michels, this year's group was quite accomplished. Although there are no choral competitions to speak of, Golden Voices proved their virtue by being invited to the Great American Choral Classic in Orlando, Florida. Also, both Jeff Poteat and Mylinda England placed in the region literary meet.

Officers were President Tracy Bonner, Vice President Renee Rainey, and Secretary/Treasurer Mylinda England, all of whom have been Ensemble members at least two years.

According to most Ensemblers, being a member of Doc's Golden Voices is an experience and achievement to treasure and be proud of.

Below: TWO DEGREES, a BA in Music from Westminster Choir College and a PhD in college teaching from North Texas University, quality "Doc" Walt Michels to conduct ensemble.

Right: CERTAIN HIGH STANDARDS keep Sprayberry's chorus "the place to be." Judy Sloan demonstrates stage presence and vocal ability  
Above: DANCING IS A MUST for ensemble members. Luanne Garther, Dance Coordinator, performs "I Hope That Something Better Comes Along" with dance partner Tracy Bonner

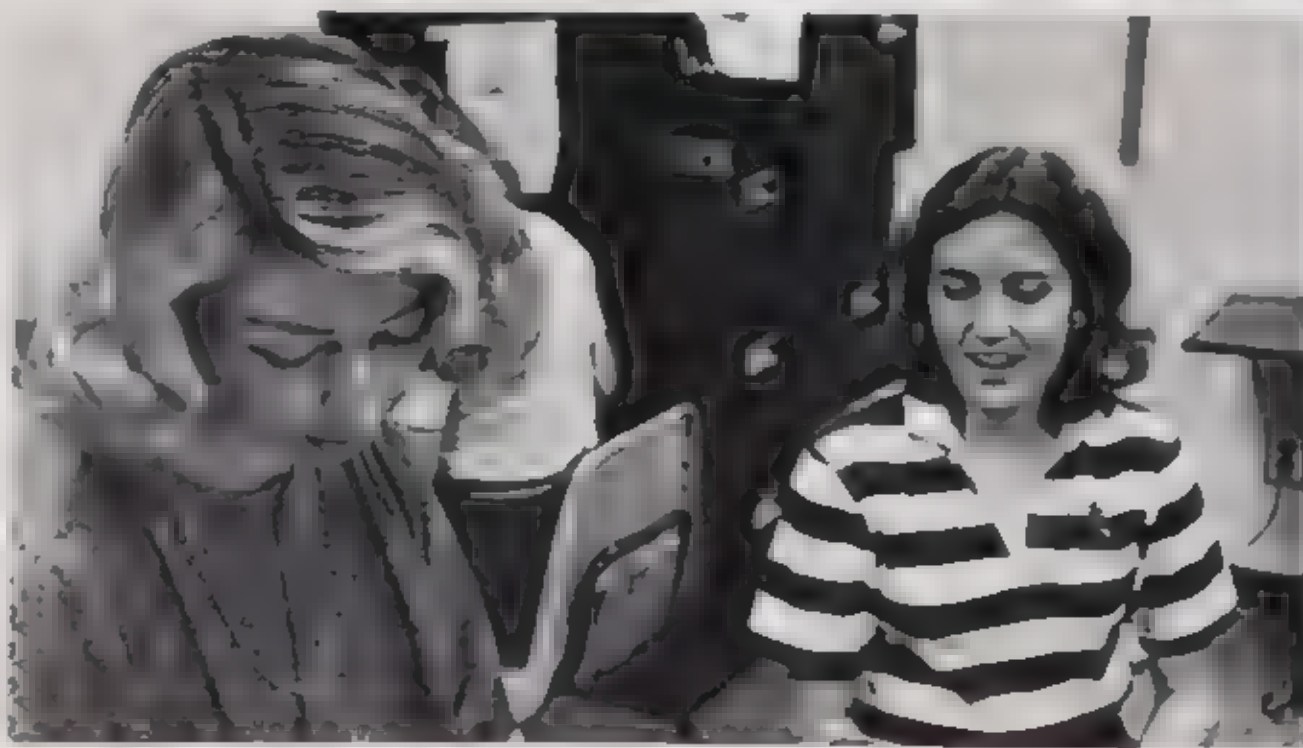

Sprayberry's **STINGER** staff is made up of dedicated writers who keep the student body informed and entertained. Ms. Patterson states, "Only the cream of the crop is selected for the staff. An individual must first take journalism before he or she can become a member of the staff." The staff tries to cover every important school-related event. The staff also puts out an issue of the **STINGER** approximately every four weeks.

Getting an issue ready to go to the printer is not an easy job. The students must write the articles, then have them proofread, typed, proofread again, and glued onto the layout page. For every story, there must be a headline, and for every picture a caption.

No other public high school has a free newspaper. Thanks to the members who sell ads to local businesses, the **STINGER** staff makes enough money to let the student body receive the papers with no charge.

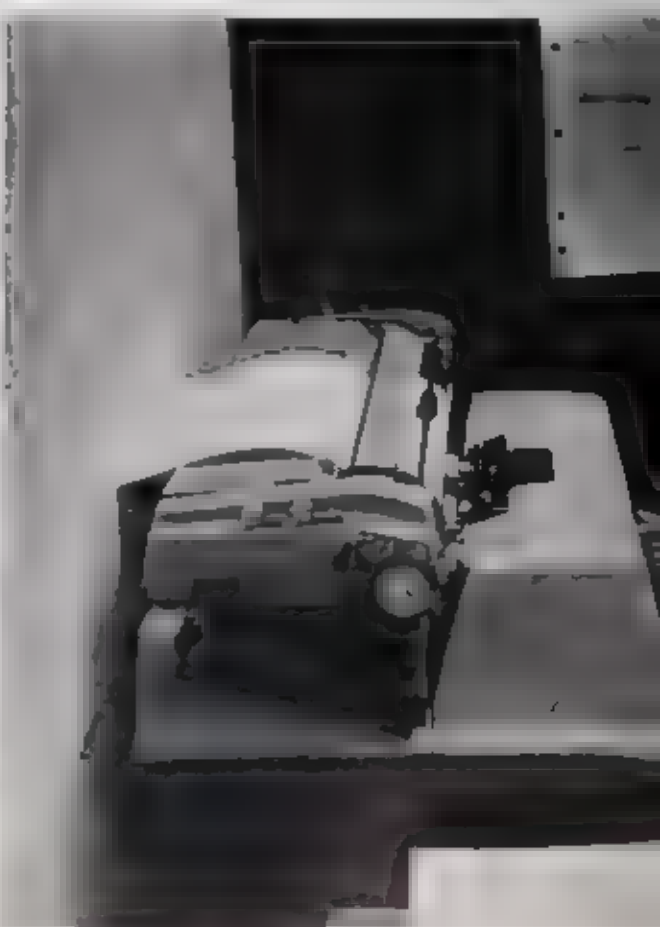

Ms. Wanda Patterson, **STINGER** sponsor, devotes many hours of her time to perfect the newspaper. She assigns the stories, and proofreads them. She will even type when the articles file has been overloaded.

**WORKING PATIENTLY**, Jeanne Strudthoff and Joe DeFranks think up some new ideas. It was brains like these that made each issue of the **STINGER** both informative and entertaining.

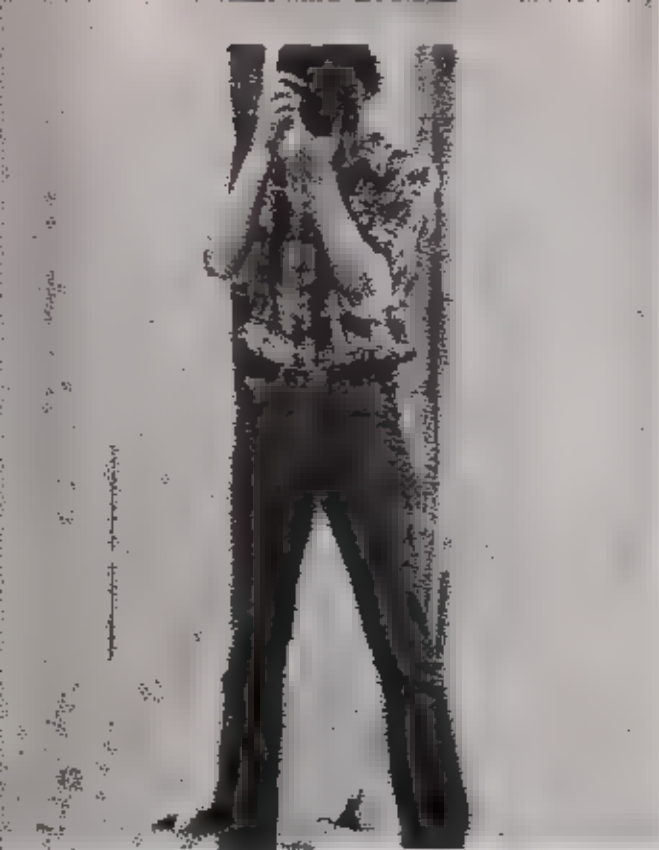

**MS. PATTERSON**, **STINGER** sponsor, tells Susan Bedgood what her next assignment will be for the upcoming deadline. Ms. Patterson assigns and proofreads all articles before they are typed. **Right**, **TYPING DILIGENTLY**, Jennifer Ramsey tries to

complete her assignment before the deadline. Typing is agreed upon as being the most nerve-racking and frustrating task in putting an issue together, as an article must be typed two or three times before it is completed.

**WALSWORTH YEARBOOK EVENT SUMMER WORKSHOP** participants Beth Day, Angie Pack, Mary Waguespack, Daryl Mauldin, Chris Lomax, Sally Walston and Tessie Dittman illustrate why they won the coveted spirit award at the workshop along with a plaque for excellent page design.

Dedication, determination, and constant worries were the main ingredients that made up the 1981 ECHO staff. Dedication is the ability to work all three quarters on the staff and still hang on to one's sanity. Determination is working 'til two A.M. on a layout due the day before, or typing copy in the typing room during lunch periods. Constant worrying occurs when pictures are needed for a layout and the staff's photo company has them.

The ECHO staff started in early June, combining these three ingredients at a summer workshop. This event was held at Olgelthorpe University from June 31 to July 2. Participants Sharon Lynn, Angie Pack, Bruce Rhodes, Tessie Dittman, Daryl Mauldin, Chris Lomax, Sally Walston, Beth Day, and Mary Waguespack put in three days of work to win ten awards. The staff won the coveted Spirit Award and a plaque for excellent page design. In addition, Bruce Rhodes won a certificate for photography, and an award for page design was given to Chris Lomax. Beth Day and Angie Pack won certificates for good theme development, and Angie was honored for her editor's notebook. Also, the entire staff was recognized for good headlines and captions.

Upon returning to school in September, the staff was already preparing a slide production to be shown in early January. They also sponsored a shoot-yourself booth, where Sprayberry students could take their own picture, during Winter Wingding and Spring Fling.

Finally, the staff's major concern was producing the best book ever and showing students and other people in the community that Sprayberry is and was the place to be in 1981.

*PEOPLE attending Sprayberry High fill the halls and classrooms every day with their different backgrounds, interests, and personalities making the atmosphere of Sprayberry the place to be with others. The student body contains people from areas near and far. Most are from the local area, some transferred from other schools, others from across the country, and even some from foreign countries. The group of students has different interests and characteristics. Stereotypes rang-*

*ing from redneck to preppie, airhead to dexter, and loner to socialite are all present on every foot of the campus. This year 597 sophomores and 562 juniors grew accustomed to the 619 incoming freshman while 559 seniors prepared to leave the familiar four-year halls of SHS and head out into the world. But all four classes of Sprayberry joined together to enhance the school with unique individualness and make Sprayberry High School the place to be with others.*

## Class of Eighty-Four Class of Eighty-Four Class of Eighty-Four

Since Sprayberry is "The Place To Be," for the freshman class Sprayberry might well be called "The Place To Begin Again."

They spent eight years in preparation for high school but the Sprayberry freshmen were still not ready for their new beginning. Thrown into a more lenient environment and a maze of hallways, a first day freshman was easily recognized by his or her confused face. Eventually they became assets to the corridors of Sprayberry.

Along with first impressions came complaints such as "The heating system don't work too good." and "It's not so fun to be

picked on all the time." Crowds in the halls also seemed to devastate the underclassmen, who often found survival difficult.

Most freshmen agree that high school far surpassed life in middle school. They no longer have to line up in their classrooms for lunch, and now they can join any of the many clubs found at Sprayberry.

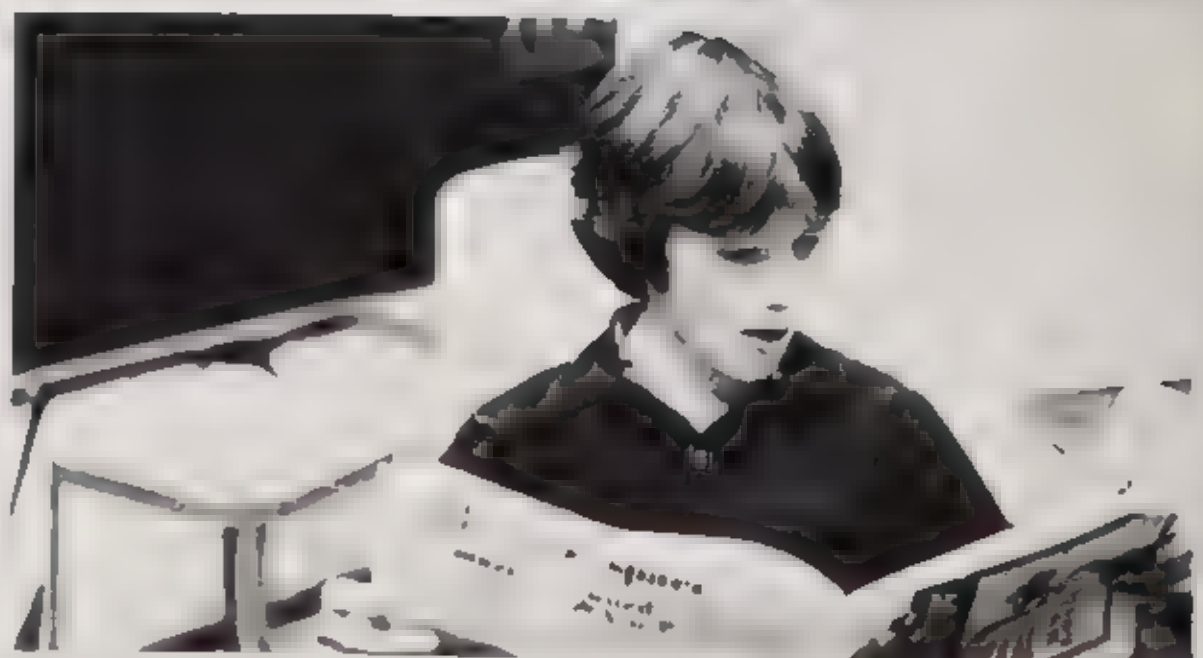

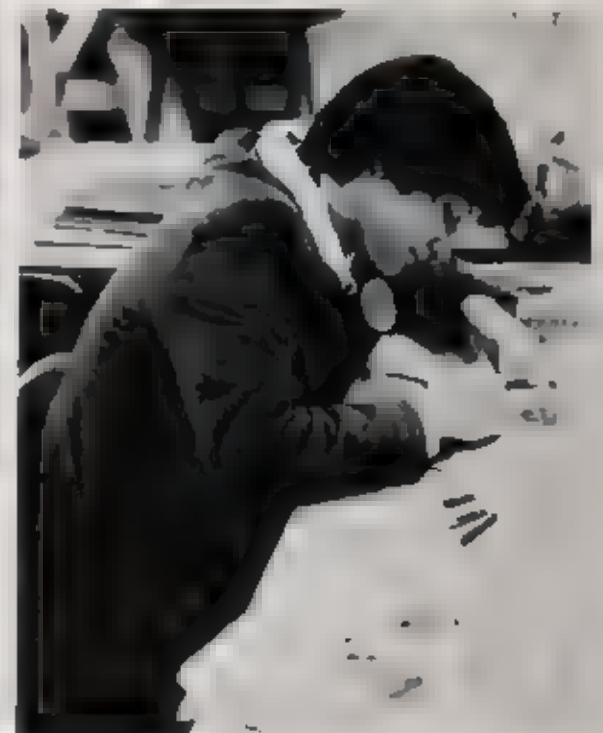

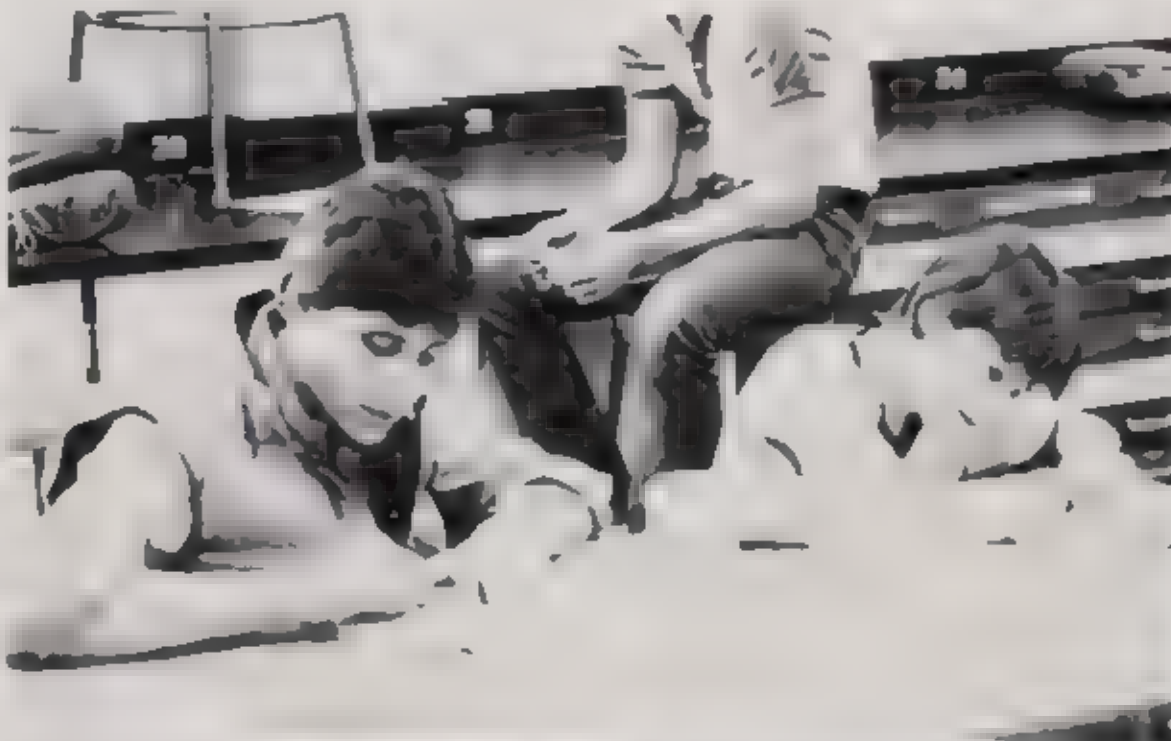

In four years the freshmen class of 1981 will be the senior class of 1984. They will have experienced many things in this time that will prepare them for the new beginnings that everyone finds after high school.

Being a freshman at Sprayberry can be both confusing and scary. Some do not know where to find Mrs. Bray's French class for example, as illustrated by Theresa Novia (right). Not knowing the way and having to ask upper-classmen is terrifying for the "Frosh of '84". Not everyone would solve the problem like Richard Henderson (below, far right) did. He asked senior David Dickerson for the way. Although this is probably the only way, sometimes newcomers end up at the Driver's Ed building.

# SOPHOMORES

## Class of Eighty-One Class of Eighty-One Class of Eighty-One

This is the Year of the Sophomore. Sophomores are not just underclassmen, they are The Class of '83, looking for better hopes, a brighter future, and higher ideals. They are starting an upward trend, and are proud to be the sophomores of Sprayberry High.

Is Sprayberry the place to be a sophomore? Ask some of the sophomores. Gray Rhymer describes it as "an exciting school to attend. Being a sophomore at Sprayberry is really a good experience."

Sophomores at Sprayberry are becoming more involved each year. For participation in classes, advanced classes, and drivers ed., Sprayberry's sophomores top the list. One-third of the sophomore class is involved in clubs. No other school in the county has a higher percentage. Sprayberry is one of the few schools in the county that offers advanced classes for sophomores. Sprayberry's drivers education program enrolls more sophomores than any other school in the county.

With this much going for the sophomores, what more can be said? Sprayberry IS the Place to Be a sophomore.

Top left SOPHOMORE Kim Doelsch borrows a pair of binoculars to get a better look at the game.

Bottom left MIRACLES WILL NEVER CEASE Mitch Boling's studying proves that.

A TYPICAL SOPHOMORE, Michele Lanier is probably one of those whose favorite radio station was Z -93

KNOWING DEAN IS NOT AROUND, Robin tries to glance at the guy next to her

**HEY SOPHOMORES!** Do you remember that survey you took at the beginning of the year? Well, believe it or not, the results are in.

Your favorite radio stations were in this order:

Z-93	45%
96 Rock	24%
94-Q	14%
WBIE	5%
WKRP	1%

Only 14% of you had your driver's license. Only 59% of you have your learner's. As for working, 16% of you had a job. Almost everybody's favorite thing was the 3:10 bell.

**SOPHOMORE CLASS** officers. Top to bottom: Sponsor Ben Jones, President Lisa Rubin, Vice President Tom Burnham, Treasurer Suzie Herb, Secretary Kim Nicholson. Not pictured Chaplain Kathy Hathcoat.

# JUNIORS

## Class of Eighty-Two Class of Eighty-Two Class of Eighty-Two

**Upperclassmen!** Yes, it is time to look toward the future. This year being a transitional one for juniors, many are busy preparing themselves for the adult world.

In preparing for the future many juniors work part-time. Along with their work schedule, they attend school full-time, and maintain a tough academic schedule including such classes as Chemistry, U. S. History, and Algebra II.

One of the special times for the class of '82 includes receiving class rings. These rings, which students have dreamed about since their freshmen year, are finally a reality

in February.

Another special event in which the juniors also play a big part is working on and attending the prom. This years prom, held at Lake Arrowhead, was a lot of work, but well worth the effort.

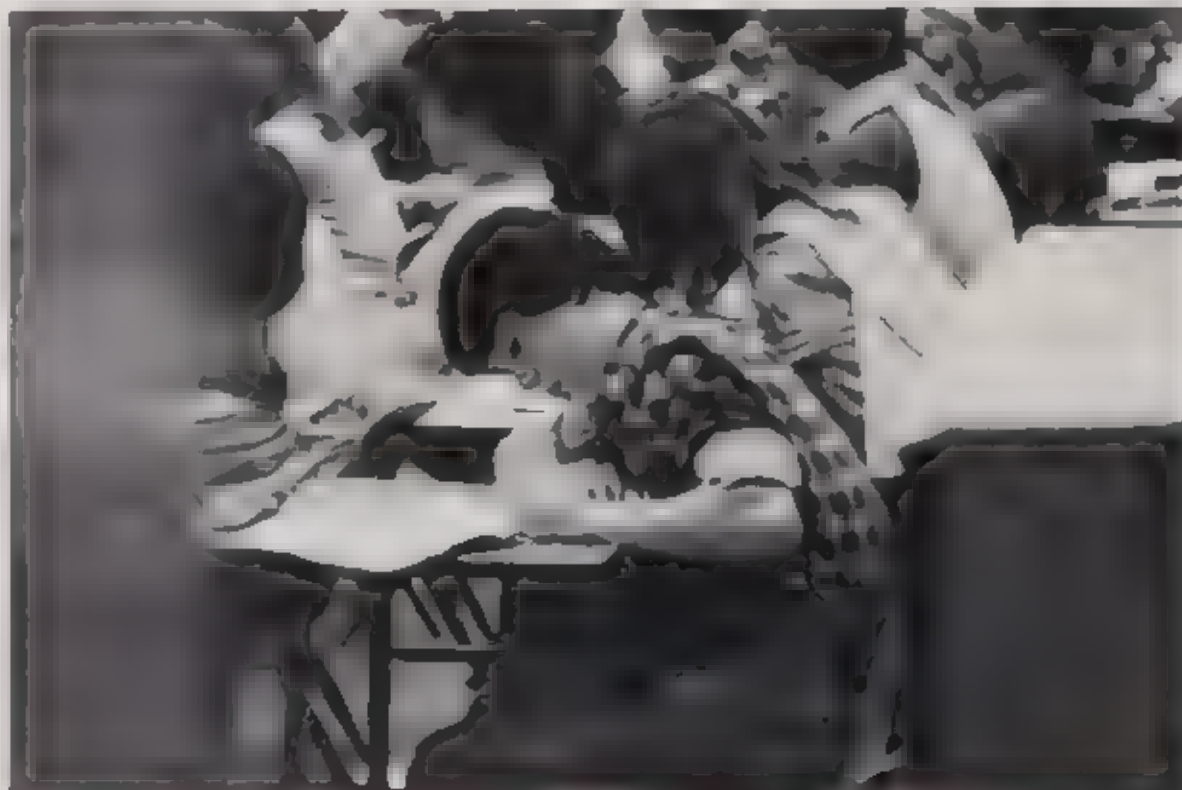

Preparing for the future is a big part of the junior year. Many juniors took the PSAT this past fall and the SAT in the spring with plans of college foremost on their minds. Clearly, the juniors at Sprayberry have a bright outlook on the future. They have plans for their senior year and brilliant hopes for the following years.

Below left **FINISHING UP** the last part of that homework, Scott Brazinski completes what should have been finished last night. You would be surprised to know he is at the top of his class, gradewise.

Below **LIKE MOST STUDENT**, Phyllis DiPietro is in a hurry to get home.

Bottom right **THIS U.S.O.** (Unidentified Sleeping Object) definitely is not concentrating on Mrs. Richardson's history lecture.

Bottom left **JOHN DAVID WILEY** demonstrates his dislike for science. If he plans to go to Georgia Tech, as his shirt indicates, he had better start listening.

Seventy-eight percent of the class of '82 brought class rings, and sixty-nine percent bought theirs through Balfour. Balfour, a different company representing the school this year, offered more advantages and a better product to this year's juniors.

The ring committee, formed of the junior class officers and a representative chosen by each homeroom, worked well together to

choose the basic design, lettering and the Yellow Jacket emblem to be put on the class rings. The ring committee did a fine job in representing the best interest of the junior class.

Pictured below, Lora Tilley, Mark Mitchell and Richie Greenfield closely examine a ring of the past to better choose what they think most juniors will like, while Dranne Holland listens attentively to Balfour's representative.

A TYPICAL FRIDAY night: Juniors Jeff Kirkpatrick, Jennifer Martin, and sophomore Rene Woodruff enjoy a Yellow Jacket football game

Juniors are proving and continuing to prove how beneficial they can be in the future.

Sixty-one percent of the juniors work part-time, and most of them work at jobs, such as office work and construction, that may later prove to be an advantage to a possible career. Still others, of course, work at fast food restaurants such as McDonald's.

Juniors are preparing themselves for the working world in more ways than one. Ninety-two percent plan to attend college and a few want to join the military. Some even wish to get married.

Junior counselor Miriam Hipeher worked with the Class of '82 to help plan these careers. She also worked with junior class officers, whose main function was to work with the ring and prom committees. They also came to school early to sell donuts to earn money for the prom.

**THE CLASS OFFICERS** elected this year are: President Mark Mitchell, Vice President Lisa Goldie, Treasurer Laurie Reynolds, Secretary Cindy Mabry, and Chaplain Mark Fields.

# SENIORS

## Class of Eighty-One Class of Eighty-One Class of Eighty-One

"Senior (seen-yer) 1. The older 2. superior in rank." It took four years of hard climbing to reach the rank of senior. The class began as freshmen in 1977. Four years later they were successful and ready for what the future has to offer. This year's seniors have surpassed their predecessors in academics, sports, art, drama, and other school oriented activities.

Upon graduation, seniors will be involved in new activities and face fresh challenges in the adult world. Leaving perhaps their best

year of high school behind, seniors will go their separate ways to find their won adventures and goals in life. In the years to come, seniors will remember how the class of '81 excelled, and how four years at Sprayberry prepared this class for the future.

Some will enter the service, some will go to work, but most of the high ranking seniors of '81 will once again become a: freshman (fresh-men) 1. A beginner; novice 2. first year student in school.

Below left: FOUR-WHEELING became a big fad in '81. At times, these joy rides could bounce one around quite a bit. Here Mike Watts demonstrates his technique of "hang ng on

Below right: MANY SENIORS who do not leave after fourth period spend their lunch period in the gym. Mark Sarajan, Tracy Ray, Robert Monroe, Joe Cain, Kelly Lindsey and Craig Cook want to get into the picture

Bottom left: COWBOY HATS were abundant in '81 Jay Reed and Mark Duncan really went all out on the cowboy craze

After completing twelve or thirteen years of school, a person deserves a "little something" just for hanging in there. This year a poll was taken to find out what "little somethings" and what not so "little somethings" seniors will be wishing for in June.

- 111 seniors wished for a car.
- 103 wished for lots of bucks.
- 82 wished for a vacation "southbound."
- 16 wished for college scholarships.
- 5 wished for a hope chest.

Some of the more imaginative students wished for:

- Mick Jagger.
- A lifetime supply of skool.
- A fairy godmother.
- A harem of dancing girls.
- One hundred cases of beer

What do Sprayberry seniors think are the biggest hassles? There are many activities that seniors have to participate in before graduation. Here are some of the most common and unique results from a poll taken last fall.

- 53 seniors replied that the biggest hassle was completing the required hours
- 40- deciding on a college to attend
- 38- paying for expensive graduation necessities
- 32- taking the SAT
- 27- rehearsing for graduation
- 25- taking finals!
- 9- passing Federal Government
- 2- taking Health

Some seniors' hassles were rather unique:

- paying for over-due books
- accomplishing seniors pranks
- making reservations for 'Tons
- being in a class of freshmen
- having your mother pick you up on minimum day

After the prom, graduation, and trip to Tona, seniors will have to settle down and decide on their plans for the future. Many students already have a head start by knowing what college they plan to attend or what line of work they would like to go into.

Of the 405 seniors polled:  
 283 plan to attend college or vocational school.  
 103 plan to go to work.  
 10 seniors are going into the service.  
 9 plan to get married in the near future.

Below right: NATIONAL MERIT students score in the top 10% on the SAT. This year's National Merit students are Mike Wolfe, Beth Day, and Angela Canady.

Below left: WSB RADIO names six students each year as Great Young Americans. They must be leaders in school as well as the community. They are Teresa DeFranks, Nick Kavadellas, Angela Canady, Ken Carney, Luanne Gaither and Frank Webb.

# SENIOR BANQUET

Every year the senior class has a banquet as a last gathering before graduation. This year, the banquet was led by the senior class officers and Ms. Sims.

After a welcome by Luanne Gaither and the invocation by Terri Sawyer, Gary Harris entertained with a song titled "What a Difference You've Made in My Life."

Teachers were chosen by the seniors as favorites. They were Ms. Sandy Case, Ms. Wanda Patterson, Mrs. Joyce Fike, Ms. Lanelle Sims, and Mrs. Pat Goldie.

After dinner, Ms. Sims announced students elected to the Senior Hall of Fame. They were Jeff Burnham, Angela Canady, Ken Carney, Beth Day, Teresa DeFranks, Mylinda England, Luanne Gaither, Roy Johansen, Nick Kavadellas, Tracy Ray, Terri Sawyer, Susan Bedgood, Chris Yandow, and Frank Webb. These students were chosen for their excellence in their four years in high school.

The highlight of the evening was the Silly Superlatives. The following received these superlatives. Remember that it's only a joke!

# Mr. And Mrs. Sprayberry High School

The title of Mr. and Mrs. Sprayberry High School is very important. The students selected for this honor are at the top of their class.

The procedure that the school administration employs is utilized very carefully. All possible candidates are checked via the permanent records by the yearbook sponsor and the senior counselor.

The nominees must have a 2.5 average for their four years in high school and must be enrolled for all three quarters in their senior year.

The election is held at the beginning of the spring quarter. Members of the senior class nominate five girls and five boys that they feel deserve the Mr. and Mrs. SHS title. Later in the week seniors again vote for one boy and one girl as their final choice. All votes are counted by the yearbook sponsor and the

winners are announced at the senior assembly.

Terri Sawyer has been in Student Government for three years and has been class chaplain for two years. She is a member of the National Honor Society, Anchor Club, and Prayer Group. Terri is this year's secretary for the Fellowship of Christian Athletes. She has been on the Stinger Staff for three years and was awarded a Georgia Certificate of Merit.

Chris Yandow has been in Student Government for four years, Fellowship of Christian Athletes for three years and in the National Honor Society for two years. As an athlete, he has played freshman and J.V. Basketball, was in Varsity Cross Country his sophomore, junior and senior year and has run Varsity Track for four years. Chris won the English Award as a freshman and the Social Science Award as a sophomore.

# "These are the Best of Times"

Lake Arrowhead provided beautiful scenery for the 1981 Junior-Senior Prom. The junior class officers, led by Ms. Hipsher, and prom committee worked long, hard hours to make the prom a **SUCCESS**.

Some students enjoyed dinner at Lake Arrowhead before the prom, but most arrived later just in time to hear this year's band, Tara. Students danced inside and walked outside on the deck over-looking the lake. At ten o'clock, Mr. Minton announced the senior walk.

The prom lasted until twelve thirty when seniors left for parties or rushed to get home before their two o'clock curfew. The prom surely showed all the graduating seniors that, "These are the Best of Times."

# BACCALAUREATE

Sprayberry's 1981 Senior class participated in the Baccalaureate Service on Sunday, May 31, at Roswell Street Baptist Church. A warm welcome was given by Rev. Joe Estes. The chorus, led by Doc Michels and accompanied by Candi Raines and Jeff Poteat, sang "The Lord Bless You and Keep You."

The highlight of the ceremony was an enlightening speech presented to the class by Ms. Sandy Case, an English teacher at Sprayberry. Tears came to the eyes of many seniors and members of the audience as she told them, "Have trust in something, have trust in others, and have trust in yourself."

Right: MONDRA REECE glances toward her seat as she walks up the stairs.

Upper left: SENIOR CLASS officers Luanne Garther, Jeff Burnham, and Susan Bedgood look on as their fellow classmates proceed into their places. Above: SPEAKERS at Baccalaureate included the invocation by Terri Sawyer and Teresa DeFranks with the Response. Above right: PRACTICE was hectic but seniors like Beth Brown and Debbie Broadway conducted themselves properly at the service. Right: EXCITED to be so near to the graduation date, Lisa Giles walks toward the pews.

SENIORS walk into the air conditioned sanctuary after waiting in stuffy halls for more than an hour.

# GRADUATION PREPARATION

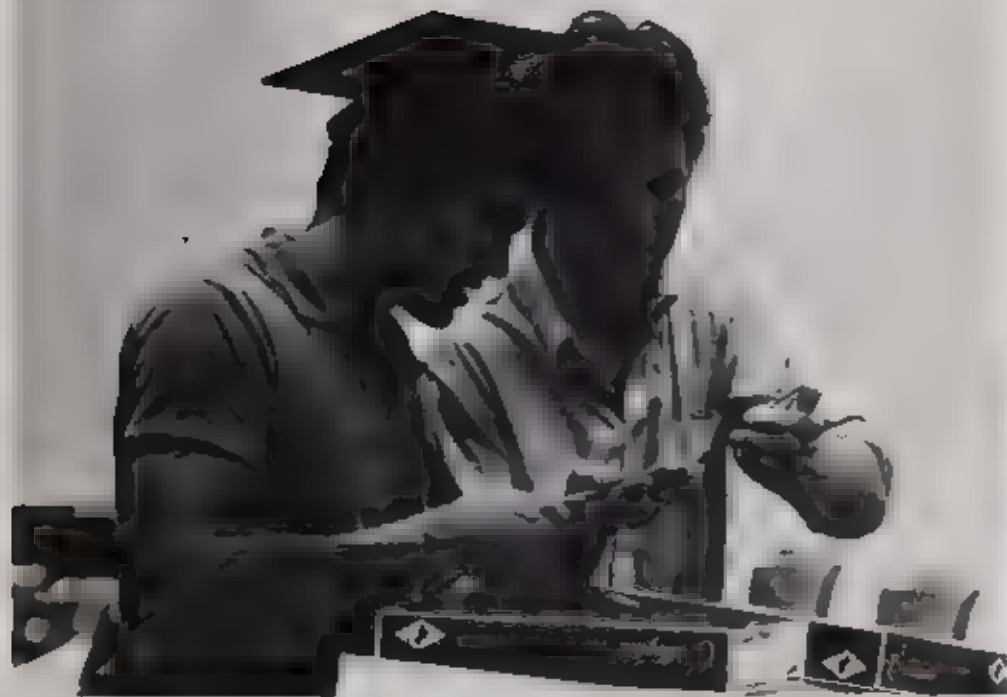

Seniors spend days, weeks, and months getting ready for two very special hours on June sixth.

Late in the summer last year, upcoming seniors had their senior portraits made. In the fall and winter, seniors ordered caps, gowns, and announcements. Every quarter a few seniors sweated through final exams, requiring that course to graduate. Late in May, the senior gowns arrived, signifying that the year was coming to a close. Following a week of graduation practice, after the gowns are pressed, and the bags are packed for Daytona, the Senior Class of 1981 is ready to graduate.

# GRADUATION: CLASS OF 1981

On a hot, humid, June 6th at 2:00 at the Cobb County Civic Center, 533 seniors from Sprayberry High School became graduates.

Parents and friends watched the seniors march into the gym as the Symphonic Band, led by Dan Martin, played the processional, Pomp and Circumstance. The seniors listened closely as fellow classmates, Frank Webb and Roy Johansen, read their wisdom-filled speeches. Following an introduction of special guests by principal Roger Russell, the diplomas were presented. As the commencement exercises drew to a close, Jeff Burnham asked the seniors to turn their tassels.

As caps flew through the air, seniors expressed their joy in becoming graduates by generating cheers of accomplishment.

What makes Sprayberry the place to be? After all the awards won by teams and clubs are laid to rest in display cases, after all the parties have been flung and all the lessons learned, the element which makes Sprayberry different lies in its individuals. Freshmen and seniors, teachers, administrators and custodians, all contribute to make a year what it is. So remember the good times, remember the not-so-good ones, but remember: Sprayberry was the place to be in 1981.

The purpose of the Echo yearbook  
is to provide an everlasting memory  
of the 1980-81 school year for all 2353 students  
enrolled here at Sprayberry

The goal of the Echo staff  
is to make that memory the most  
complete, accurate, and warmest memory of all  
I feel, with the utmost certainty and pride

That we have accomplished that goal  
That is why I would like to thank those individuals on the staff  
who contributed to the success of that goal  
Those who hung in there when there was nothing left to hang on to,  
those who sacrificed sleep, grades, and personal comfort  
in order to meet those killer deadlines

But most of all, those who stuck with it until the bitter end  
I know it wasn't even near being easy

The word "thanks" is not enough for what Beth Day deserves  
Without a doubt, she deserves the title "editor"  
being the backbone of this book

The success of this book is due to the hard work  
of each and every single staff member

But please realize this,  
it was done for each of YOU  
I do hope you enjoy this volume of the Echo.  
That is what it was made for.

*Angie n Pack*
